## PURPOSE

---

To provide Council with the 2026 Advocacy Agenda for noting ahead of the development of a coordinated, whole-of-Shire Advocacy Plan in 2026/27.

The Agenda identifies immediate advocacy priorities across key focus areas including housing, community safety, economic development, and liveability, all of which are aligned to the *Strategic Community Plan 2023–2033*.

## BACKGROUND / PREVIOUS CONSIDERATIONS BY COUNCIL OR COMMITTEE

---

The Shire works collaboratively with other levels of government to advocate for policy changes and funding that enable the delivery of vital infrastructure and services for the community.

This advocacy approach has resulted in significant public investment across the Shire, including the following key projects:

- Kununurra All-Abilities Playground (complete)
- Kununurra Aquatic Centre (under construction)
- East Kimberley Regional Airport Runway Extension (under construction)
- Kununurra Town Centre Revitalisation Masterplan (underway)
- Lake Kununurra Foreshore Masterplan (underway)
- Wyndham Community Hub (planning underway)
- Wyndham Boat Launching Facility (planning underway)
- Kununurra Leisure Centre Upgrades (planning underway)
- Water Lily Place Accommodation (underway)
- First Point of Entry – Wyndham Port (Federal policy change)

### Strategic Alignment

The *Strategic Community Plan 2023–2033* emphasises **community-driven leadership**, advocating for *strong and consistent advocacy for local needs and priorities*.

This has led to the inclusion of **Project 12: Advocacy and Public Investment** within the *Corporate Business Plan 2025–2029*, which aims to:

*“Attract government investment for critical infrastructure, services and facilities through a coordinated, whole-of-Shire approach to advocacy and grant funding.”*

Deliverables:	25/26	26/27	27/28	28/29	Responsible
Establish and implement an advocacy framework that defines objectives, target audiences, and consistent messaging, supported by governance, strategic guidance, and conflict resolution.		X	X	X	Econ. Dev.

In line with this strategic direction, a whole-of-Shire Advocacy Plan will be developed and presented to Council in 2026/27. The Plan will:

- Provide a robust evidence base and evaluation framework to guide decision-making and strengthen the Shire’s competitive advantages;
- Identify and assess economic opportunities based on comparative and competitive advantages, informed by consultation with government, private industry, and community stakeholders;
- Establish a system to evaluate through a multi-criteria assessment, prioritise, and monitor opportunities in a logical and strategic sequence; and
- Outline processes to advance prioritised development proposals, with a focus on aligning them to relevant funding sources and investment criteria.

Pending completion of the comprehensive plan, the 2026 Advocacy Agenda has been developed to guide immediate advocacy and communication with Councillors, Members of Parliament, staff, residents, and the broader public.

The 2026 Advocacy Agenda identifies key advocacy areas aligned to SCP goals:

Advocacy Focus Area	Key Issues / Actions	SCP Alignment	Lead / Partners	Advocacy Targets
<b>Housing &amp; Land Development</b>	Rural land release (Crossing Falls & Drovers Road); Sewer capacity upgrades; Approval of revised Local Planning Strategy	Goal 3 – Access to Housing	CEO, DPCD, Strategic Projects	Ministers for Planning, Housing, Water, Regional Development

<b>Local Government Sustainability</b>	Review of Financial Assistance Grants and regional funding models	Goal 10 – Community-Driven Leadership	CEO, DCS	Ministers for Local Government, Regional Development, Treasurer

## COMMENTS

---

The 2026 Advocacy Agenda aligns directly with the *Strategic Community Plan 2023–2033*. The development of the 2026/27 **whole-of-Shire Advocacy Plan** will build upon these priorities and integrate future outcomes from key masterplans such as the Kununurra Town Centre, Foreshore, and Wyndham projects including the Port revitalisation project, led by Kimberley Development Commission.

It is also expected that several emerging projects will form part of the next advocacy cycle, including the *Swim Beach and Celebrity Tree Park Upgrades*, *Welcome to WA Centre*, and various housing initiatives.

