POLICY STATEMENTS:

The Council believes that overall policy must be underpinned by sound principles, which are well understood, communicated to the community and compliant with current legislation. The Council's objectives in establishing this Policy is to:

1. Ensure best practice policies and procedures are followed in relation to the internal purchasing for the Shire of Wyndham East Kimberley.
2. Ensure compliance with the *Local Government Act 1995* and the *Local Government Act (Functions and General) Regulations 1996*.
3. Ensure compliance with the *State Records Act 2000* and associated records management practices and procedures of the Shire.
4. To undertake purchasing processes that ensures value for money for the Shire by delivering the most advantageous outcome possible.
5. To ensure openness, transparency, fairness and equity through the purchasing process to all potential suppliers therefore strengthening integrity and confidence in the purchasing process.
6. To ensure efficient and consistent purchasing processes are implemented and maintained across the Shire.

1. ETHICS & INTEGRITY

1.1. Code of Conduct

All officers and employees of the Shire undertaking purchasing activities must have regard for the requirements contained in the Code of Conduct for Council Members, Committee Members and Employees ("the Code of Conduct") and shall observe the highest standards of ethics and integrity. All officers and employees of the Shire must act in a manner which is honest and professional and supports the standing of the Shire at all times.

1.2. Purchasing Principles

The following principles, standards and behaviours must be observed and enforced through all stages of the purchasing process to ensure the fair and equitable treatment of all parties:

- full accountability shall be taken for all purchasing decisions and the efficient, effective and proper expenditure of public monies based on achieving value for money;
- all purchasing practices shall comply with relevant legislation, regulations, and requirements consistent with the Shire's policies and Code of Conduct;
- purchasing is to be undertaken on a competitive basis where all potential suppliers are treated impartially, honestly and consistently;
- all processes, evaluations and decisions shall be transparent, free from bias and fully documented in accordance with applicable policies, audit requirements and relevant legislation;
- any actual or perceived conflicts of interest are to be identified, disclosed and

appropriately managed; and

- any information provided to the Shire by a supplier shall be treated as commercial-in-confidence and should not be released unless authorised by the supplier or relevant legislation.

2. VALUE FOR MONEY

Value for money is an overarching principle governing purchasing which allows the best possible outcome to be achieved for the Shire. It is important to note that compliance with the purchasing specification is more important than obtaining the lowest price, particularly taking into account user requirements, quality standards, sustainability, life cycle costing and service benchmarks.

An assessment of the best value for money outcome for any purchasing process should consider:

- all relevant Total Costs of Ownership (TCO) and benefits including transaction costs associated with acquisition, delivery, distribution, as well as other costs such as but not limited to holding costs, consumables, deployment, maintenance and disposal;
- the technical merits of the goods or services being offered in terms of compliance with specifications, contractual terms and conditions and any relevant methods of assuring quality, including but not limited to an assessment of levels and currency of compliances, value adds offered, warranties, guarantees, repair and replacement policies, ease of inspection, ease of after sales service, ease of communications etc.;
- financial viability and capacity to supply without risk of default (competency of the prospective suppliers in terms of managerial and technical capabilities and compliance history);
- a strong element of competition in the allocation of orders or the awarding of contracts. This is achieved by obtaining a sufficient number of competitive quotations wherever practicable;
- the safety requirements associated with both the product design and specification offered by suppliers and the evaluation of risk when considering purchasing goods and services from suppliers; and
- providing opportunities for businesses within the Shire of Wyndham East Kimberley to be given the opportunity to quote for providing goods and services wherever possible.

3. PURCHASING THRESHOLDS AND POLICY REQUIREMENTS

The requirements that must be complied with by the Shire officers, including purchasing thresholds and processes, are prescribed within the *Regulations* and this Purchasing Policy.

Determining purchasing value is to be based on the following considerations:

1. Exclusive of Goods and Services Tax (GST);
2. The actual or expected value of a Contract over the full contract period (including all

options to extend); or

3. The extent to which it could be reasonably expected that the Shire will continue to purchase a particular category of goods, services or works and what total value is or could be reasonably expected to be purchased.

Any purchasing activity must be undertaken in accordance with the Shire officer's sub-delegated purchasing authority limit as approved by the Chief Executive Officer and outlined in the sub-delegation register.

In some cases, suppliers may not respond to a request for quotation. In this instance, Shire officers must provide documentation to demonstrate their attempt to source the required number of quotations as outlined in Table A, however non-responses should not delay any purchasing activity unless it would be considered inappropriate to proceed.

3.1. Term Contracts

Term Contracts are Contracts established for a set period of time for the supply of specific goods or services from one contracted supplier.

