| Community engagement - Community ideas and suggestions | | | | | | | |
| 121 ideas and suggestions received | | | | | | | |
| Type | Other Item requested for inclusion | Initial Shire Response | Responsible Directorate response | Directorate | Event | Focus Area | |
| 1 | KNX Sub Establish a gym program designed to meet the needs of the over 55s. This would be a low-impact class that enables seniors to build and maintain fitness in a safe atmosphere. The best time for seniors is between 9am and 11am and on a Tuesday or Thursday. | Assigned to the Manager Community Development to action. | This is a good suggestion. Officers have reduced the cost of gym access to senior card holders for 2023/24 but will look at additional incentives and look to reduce any barriers ie transport. Officers are also reviewing staffing to consider provision of additional fitness classes. | Planning and Community Development | KNX_E1 | Liveability | |
| 2 | KNX Sub Establish a seniors aquatic exercise program designed for over 55s during the wet season. The best time for seniors is between 9am and 11am and on a Tuesday or Thursday. | Assigned to the Manager Community Development to action. | Officers have reduced the cost of pool access to senior card holders for 2023/24. Officers are reviewing staffing to consider provision of additional fitness classes. Similar to the gym, there may be additional barriers to consider. | Planning and Community Development | KNX_E1 | Liveability | |
| 3 | KNX Sub Transport is a Barrier to seniors being involved in activities. Once you can't drive you become trapped in you home until Juniper come and take you away. A bus service for seniors would help us stay connected and a involved in the community. The Shire of Pingelly has a community bus for hire to the general public maybe SWEK could do the same. | Assigned to the Director of Planning and Community Development | This is a limiting factor for many seniors. Officers will liaise with KDC which is currently undertaking study into the future provision of public transport in Kununurra to ensure that this is considered in any recommendations | Planning and Community Development | KNX_E1 | Connectivity | |
| 4 | KNX Sub Older men have nothing to do. It would be great if there was a men's shed in town so older men can stay active and mentally well. | Assigned to the Director of Planning and Community Development | Officers will seek to promote this issue through the community grants program and look to engage community organisations. | Planning and Community Development | KNX_E1 | Liveability | |
| 5 | KNX Sub Replace the missing trees around town. We live in a hot place and the Shire keep removing trees and not replacing them. | Assigned to the Director Infrastructure and Strategic Projects | Trees are the cheapest form of shade and also the most attractive. Plans will be prepared to maximise tree coverage within major pedestrian areas | Infrastructure | KNX_E1 | Sustainability | |
| 6 | KNX Sub Can the Shire set up a register of historic/culturally important trees and protect them. Many of the trees around town were planted by community groups to commemorate events and moments in time. | Assigned to the Manager Planning and Regulatory Services. | Officers will look to resource this past the current financial year | Planning and Community Development | KNX_E1 | Sustainability | |
| 7 | KNX Sub Can we get an upgrade to the Playground. I take my grandchild to the park and there is less and less equipment there. I struggle to walk on the sand and keep up with the children. An all abilities playground would be fantastic for everyone. | Assigned to the Manager Community Development to action. | Officers are scoping the construction of a major all-abilities playground in Kununurra (Celebrity Tree Park) | Planning and Community Development | KNX_E1 | Liveability | |
| 8 | KNX Sub There is a really big pot hole in the service road near White Gum Park near the art gallery. | Assigned to the Director Infrastructure and Strategic Projects | Noted | Infrastructure | KNX_E1 | Connectivity | |
| 9 | KNX Sub The cost of using the pool and the gym is expensive for someone on the pension. Can the Shire look at lowering the fees and charges for senior entry? The Shire of Pingelly charges Senior/Pensioners (over 60 years) \$2 to swim. | Assigned to the Manager Community Development to action. | Refer item #2 | Planning and Community Development | KNX_E1 | Liveability | |
| 10 | KNX Sub The service at the airport was great. They helped me in my wheelchair get to the aircraft. I support the investment at the airport, it is great for a remote town. | Noted | Noted | | KNX_E1 | Connectivity | |
| 11 | KNX Sub I like the Councillors plan to plant 1,000 trees over 4 years. Can community groups plant trees as part of events? Can community groups dedicate the trees to anything. | Assigned to the Director Infrastructure and Strategic Projects | Noted | Infrastructure | KNX_E1 | Sustainability | |
| 12 | KNX Sub Improve the access to the lookout and Kelly's Knob with a bit more concrete and an extra handrail. | Assigned to the Director Infrastructure and Strategic Projects | Noted | Infrastructure | KNX_E1 | Connectivity | |