The timing will align with the rollout of anticipated **State and Federal regional funding programs**, following the expected end of the *Growing Regions* and *Regional Precincts and Partnerships* programs in 2025.

### PURPOSE

This report presents for Council's endorsement, the Minutes from the meetings of the Kimberley Regional Group (KRG) and the Kimberley Country Zone which took place on 21 November 2025. It is also for Council to note the matters in the State Council Agendas of 3 December 2025.

## **BACKGROUND / PREVIOUS CONSIDERATIONS BY COUNCIL OR COMMITTEE**

---

The Kimberley Zone is a group established to represent regional issues to the State Council of the Western Australian Local Government Association (WALGA). This group includes the four Kimberley Shires in addition to the Shires of Christmas Island and Cocos Keeling Islands.

The KRG is a group defined through a Memorandum of Understanding between the four Kimberley Shires and a Governance agreement, which has recently been updated. The Shire of Wyndham East Kimberley is the Secretariat for the Kimberley Regional Group.

The various minutes of the Kimberley Country Zone and the Kimberley Regional Group of the various meetings are in the Attachments to this report. A copy of the State Council minutes and agendas are set out in the Attachments.

## **COMMENTS**

---

The Kimberley Country Zone and Kimberley Regional Group met formally on 21 November 2025. The Kimberley Regional Group met informally on 14 November 2025 where the agenda was discussed. However, due to the local government elections not all the Shires had appointed their representatives to the Kimberley Zone and Kimberley Regional Group and so there was not a quorum to make decisions. The decisions on the agenda items were postponed to the meeting held on 21 November 2025.

### **Kimberley Regional Group Meetings:**

Meeting of 21 November 2025: This was the fifth and final Kimberley Regional Group meeting for the calendar year. The agenda was relatively brief. The main item for discussion was the renewal of the Executive Officer contract. The contract allows for a one year extension. However, it was put to the meeting that the contract be renewed for two years to match with the change in secretariat and Chair. This position was endorsed unanimously.

There were report backs on the housing pipeline, the priority action list and interim financial report. It was also noted the work that had been undertaken in the strategic planning session. The Executive Officer and the CEO will work together to formulate this into an action plan for approval at the next meeting.

### **Kimberley Country Zone:**

The WALGA CEO Nick Sloan attended the meeting. He provided a report to the members of the Zone on the activity of the WALGA President Karen Chapple since the last meeting. The Presidents report can be found at page 9 in the Attachment. Feedback given was on the WALGA's 2025 convention, their political engagement, WALGA's state budget submission, the rating of miscellaneous licences and funding for local government roads from the State.

A written submission from the Department of Local Government, Industry Regulation and Safety included updates on the Local Government Inspector, Audit, Risk and Improvement Committees, Communication Agreements and Integrated Planning and Reporting Reforms,

Matters for decision included resolutions from the Annual General Meeting and endorsing the submission to the Salaries and Allowance Tribunal Remuneration Inquiry.

The State Council Agenda and Minutes are in Attachment 3 to this report.

## STRATEGIC IMPLICATIONS

---

This matter relates to all sections of the *Strategic Community Plan 2023-2033*:

**Focus Area: CONNECTION**

**Focus Area: LIVEABILITY**

**Focus Area: SUSTAINABILITY**

No goals, outcomes or strategies have been included as the vast majority of them could be inserted in this section. The work of the Kimberley Regional Group advocates and facilitates in all of our Focus Areas.

## RISK IMPLICATIONS

---

**Risk:** Failure to provide effective advocacy for the Shire and the Region to develop projects, support industry and provide opportunities for all.

**Control:** Meeting regularly as a collective, agreeing on common courses of action for the benefit of the region and advocating for solutions with key decision makers at both State and Federal levels of Government.

