

1 June 2018

Mr Peter Brown
Chairperson
Kununurra Waringarri Aboriginal Corporation
1125 Speargrass Rd
Kununurra WA 6743

Dear Peter,

Kununurra Youth Activities Program - Support

This is to advise that Yawoorroong Miriung Gajerrong Yirgeb Noong Dawang Aboriginal Corporation (**MG Corporation**) support Kununurra Waringarri Aboriginal Corporation (**KWAC**) in its implementation and delivery of the recently designed Youth Activities program. This is in response to the "Kids on the Streets" Report (2017) and designed by the youth of Kununurra.

As expected through the new concept, stakeholders and service delivery partners should be coming together to deal with the issues as designed by the youth and MG Corporation fully supports this approach by KWAC.

There are various components within the new model which KWAC alone will not be capable of doing so commitment and input from departments, organisations and the community in general to support this initiative will be needed to ensure expected outcomes are delivered .

MG Corporation has met with KWAC several times during the development of this program and is committed to support and take on delivery of some of the components / activities identified.

We also strongly advise that KWAC, in partnership with MG Corporation lead this initiative with support from the MG Social Task Force and other relevant service providers.

Yours Sincerely,

Allan Wedderburn
CEO
MG CORPORATION