| 13 | KNX Sub I agree with improving the lookouts. Make the lower lookout accessible to everyone, families, even people with limited mobility. | Assigned to the Director Infrastructure and Strategic Projects | Noted | Infrastructure | KNX_E1 | Connectivity | |
| 14 | KNX Sub The new planning heritage regulations will see more red tape from the Shire for activities our land such as putting a pool in, clearing trees, building a fence line, putting a bore in or digging a dam. This is going to deter investors and people moving to Kununurra. Can the Shire make sure the new are simpler and easy to follow. | Assigned to the Manager Planning and Regulatory Services. | Officers will liaise with the Department of Lands Planning and Heritage around this issue, noting confusion in relation to the implementation of the new cultural heritage legislation | Planning and Community Development | KNX_E2 | Sustainability | |
| 15 | KNX Sub If i am working for one of the Aboriginal Corporations clearing land will i get in trouble if they don't have the correct permits under the new Heritage regulations? | Assigned to the Manager Planning and Regulatory Services. | Refer item #14 | Planning and Community Development | KNX_E2 | Sustainability | |
| 16 | KNX Sub Can the Shire tell me if it is true the new planning laws will be a costly processes to carry out basic agricultural tasks, such as fencing? It looks like more bureaucracy and red tape from the planners. | Assigned to the Manager Planning and Regulatory Services. | Refer item #14 | Planning and Community Development | KNX_E2 | Sustainability | |
| 17 | KNX Sub Shire should be more involved in coordinating youth services. we have multiple agencies operating with little or no coordination between them, and make zero difference on the ground. | Assigned to the Manager Community Development to action. | Agreed. The Shire currently supports a youth partnership facilitator for this purpose and engages regularly with service providers for the purpose of promoting collaboration between them | Planning and Community Development | KNX_E2 | Liveability | |
| 18 | KNX Sub Improve Wyndham boat ramp, can you build a groin? | Assigned to the Director Infrastructure and Strategic Projects | Noted | Infrastructure | KNX_E2 | Connectivity | |
| 19 | KNX Sub Packsaddle Road - reinstate road marking (centre line, or edge markings) | Assigned to the Director Infrastructure and Strategic Projects | Noted | Infrastructure | KNX_E2 | Connectivity | |
| 20 | KNX Sub Can the Shire speak to G'Day parks about the locals discount and season pass? | Assigned to the Director of Planning and Community Development | Officers meet with representatives of G'day Parks and will make that suggestion | Planning and Community Development | KNX_E2 | Liveability | |
| 21 | KNX Sub Build a footpath/ shared path to the graveyard and entrance to Mirima from Weaber Plain Road on the Mirima side of the road. | Assigned to the Director Infrastructure and Strategic Projects | Noted | Infrastructure | KNX_E2 | Connectivity | |
| 22 | KNX Sub Build more housing including more GROH housing to attract & retain staff. Lobby for State to build and sort out the town planning to help people build. | Assigned to the Manager Planning and Regulatory Services. | Officers will include as a priority action relating to housing in the CBP | Planning and Community Development | KNX_E2 | Liveability | |
| 23 | KNX Sub Develop a settlement at Cape Domet to support tourism and improve liveability for locals. | Assigned to the Manager Planning and Regulatory Services. | New settlements are a matter for the State Government | Planning and Community Development | KNX_E2 | Liveability | |
| 24 | KNX Sub Build a proper road to Cape Domet | Assigned to the Director Infrastructure and Strategic Projects | Noted | Infrastructure | KNX_E2 | Connectivity | |
| 25 | KNX Sub Build more housing for key workers such as childcare workers. One of the reasons business is struggling in this town is the lack of childcare. Staff leave town when they can't return to work because of childcare. | Assigned to the Director of Planning and Community Development | Officers will include an action relating to housing in the CBP | Planning and Community Development | KNX_E2 | Liveability | |
| 26 | KNX Sub Some good ideas shame it's all being done for the wrong reasons | Noted | Noted | NA | KNX_E2 | Sustainability | |
| 27 | KNX Sub How can any thing in Kununurra be considered sustainable | Noted | Noted | NA | KNX_E2 | Sustainability | |

| | | | | | | | |
|----|---------|--|--|--|------------------------------------|--------|----------------|
| 28 | KNX Sub | Plant more trees and protect the ones we already have | Assigned to the Director Infrastructure and Strategic Projects | Noted | Infrastructure | KNX_E2 | Sustainability |
| 29 | KNX Sub | Can the Shire manage the trees (like an Arborist to manage, maintain and care for the trees) instead of cutting them down? | Assigned to the Director Infrastructure and Strategic Projects | Noted | Infrastructure | KNX_E2 | Sustainability |
| 30 | KNX Sub | Can the Shire create a lookout over the Ord (ORIA) stage 2 like the five rivers lookout in Wyndham? | Assigned to the Director Infrastructure and Strategic Projects | Noted | Infrastructure | KNX_E2 | Liveability |