## FINANCIAL IMPLICATIONS

---

The financial implications for the Shire from this report are that the Shire makes a budgeted allocation for members contribution of \$45,000 to the Kimberley Regional Group annually which funds the activities of the Group. The Shire further provided a budget for the 2025/26 financial year of \$10,200 for travel and accommodation for the Shire President, Deputy Shire President and Chief Executive Officer to attend meetings in both Perth and Canberra on behalf of the Kimberley Regional Group.

With respect to the finances of the KRG, the Financial Report tabled at the meeting stated that expenditure to 30 September 2025 was a deficit of \$44,184. This was mainly due to the Shires not being invoiced for their contributions for the financial year. The expenditure for the period was in line with what was budgeted for the period. The cash position of the KRG at 30 September 2025 was \$217,190.

Against: Nil

## PURPOSE

For Council to accept the Annual Report for 2024/25 and to set the date for the Annual General Meeting of Electors.

## BACKGROUND / PREVIOUS CONSIDERATIONS BY COUNCIL OR COMMITTEE

---

The Annual Report for the period 1 July 2024 to the 30 June 2025 has been prepared in line with the *Local Government Act 1995* and summarises that year's achievements and challenges, as well as addressing stipulated statutory requirements. The Annual Report also demonstrates performance against the Shire's Strategic Community Plan 2023-33. The Annual Report includes the Audited Annual Financial Report for the year ended 30 June 2024, which has been certified by the Office of the Auditor General. The Annual Report also includes the Auditor's Report stating that the financial statements contained in the report are in accordance with the *Local Government Act 1995* and the Australian Accounting Standards.

## COMMENTS

---

The Annual Report provides a summary of achievement against stated Council actions as well as comprehensive review of its financial performance and is recommended to be accepted by Council. It has also been prepared in line with relevant legislative requirements, and the report of the auditor meets the requirements of the *Local Government (Audit) Regulations*.

Council is required to convene the Annual General Meeting of Electors no later than 56 days after the report's acceptance, being no later than 5 February 2026. To allow for statutory notice periods the meeting must be held after 23 December 2025. It is recommended that Council convene the Annual General Meeting of Electors on Wednesday 4 February 2026 to allow Council and community time to return to the East Kimberley following the Christmas break. If for unforeseen circumstances the meeting is unable to be held on the 4 February, then it can be held on the 5 February.

## STATUTORY IMPLICATIONS

---

The *Local Government Act 1995* section 5.54(1) requires the Shire to accept the Annual Report for a financial year no later than 31 December after the end of that financial year. The Shire is required to then hold a meeting of electors (Annual General Meeting of Electors) no later than 56 days after acceptance of the Annual Report (*section 5.27(2)*). If the auditor's report is not available in time for the annual report for a fiscal year to be accepted by 31 December after that fiscal year, the annual report is to be accepted by the local government no later than 2 months after the auditor's report becomes available.

The *Local Government (Audit) Regulations* are relevant to the report of the auditor which is included in the Annual Report at page 94 of the Annual Report.

The *Local Government Amendment (Auditing) Act 2017* gives the Auditor General the mandate to audit the Shire's Annual Financial Statements and Associated Notes. The Annual Financial Statements and associated notes contained within the Annual Report has been audited by the Auditor General. This can be found from page 97 of the report.

The *State Records Act 2000* requires that the Shire include a statement on the compliance with the Shire's Record Keeping Plan. This can be found on page 81 of the report.

The *Disability Services Act 1993* requires the Shire to include a statement on the compliance with the Shire's Disability Access and Inclusion Plan. This can be found on page 59 of the report.

The *Freedom of Information Act 1992* requires the Shire to include a statement on the process for applying for information under the Act. This can be found on page 81 of the report.

The *Public Interest Disclosure Act 2003* requires the Shire to have procedures in place for the making of public interest disclosures, ensuring protection for individuals who report wrongdoing in accordance with the Public Interest Disclosures (PID) framework. This statement can be found on page 80 of the report.