Term Contracts are established in the following ways;

- a) For Term Contracts with an expected spend of less than \$250,000 over a 3 year period;
 - a. Via a Request for Quotation process from suitable market suppliers; or
 - b. Via a Request for quotation process from a suitable WALGA Pre-Qualified Supplier Arrangement.

- b) For Term Contracts with an expected spend greater than \$250,000 over a three year period;
 - a. Following a public tender process; or
 - b. Via a Request for quotation process from a suitable WALGA Pre-Qualified Supplier Arrangement.

3.2. Pre-Qualified Supplier Panels

In accordance with Regulation 24AC of the *Regulations*, a Panel of Pre-qualified Suppliers may be created where the Shire determines that there is or will be a continuing need for the particular goods or services to be supplied by pre-qualified suppliers.

Should the Shire determine that a Panel is beneficial to be created, it must do so in accordance with Part 4, Division 3 of the *Regulations* and in accordance with Policy *CP/FIN 3218 Pre-Qualified Supplier Panels*.

3.3. WALGA Preferred Supplier Panel

Requisitioning Officers are to refer to the Organisational Directive *AP/FIN-4202 Purchasing Process* for information on the use of WALGA Preferred Supplier Panels.

3.4. Purchasing From Common Use Arrangements (CUA)

Common Use Arrangements (CUA) have been established by the Department of Finance and are whole of government buying arrangements. In the instance where a CUA allows for Local Government use, a Requisitioning Officer may purchase from a CUA by following the requirements as stipulated in the CUA's Buying Guide.

3.5. Tender Exemptions

Tender exemptions apply in instances defined by Part 4, Division 1, Paragraph 11(2) of the *Local Government (Functions and General) Regulations 1996*

When making a decision about whether to conduct a public tender or utilise a tender exempt arrangement, the Shire officer should compare the cost and benefits of both processes.

The compliance requirements, time constraints, costs and risks associated with a public tender should be evaluated against the value delivered by such a process. This should then be compared with the costs and benefits of using a tender exempt arrangement which include direct access to preferred suppliers, full regulatory compliance, risk mitigation, administrative efficiencies and cost savings.

3.6. Exemptions Relating to Policy Requirements for Quotations

In addition to the regulatory Tender exemptions for purchasing as set out in Regulation 11.2 of the *Regulations* and section 3.4 of this Policy, the following are further exemptions where

the Shire is not required to undertake a competitive purchasing process and only where the total value of the purchase does not exceed \$250,000 (ex GST);

- 1) Procurement of particular goods or services:
 - a) An emergency situation as defined by the *Act*;
 - b) Utilities; including telephone, internet, electricity, water and gas (including Chlorine gas);

It is encouraged for 1(a)-(cc) that where appropriate, Requisitioning Officers obtain a single quote from the nominated goods/services provider for the purposes of assessing budget provisions and raising a Purchase Requisition.

3.7. Exemptions Relating to Policy Requirements for Purchase Requisitions and Purchase Orders

The obligation to issue a purchase order is not required in the following instances:

- 1) Procurement of particular goods or services:
 - a) Annual memberships/subscriptions;
 - b) Software license fees;
 - c) Department of Land Information on-line transactions;
 - d) Motor Vehicle and Jetty Licensing and Registration; and
 - e) Insurance excess.
- 2) Corporate Credit Card or Corporate Fuel Card purchases.
- 3) Petty Cash purchases up to the value of \$200 (GST exclusive); and
- 4) Commissions.

3.8. Requirements When the Shire Invites Tenders Though It Is Not Required To Do So

Where considered necessary, the Shire may consider calling public tenders in lieu of undertaking a request for quotation for purchases under the \$250,000 threshold (excluding GST).

This decision should be made after considering the benefits of this approach in comparison with the costs, risks, timeliness and compliance requirements and also whether the purchasing requirement can be met through preferred suppliers.

If a decision is made to undertake a public tender for contracts of less than \$250,000, a Request for Tender process entailing all the procedures for tendering outlined in the legislation must be followed in full.

3.9. Sole Source of Supply (Monopoly Suppliers)

Where the purchasing requirement is over the value of \$1,000 and of a unique nature that can only be supplied from one supplier, the purchase is permitted without undertaking a tender or quotation process. This is only permitted in circumstances where the Shire is satisfied and can evidence that there is only one source of supply for those goods, services or works.

The Shire must use its best endeavours to determine if the sole source of supply is genuine by exploring if there are any alternative sources of supply. Once determined, the justification must be endorsed by the Chief Executive Officer, prior to a contract being entered into.

Note: The application of the "Sole Source of Supply" provision should only occur in limited cases and procurement experience indicates that generally more than one supplier is able to provide the required goods and/or services.

3.10. Anti-Avoidance

The Shire shall not enter two (2) or more contracts of a similar nature for the purpose of splitting the value of the contracts to enable the value of the consideration to be below the level of \$250,000, thereby avoiding the need to undertake a public tender process.

