Decision: 8/0

STATUTORY IMPLICATIONS

Freedom of Information Act 1992

Part 5 - Publication of information about agencies

94. Term used: information statement

A reference in this Act to an information statement, in relation to an agency, is a reference to a statement that contains —

- (a) a statement of the structure and functions of the agency;*
- (b) a description of the ways in which the functions (including, in particular, the decision-making functions) of the agency affect members of the public;*
- (c) a description of any arrangements that exist to enable members of the public to participate in the formulation of the agency's policy and the performance of the agency's functions;*
- (d) a description of the kinds of documents that are usually held by the agency including —*
 - (i) which kinds of documents can be inspected at the agency under a written law other than this Act (whether or not inspection is subject to a fee or charge); and*
 - (ii) which kinds of documents can be purchased; and*
 - (iii) which kinds of documents can be obtained free of charge;*
- (e) a description of the agency's arrangements for giving members of the public access to documents mentioned in paragraph (d)(i), (ii) or (iii) including details of library facilities of the agency that are available for use by members of the public;*
- (f) a description of the agency's procedures for giving members of the public access to the documents of the agency under Part 2 including —*
 - (i) the designation of the officer or officers to whom initial inquiries as to access to documents can be made; and*
 - (ii) the address or addresses at which access applications can be lodged;*
- (g) a description of the agency's procedures for amending personal information in the documents of the agency under Part 3 including —*
 - (i) the designation of the officer or officers to whom initial inquiries as to amendment of personal information can be made; and*
 - (ii) the address or addresses at which applications for amendment of personal information can be lodged.*

96. Information statement, each agency to publish annually

(1) An agency (other than a Minister or an exempt agency) has to cause an up-to-date information statement about the agency to be published in a manner approved by the Minister administering this Act —

- (a) within 12 months after the commencement of this Act; and
- (b) at subsequent intervals of not more than 12 months.

(2) In giving approval under subsection (1) the Minister has to have regard, amongst other things, to the need to assist members of the public to exercise their rights under this Act effectively.

(3) In the case of an agency that comes into existence after the commencement of this Act the reference in subsection (1)(a) to the commencement of this Act is to be read as a reference to the time when the agency commences its operations.

(4) A subcontractor does not have to comply with subsection (1) if the relevant contractor has complied with that subsection on behalf of the subcontractor.

[Section 96 amended: No. 47 of 1999 s. 13.]

97. Information statement and internal manual, each agency to make available etc.

(1) An agency (other than a Minister or an exempt agency) has to cause copies of —

- (a) its most up-to-date information statement; and
- (b) each of its internal manuals,

to be made available for inspection and purchase by members of the public but may delete any exempt matter from those copies.

(2) An agency has to provide a copy of its information statement to the Commissioner as soon as is practicable after the statement is published under section 96.

(3) A subcontractor does not have to comply with subsections (1) and (2) if the relevant contractor has complied with those subsections on behalf of the subcontractor.

[Section 97 amended: No. 47 of 1999 s. 14.]

Local Government Act 1995

Division 7 - Access to information

- Section 5.94 - Public can inspect certain local government information
- Section 5.95 - Limits on rights to inspect local government information
- Section 5.96 - Copies of information to be available
- Section 5.96A- Information published on official website

Local Government (Administration) Regulations 1996

Part 7 - Access to information

- Regulation 29 - Information to be available for public inspection (Act s.5.94)
- Regulation 29A - Limits on rights to inspect local government information (Act s.5.95)
- Regulation 29B - Copies of certain information not to be provided (Act s5.96)

POLICY IMPLICATIONS

FINANCIAL IMPLICATIONS

NIL

STRATEGIC IMPLICATIONS

Strategic Community Plan 2017-2027

Focus Area 4: Civic Leadership

Goal 4.2: Good decision making through engagement with the community

Strategy 4.2.1: Engage and communicate with all sections of the community to better understand needs and priorities

RISK IMPLICATIONS

Risk: Failure to manage a governance framework which transparently embraces good governance practices.