That Council That Council:

- 1) Initiates the road closure process for Lot 500 on Deposited Plan 75731 in accordance with section 58 of the Land Administration Act 1997 and regulation 9 of the Land Administration Regulations 1998;
- 2) Authorises the Chief Executive Officer to undertake public advertising and stakeholder consultation as required under the Act;
- 3) Authorises the Chief Executive Officer to prepare and submit the road closure package to the Department of Planning, Lands and Heritage (DPLH) upon completion of statutory requirements; and
- 4) Notes that the road closure will facilitate the amalgamation of Lot 500 into Lot 425 on Deposited Plan 400992 as part of the Department of Primary Industries and Regional Development (DPIRD) amendment to Ministerial Statement 938.

### PURPOSE

The purpose of this report is to seek Council's approval to commence the statutory road closure process for Lot 500 on Deposited Plan 75731, as requested by the Department of Primary Industries and Regional Development (DPIRD), to support the realignment and amalgamation of buffer areas required for the amendment of Ministerial Statement 938.

## **BACKGROUND / PREVIOUS CONSIDERATIONS BY COUNCIL OR COMMITTEE**

---

DPIRD is progressing an amendment to Ministerial Statement 938 (MS938), which governs the environmental approvals for the M2 Supply Channel, irrigated agricultural development of up to 33,500 ha, and associated buffer management areas within the Ord River Irrigation Area.

To ensure the buffer boundary for Lot 425 on DP 400992 accurately reflects the amended MS938, DPIRD is seeking to incorporate two adjoining lots (Lot 500 and Lot 8013 on DP 75731) into Lot 425.

Lot 500 is currently a dedicated but undeveloped portion of the Moonamang Road, road reserve. Its inclusion as a road resulted from legacy cadastral planning and does not reflect the constructed road network. DPLH advice confirms that formal closure under section 58 of the Land Administration Act 1997 is required before the lot can be amalgamated.

Lot 8013 forms part of Reserve 50604 (M1 Channel) under Water Corporation management. DPIRD will separately obtain Water Corporation's consent and progress changes to the reserve boundary. No Shire action is required for Lot 8013.

A formal request dated 5 November has been submitted by DPIRD seeking the Shire's assistance to undertake the required road closure process for Lot 500.

## **COMMENTS**

---

Lot 500 (4,962 m<sup>2</sup>) is zoned Environmental Conservation under Local Planning Scheme No. 9 and is not currently used as a road, nor is it required for future transport planning. Its dedication reflects earlier planning that was not realised on the ground.

The road closure of Lot 500 will enable:

- rationalisation of misaligned cadastral boundaries;
- alignment of land tenures with the amended MS938 buffer requirements;
- improved environmental monitoring and management clarity; and
- a streamlined approval pathway for DPLH to progress the proposed amalgamations.

As at Attachment 2, DPLH has confirmed, that:

- the amalgamation will not require on-ground survey because existing DP 75731 500 boundaries can be used; and
- the road closure package submitted by the Shire is a necessary prerequisite for Crown subdivision and amalgamation.

Once Council initiates the process, the Shire will be required to:

1. Advertise the proposed road closure for a minimum of 35 days;
2. Consult with relevant stakeholders (including service authorities);
3. Prepare a closure report and provide evidence of compliance;
4. Submit the closure package to DPLH for final determination by the Minister for Lands.

DPIRD will provide any additional mapping or supporting material required to support this process.

## STATUTORY IMPLICATIONS

---

### [Land Administration Act 1997 – Section 58](#)

Provides the statutory mechanism for closing dedicated roads and outlines consultation, advertising, and submission requirements.

**Control:** Undertaking the statutory road closure process ensures compliance with State legislation and reduces risk of future tenure irregularities.

## FINANCIAL IMPLICATIONS

---

There are no direct financial costs to the Shire beyond routine administrative and advertising expenses associated with the road closure process.

DPIRD has confirmed it will bear the costs associated with survey instruction, Crown subdivision, and plan lodgement.

### **Current and Future Asset Considerations**

Lot 500 is not a constructed or maintained Shire asset. Its closure and amalgamation will not impact the Shire's road network or asset management obligations.

