Follow up. Completed on Tuesday, 9 April 2024.

Hi there Kezia and Sherie,

I'm just following up on the attached brief I sent to you last week and my request for auspicing.

And as for the image that we could paint on the wall, I have been given permission to use the below photo which I think would be perfect! It speaks of "innocence, fun and friendship". This photo is black and white tones but the finished mural would be in beautiful sunset colours. And then we could write a powerful indigenous quote and then have it translated into Miriwoong too.

Please be assured that you won't have to do anything except sign some documents and pay the money forward to either myself or the artists directly.