Control: Update information statement annually in accordance with the Freedom of Information Act 1992.

COMMUNITY ENGAGEMENT

Engagement will take place in accordance with the Shire's Community Engagement Guidelines and will include:

- The proposed Information Statement 2019-20 will be available at both the Kununurra and Wyndham Administration Centres and Libraries in print format
- Publication on the Shire's website
- Publication on the Shire's Facebook site

It is a legislative requirement that the Information Statement is provided to the Information Commissioner as soon as is practicable after the statement is published under section 96.

As part of any Freedom of Information Application process, upon acknowledgement, a copy of the Information Statement is provided to the applicant to assist in outlining the process and how to source public information from the Shire.

COMMENTS

In accordance with statutory requirements, it is recommended that the Council adopt the proposed Information Statement for 2019-20 noting that it will supersede the 2018-19 version.

The proposed Information Statement 2019-20 has addressed all of the legislative requirements along with providing additional information in a concerted effort to assist, and

to be transparent with the community in how they can obtain public information from the Shire.

BACKGROUND/ PREVIOUS CONSIDERATIONS BY COUNCIL/ COMMITTEE

The 2020/21 Budget has been prepared in accordance with the requirements of the *Local Government Act 1995* and the *Local Government (Financial Management) Regulations 1996*.

The 2020/21 Budget process commenced in February 2020. The process is a comprehensive one involving the Acting CEO, Directors, Managers and Responsible Officers in all departments of the Shire. It includes a detailed analysis of the current year revenue and expenditure for both operating and capital items, forecasting the 30 June 2020 budget position and determining the funding requirements to maintain service levels and asset renewal obligations for the 2020/21 financial year where possible. The contents of the budget have been developed on an iterative process since February. The data has been reviewed by the Acting CEO, Directors and staff.

The 2020/21 Budget has been developed within a strategic financial planning framework after due consideration of Council priorities and the resource allocation requirements of these priorities.

A major impact on the 2020/21 Budget is the financial impact Covid-19 has had on the Shire's operations and that of its stakeholders and ratepayers. Both the Western Australian and the local economy have been severely impacted by the pandemic. This has resulted in a decline in income and increase in unemployment. Similarly, there have been significant impacts on the business sector and consumer confidence, both of which fell to their weakest levels on record. The impact on regional Australia and particularly the East Kimberley cannot be underestimated. It is estimated that regional Australia has either lost or put into hibernation 32% of regional jobs. Tourism impacts in WA are expected to result in 25,000 fewer jobs. It is in this environment that the budget has been framed.

The financial impact thus far has been seen in the reduction of cash flow in the April, May, and June months of the current financial year. Forecasting for the 2020/21 year cannot be done with any degree of certainty because the timing and severity of the impact cannot be accurately determined. The Shire has therefore no option but to estimate what a possible worst-case scenario is likely to be and from that determine a likely outcome on a conservative basis. At this stage Shire Officers consider that there will be a reduction in cash flows of approximately \$4,8 million. In order to fund this deficit Officers have reduced operating expenses by approximately \$1,5 million, capital works funded by municipal funds by \$2,1 million and Employee costs by \$1,2 million.

The process for the development of the 2020/21 Budget is in alignment with both the Shire's Corporate Business Plan 2019 - 2022 and Strategic Community Plan 2017 to 2027, to ensure the Shire is delivering on the strategic vision in an achievable and sustainable manner.

Council is being requested to re-adopt the Schedule of Fees and Charges for the 2020/21 financial year as there have been minor changes made since the previous adoption. In accordance with section 6.16(1) of the Local Government Act 1995, the Council may impose and recover a fee or charge for any goods or services it provides or proposes to provide, other than a service for which a service charge is imposed.

The Council has a number of charges, which are applicable from 1 July 2020, and therefore in keeping with past practice the proposed Schedule of Fees and Charges was adopted prior to the adoption of the annual budget so that necessary steps could be taken to ensure that all fees can apply from 1 July 2020.