#### ELECTED MEMBER'S RECOMMENDATION / COUNCIL DECISION

Minute Number: 09/12/2025 - 119355

That Council resolve to undertake community consultation in relation to the proposal for renaming of Weaver Plain, Weaver Plain Road and Weaver Range.

Carried: 9/0

For: Cr D Menzel, Cr T Chafer, Cr C Cane, Cr K Bond, Cr M Dear, Cr V Goulden, Cr S Martin, Cr B Robinson, Cr S Timms.

### PURPOSE

---

To authorise the Administration to undertake community consultation for the renaming of the three locations associated with the name “Weaber” being Weaver Plain, Weaver Plain Road and Weaver Range.

### BACKGROUND / PREVIOUS CONSIDERATIONS BY COUNCIL OR COMMITTEE

---

Elected Members and Shire Officers have had several verbal requests from the community to rename Weaver Plain Road. The reasons provided have been that the name is associated with historical abuse of Indigenous people. While no formal written request has been received directly from the Traditional Owners, the number of approaches made to the Shire by community members indicates that a formal, Shire-led process is now appropriate. In addition to these approaches, the Shire has received correspondence from visitors to the local government area requesting a name

change. Of particular interest is the correspondence from one K Scotton who researched the matter before approaching Council. Correspondence from G Dixon also made a similar request.

Council first considered this in General Business at its 26 October 2000 meeting where the minute 3707 read:

*"Cr Johnson informed the Council that she has been approached by a member of the community who has alerted her to concerns raised by the Aboriginal community in regard to the name "Weaber". According to information given to Cr Johnson, many years ago, the Weaber brothers slaughtered a number of Aboriginal people, leaving their remains unburied. Cr Johnson advised that the local Aboriginals are distressed by these past events and the name "Weaber" causes them pain and grief."*

*Cr Johnson asked Council to consider changing the name of Weaber Plain Road to something else, as a gesture of reconciliation or to acknowledge the grief suffered by the Aboriginal community. It was agreed by Council to refer matter to the Council's Aboriginal Liaison Committee, consisting of Cr Lewis, Cr Lefmann and Cr Vagg. The Committee will be notified of a suitable date to meet in the near future."*

It was resolved that Council refer the issue to the Aboriginal Liaison Committee.

Council considered that matter again on 23 August 2001 where Council resolved to undertake a consultation process for renaming Weaber Plain, Weaber Plain Road and Weaber Range to an acceptable community alternative. It also resolved to advertise for nomination of names for Council to consider to be included in a preferred names list. Council did not continue with the process as there were objections mainly from residents on Weaber Plain Road.

More recently Council supported a change of name for similar reasons when it approved the naming of Galboorrang Crossing:

#### COUNCIL DECISION

Minute No. 27/02/2018-117897

Moved: Cr J Farquhar

Seconded: Cr M Dear

*That Council supports the unnamed crossing, located approximately 25 km east on the Victoria Highway in-between Kununurra and the Northern Territory border and signposted as 'Philchowski's Crossing', to be named as 'Galboorrang Crossing' and requests the Chief Executive Officer to advise Landgate of its support for this naming.*

Carried 6/1

#### **COMMENTS**

---

Weaber Plain Road is major throughfare in Kununurra. The sealed section extends from the Victoria highway in the South to Carlton Hill Road in the North for approximately 22kms where it becomes Moonamang Road. There is an unsealed section of Weaber Plain Road off Carlton Hill Road that extends for approximately 12kms.

Weaber Plain are the flat plains around the Ningbing area. The Weaber Range is the range that is in the Jemarde-wooningim Conservation Park. This range already has dual naming as the

Jemarde–wooningim/Weaber Range following a dual naming process with the Miriuwung Gajerrong Aboriginal Corporation.

Shire Officers acknowledge that certain names have negative connotations for a significant part of our community. By recognising this and implementing a name that is acceptable pays respect to Indigenous people and can do a lot for reconciliation.