For the purpose of this Purchasing Policy, a signed purchase order is considered to be a contract.

3.11. Emergency Purchases

An emergency purchase is defined as an unanticipated and unbudgeted purchase

which is required in response to an emergency situation as provided for in the *Local Government Act 1995*. In such instances, quotations and tenders are not required to be obtained prior to the purchase being undertaken.

An emergency purchase does not relate to purchases not planned for due to time constraints. Every effort must be made to anticipate purchases required by the Shire in advance and to allow sufficient time to obtain quotations and tenders, whichever may apply.

4. ADDITIONAL PROCEDURAL THRESHOLDS

To ensure a best practice approach to purchasing activity for the Shire, the following additional procedural thresholds will apply:

Table B

*Does not apply to Design and Construct or Schedule or Rates tenders.

5. CONTRACT RENEWALS, EXTENSIONS AND VARIATIONS

Where a contract has been entered into as the result of a publicly invited tender process, then Functions and General Regulation 21A applies.

For any other contract, the contract must not be varied unless:

- a) The variation is necessary for the goods / services to be provided and does not alter the scope of the Contract; or
- b) The variation is a renewal or extension to the original term of the contract, in the circumstances when the original contract contained an allowance for such provision.

If the proposed variation does not meet the above conditions, a separate competitive purchasing process must be conducted in accordance with the relevant purchasing threshold.

The funds requirement to meet the cost of the variation must be available within the amount set aside in the council adopted budget and must be approved in writing before commencement by an Approving Officer with the appropriate purchasing limit delegation.

For the purpose of this Purchasing Policy, a signed purchase order is considered to be a Contract.

6. RECORDS MANAGEMENT

Records of all tenders, requests for quotations and other purchases must be retained in compliance with the *State Records Act 2000 (WA)* and the Shire's Records Management Plan.

7. SUSTAINABLE PROCUREMENT

Sustainable procurement is defined as the purchasing of goods and services that have fewer negative environmental and social impacts than competing products and services.

The Shire is committed to sustainable procurement and where appropriate shall endeavour to design requests for quotation and tenders to minimise negative environmental and social impacts. Sustainable considerations must be balanced against value for money outcomes in accordance with the with Shire's sustainability objectives.

8. BUY LOCAL

Under the Western Australian Government's "*Buy Local Policy*", Government agencies and local governments are encouraged to maximise the participation of local and small businesses in the supply of goods, services and works purchased or contracted by government agencies.

A key goal in this policy is open and fair competition to ensure that Western Australian businesses are provided with every opportunity to bid for work. It is recognised that not every category of goods, services or works that is purchased by the Shire will lend itself to supply by local businesses.

As much as practicable, the Shire's purchasing must:

- ensure that buying practices, procedures and specifications do not unfairly disadvantage any business;
- ensure that procurement plans address local business capability and local content;
- explore the capability of local businesses to meet requirements and ensure that requests for quotation and tenders are designed to accommodate the capabilities of local businesses;
- avoid bias in the design and specifications for requests for quotation and tenders – all requests must be structured to encourage local businesses to bid; and
- provide adequate and consistent information to potential suppliers.

9. PURCHASING FROM WA DISABILITY ENTERPRISES

Pursuant to Part 4 of the *Local Government (Functions and General) Regulations 1996*, the Shire is not required to publicly invite tenders if the goods or services are to be supplied from an Australian Disability Enterprise, as registered on www.ade.org.au. This is contingent on the demonstration of value for money.

Where possible, Australian Disability Enterprises are to be invited to quote for supplying goods and services under the tender threshold in accordance with this Policy. A qualitative weighting may be afforded in the evaluation of quotes and tenders to provide advantages to Australian Disability Enterprises.

10. PURCHASING FROM ABORIGINAL BUSINESSES OR SUPPLY NATION

Pursuant to Part 4 of the *Local Government (Functions and General) Regulations 1996*, the Shire is not required to publicly invite tenders if the goods or services are to be supplied from a person registered on the Aboriginal Business Directory WA published by the Chamber of Commerce [or Supply Nation](#), where the expected consideration under contract is worth \$250,000 or less. This is contingent on the demonstration of value for money.

Where possible, Aboriginal or Supply Nation businesses are to be invited to quote for supplying goods and services under the tender threshold, in accordance with the thresholds identified in this Policy. A qualitative weighting may be afforded in the evaluation of quotes and tenders to provide advantages to Aboriginal owned businesses, or businesses that demonstrate a high level of aboriginal employment.

11. REGIONAL PRICE PREFERENCE

All purchases above \$10,000 are subject to the application of a regional price preference. Requisitioning Officers are to refer to *CP/FIN-3217 Regional Price Preference* for information on the application of the price preference.