- (3) The rate of interest that may be set by the local government under this section is not to exceed the rate for the time being prescribed as the maximum rate of interest that may be set for the purposes of this section.
- (4) Where a local government imposes interest under subsection (1) on any outstanding amount of money the local government is not to also impose an additional charge in relation to that amount.
- (5) Accrued interest is, for the purpose of its recovery, taken to form part of the money owed to the local government on which it is charged.
- (6) A local government is not to impose interest on any amount of money under subsection (1) until the money has been owed to the local government for the period of time set by the local government in its annual budget (not being less than 35 days) after the date which is stated on the relevant account for payment as being the date the account was issued.
- (7) Regulations may provide for the method of calculation of interest.

Local Government (COVID-19 Response) Order 2020 SL 2020/57 amendments to Section 6.13 of the Local Government Act 1995 effective 8 May 2020

8. Section 6.13 modified (interest on money owing to local governments)

(1) Section 6.13 is modified as set out in this clause in relation to a resolution of a local government under section 6.13(1) that is to be included in its 2020/21 annual budget.

(2) The resolution-

(a) cannot require a person who is considered by the local government to be suffering financial hardship as a consequence of the COVID-19 pandemic to pay interest;
and

(b) is to specify that the requirement to pay interest does not apply to a person who is considered by the local government to be suffering financial hardship as a consequence of the COVID-19 Pandemic.

(3) The rate of interest that may be set by the local government under section 6.13 in its 2020/21 annual budget is not to exceed 8%.

(4) Subclause (3) applies despite the Local Government (Financial Management) Regulations 1996 regulation 19A.

Local Government Act 1995

Part 6, Division 5 – Financing local government activities

Subdivision 2 - Fees and Charges

6.16 Imposition of fees and charges

(1) A local government may impose* and recover a fee or charge for any goods and service it provides or proposed to provide, other than a service for which a service charge is imposed.

* Absolute majority required.

(2) A fee or charge may be imposed for the following —

(a) providing the use of, or allowing admission to, any property or facility wholly or partly owned, controlled, managed or maintained by the local government;

(b) supplying a service or carrying out work at the request of a person;

(c) subject to section 5.94, providing information from local government records;

(d) receiving an application for approval, granting an approval, making an inspection and issuing a licence, permit, authorisation or certificate;

(e) supplying goods;

(f) such other service as may be prescribed.

(3) Fees and charges are to be imposed when adopting the annual budget but may be —

(a) imposed* during a financial year; and

(b) amended* from time to time during a financial year.

* Absolute majority required.

6.17 Setting level of fees and charges

(1) In determining the amount of a fee or charge for a service or for goods a local government is required to take into consideration the following factors –

(a) the cost to the local government of providing the service or goods; and

(b) the importance of the service or goods to the community; and

(c) the price at which the service or goods could be provided by an alternative provider.

- (2) A higher fee or charge or additional fee or charge may be imposed for an expedited service or supply of goods if it is requested that the service or goods be provided urgently.
- (3) The basis for determining a fee or charge is not to be limited to the cost of providing the service or goods other than a service —
- (a) under section 5.96; or
 - (b) under section 6.16(2)(d); or
 - (c) prescribed under section 6.16(2)(f), where the regulation prescribing the service also specifies that such a limit is to apply to the fee or charge for the service.
- (4) Regulations may —
- (a) prohibit the imposition of a fee or charge in prescribed circumstances; or
 - (b) limit the amount of a fee or charge in prescribed circumstances.

6.18. Effect of other written laws

- (1) If the amount of a fee or charge for a service or for goods is determined under another written law a local government may not —
- (a) determine an amount that is inconsistent with the amount determined under the other written law; or
 - (b) charge a fee or charge in addition to the amount determined by or under the other written law.
- (2) A local government is not to impose a fee or charge for a service or goods under this Act if the imposition of a fee or charge for the service or goods is prohibited under another written law.