In previous engagement with the Geographic Names Committee, it was established that dual naming is generally not supported for roads. Dual naming is considered acceptable for topographical features such as the Jemarde–wooningim/Weaber Range. A change of name for Weaber Plain and Weaber Plain Road should be a name associated with our local area and supported by our community.

## **STATUTORY IMPLICATIONS**

---

Part 3 of the *LL-1000 Meeting Procedures Local Law 2016* has been considered in submission and forming this report. This allows a Member to “raise at a meeting such business as he or she considers appropriate, in the form of a motion, of which notice has been given in writing to the CEO and which has been included on the agenda.”

The statutory authority governing the use of names is the Geographic Names Committee (GNC) and it is an advisory committee established to assist the Government in regulating the recording and appropriate use of place and feature names, ensuring that the official naming of topographic and cultural features in the State are in accordance with national and international naming policies and standards.

Landgate, on behalf of the GNC, has produced a document titled Policies and Standards for Geographical Naming in Western Australia to provide an open and transparent basis and process on which the assignment of names to places, features, administrative boundaries and roads can be undertaken. They serve the long-term interests of the community by identifying, protecting and reflecting our culture, heritage and landscape and apply to all nomenclature within Western Australia.

Any person, community group, organisation, government department or local authority can request a new name or an amendment to an existing name, however consultation is required with the relevant local authority. Proposals normally require the support of local government, but the Minister is the final authority in all such matters.

In relation to naming topographic features, the policies and standards recommend the following sources:

- names from Indigenous languages formerly identified with the general area
- descriptive names appropriate to the features
- names of pioneers who were relevant to the area
- names of persons who died during war service
- names associated with historical events connected with the area.

The use of Aboriginal names and words for naming features, administrative boundaries and roads are a way of recognising the different enduring cultural and language groups. The use of Aboriginal names is encouraged by Landgate, and compilation of recorded Aboriginal topographic names is

supported. The identification of a name (or names) of Aboriginal heritage is encouraged to be undertaken by local governments and relevant Aboriginal groups.

Landgate also recognises the significance of historic commemorative naming and encourages the continued recognition of outstanding achievements, contributions to the community and significant events. Commemorative naming proposals are required to meet the same criteria required of any other name proposal, including evidence of support by the wider community.

A commemorative name should not be used to commemorate victims of, or mark the location of, accidents or tragedies, and the use of unofficial commemorative names in publications, or in landscape dedications or markers, is no assurance that they will be adopted into official names records.

The GNC Policies and Standards outlines that consultation should be held with the communities that will be affected by the proposed naming/renaming or boundary adjustment of any feature, locality or road. The guide provided by GNC within this document identifies that the immediate and extended community should be consulted when renaming a feature, and the type of consultation may include notices and surveys. The immediate community is defined as including residents, ratepayers and businesses within the immediate area who are directly affected by the submission. The extended community includes residents, ratepayers and businesses surrounding the area directly affected by the proposal, any visitor groups to the area, and government or non-government organisations with an interest in the area.

## **POLICY IMPLICATIONS**

---

There are no Shire Policies that are relevant to this report. There are policies that the Geographic Names Committee will apply to any suggested name from the community or Local Government.

## **STRATEGIC IMPLICATIONS**

---

This matter relates to the following sections of the *Strategic Community Plan 2023-2033*:

**Goal Outcome 10.1:** Community engagement - Community is engaged in decision making with opportunities to share their views on things that affect them

**Strategy 10.1:** The Shire will regularly inform the community about Shire projects, programs and services, and seek community input into decision making

## **RISK IMPLICATIONS**

---

**Risk:** Failure to undertake effective community engagement strategies which develop the Shire's understanding of the needs and aspirations of the community, grow community capacity and ensure supportable outcomes are reached with stakeholders.

**Control:** Properly plan and execute community engagement activities

## **FINANCIAL IMPLICATIONS**

---

Any financial implications arising out of this report can be accommodated within the current budget provisions. Depending on the outcome of the renaming process there may be some funding required to assist with the changing of addresses of residents on the renamed section of the road.
