Dear Nicole and Vim,

First of thank you for meeting up with us here in Wyndham to discuss issues regarding the above.

Just for your information, the theme of our Convention this year is “Empowering Indigenous Leaders in the 21<sup>st</sup> Century.” Our Keynote Speaker will Pastor William Dumas the Australian Christian Churches Indigenous Initiative Leader. We hope to bring to light and discuss issues that can assist our indigenous peoples in the East Kimberley be stronger leaders and mentors bringing about positive changes in their families, towns and communities.

We have therefore applied for a temporary caravan /camp licence to assist us with billeting people from some communities that will be attending the Convention. We had discussions with our local caravan park and due to historical issues of damage to property they have refused our request to allow our delegates to camp there. We therefore decided to host some campers on our church ground for these 4 days. Though we cannot confirm the actual number of participants coming in we are also in the hope that most of them will stay with family in Wyndham during this time.

In terms of the capacity for our sewerage, we will be taking precautions to empty our sewage tank prior to the Convention to ensure that there is no overloading. During the Convention proper, Clean Up groups will be rostered to ensure rubbish is at a minimum and cleanliness of the Toilets and bathrooms are maintained.

As for Noise Pollution, discussions and formal letters will be given to our neighbours to alert them of people traffic and possible noise level during this time.

I hope this information will suffice to accompany our Application.

Thank you once again.

Kind Regards

Maggie Rokoduru