6.19. Local government to give notice of fees and charges

If a local government wishes to impose any fees or charges under this Subdivision after the annual budget has been adopted it must, before introducing the fees or charges, give local public notice of —

- (a) its intention to do so; and
- (b) the date from which it is proposed the fees or charges will be imposed.

Division 6 - Rates and service charges

Subdivision 2 - Categories of rates and service charges

6.33. Differential general rates

- (1) A local government may impose differential general rates according to any, or a combination, of the following characteristics —
- (a) the purpose for which the land is zoned, whether or not under a local planning scheme or improvement scheme in force under the Planning and Development Act 2005; or
 - (b) a purpose for which the land is held or used as determined by the local government; or
 - (c) whether or not the land is vacant land; or
 - (d) any other characteristic or combination of characteristics prescribed.
- (2) Regulations may —
- (a) specify the characteristics under subsection (1) which a local government is to use; or
 - (b) limit the characteristics under subsection (1) which a local government is permitted to use.

(3) In imposing a differential general rate a local government is not to, without the approval of the Minister, impose a differential general rate which is more than twice the lowest differential general rate imposed by it.

(4) If during a financial year, the characteristics of any land which form the basis for the imposition of a differential general rate have changed, the local government is not to, on account of that change, amend the assessment of rates payable on that land in respect of that financial year but this subsection does not apply in any case where section 6.40(1)(a) applies.

(5) A differential general rate that a local government purported to impose under this Act before the Local Government Amendment Act 2009 section 39(1)(a) came into operation is to be taken to have been as valid as if the amendment made by that paragraph had been made before the purported imposition of that rate.

Local Government (COVID-19 Response) Order 2020 SL 2020/57 amendments to Section 6.33 of the Local Government Act 1995 effective 8 May 2020

9. Section 6.33 modified (differential general rates)

(1) In this clause-

relevant rate, of a local government, means a proposed differential general rate of the local government that under section 6.33(3) cannot be imposed without the approval of the Minister.

(2) Section 6.33(3) is modified as set out in this clause in relation to a relevant rate of a local government if-

(a) As a consequence of the COVID-19 pandemic, the local government resolves (whether before or after commencement day) that no proposed differential general rate of the local government will exceed the corresponding differential general rate that was imposed by the local government in the 2019/20 financial year;

and

(b) the local government obtained the Minister's approval under section 6.33(3) to impose in the 2019/20 financial year a differential general rate corresponding to the relevant rate.

(3) the local government is not required to obtain the approval of the Minister under section 6.33(3) to impose the relevant rate.

6.34. Limit on revenue or income from general rates

Unless the Minister otherwise approves, the amount shown in the annual budget as being the amount it is estimated will be yielded by the general rate is not to —

(a) be more than 110% of the amount of the budget deficiency; or

(b) be less than 90% of the amount of the budget deficiency.

Local Government (COVID-19 Response) Order 2020 SL 2020/57 amendments to Section 6.34 of the Local Government Act 1995 effective 8 May 2020

10. Section 6.34 modified (limit on revenue of income from general rates)

(1) Section 6.34(b) is modified as set out in this clause in relation to the 2020/21 annual budget of a local government.

(2) The reference to 90% is replaced with a reference to 80%.

6.35. Minimum payment

(1) Subject to this section, a local government may impose on any rateable land in its district a minimum payment which is greater than the general rate which would otherwise be payable on that land.

(2) A minimum payment is to be a general minimum but, subject to subsection (3), a lesser minimum may be imposed in respect of any portion of the district.

(3) In applying subsection (2) the local government is to ensure the general minimum is imposed on not less than —

(a) 50% of the total number of separately rated properties in the district; or

(b) 50% of the number of properties in each category referred to in subsection

(6), on which a minimum payment is imposed.

(4) A minimum payment is not to be imposed on more than the prescribed percentage of —

(a) the number of separately rated properties in the district; or

(b) the number of properties in each category referred to in subsection (6), unless the general minimum does not exceed the prescribed amount.

