To whom it may concern,

I, Jayden Cornish, have taken over from my father Paul Cornish who currently holds a Funeral Directors Licence with the Shire of Wyndham East Kimberley for Derby and Broome funeral services. I will be operating under the new business name of Osiris Funerals.

Having worked alongside Paul for the last 5 years, I feel am very capable to perform the needs and requirements of the Funeral Directors Licence, including building a reputation as a good reliable funeral director.

Paul will still be around to help with funerals and tasks as required and as part of the hand over I have obtained all of Paul's vehicles, including:

- 3 hearses
- 2 4wd (converted into hearses)
- 1 station wagon

I will also be using the same facilities and equipment Paul Cornish had been using. The only thing that will be different to Derby and Broome Funeral Services will be the name.

Regards

Jayden Cornish  
Director