(5) If a local government imposes a differential general rate on any land on the basis that the land is vacant land it may, with the approval of the Minister, impose a minimum payment in a manner that does not comply with subsections (2), (3) and

(4) for that land.

(6) For the purposes of this section a minimum payment is to be applied separately, in accordance with the principles set forth in subsections (2), (3) and (4) in respect of each of the following categories —

(a) to land rated on gross rental value; and

(b) to land rated on unimproved value; and

(c) to each differential rating category where a differential general rate is imposed.

Local Government (COVID-19 Response) Order 2020 SL 2020/57 amendments to Section 6.35 of the Local Government Act 1995 effective May 8 2020

11. Section 6.35 modified (minimum payment)

(1) In this clause -

relevant minimum payment, of a local government, means a proposed minimum payment of the local government that under section 6.35(5) cannot be imposed without the approval of the Minister.

(2) Section 6.35(5) is modified as set out in this clause in relation to relevant minimum payment of a local government if -

(a) As a consequence of the COVID-19 pandemic, the local government resolves (whether before or after commencement day) that -

(i) no proposed differential general rate of the local government will exceed the corresponding differential general rate that was imposed by the local government in the 2019/20 financial year;

and

(ii) no proposed minimum payment of the local government will exceed the corresponding minimum payment that was imposed by the local government in the 2019/20 financial year;

and

(b) the local government obtained the Minister's approval under section 6.35(5) to impose in the 2019/20 financial year a minimum payment corresponding to the relevant minimum payment.

(3) The local government is not required to obtain the approval of the Minister under section 6.35(5) to impose the relevant minimum payment.

6.36. Local government to give notice of certain rates

(1) Before imposing any differential general rates or a minimum payment applying to a differential rate category under section 6.35(6)(c) a local government is to give local public notice of its intention to do so.

(2) A local government is required to ensure that a notice referred to in subsection (1) is published in sufficient time to allow compliance with the requirements specified in this section and section 6.2(1).

(3) A notice referred to in subsection (1)

(a) may be published within the period of 2 months preceding the commencement of the financial year to which the proposed rates are to apply on the basis of the local government's estimate of the budget deficiency;

(b) is to contain -

(i) details of each rate or minimum payment the local government intends to impose;

(ii) an invitation for submissions to be made by an elector or a ratepayer in respect of the proposed rate or minimum payment and any related matters within 21 days (or such longer period as is specified in the notice) of the notice; and

(iii) any further information in relation to the matters specified in subparagraphs (i) and (ii) which may be prescribed; and

(c) is to advise electors and ratepayers of the time and place where a document describing the objects of, and reasons for, each proposed rate and minimum payment may be inspected.

(4) The local government is required to consider any submissions received before imposing the proposed rate or minimum payment with or without modification.

(5) Where a local government -

(a) in an emergency, proposes to impose a supplementary general rate or specified area rate under section 6.32(3)(a); or

(b) proposes to modify the proposed rates or minimum payments after considering any submissions under subsection (4), it is not required to give local public notice of that proposed supplementary general rate, specified area rate, modified rate or minimum payment.

Local Government (COVID-19 Response) Order 2020 SL 2020/57 amendments to Section 6.36 of the Local Government Act 1995 effective May 8 2020

12. Section 6.36 modified (local government to give notice of certain rates)

(1) Section 6.36 is modified as set out in this clause in relation to a local government if, as a consequence of the COVID-19 pandemic, the local government resolves (whether before or after commencement day) that —

(a) no proposed differential general rate of the local government will exceed the corresponding differential general rate that was imposed by the local government in the 2019/20 financial year; and

(b) no proposed minimum payment of the local government of the kind referred to in section 6.36(1) will exceed the corresponding minimum payment that was imposed by the local government in the 2019/20 financial year.

(2) The requirements in section 6.36(1) to (4) do not apply to the local government and are replaced with the requirements in subclauses (3) and (4).

(3) The local government must publish on the local government's official website details of each proposed differential general rate and each proposed minimum payment of the local government.

(4) The details referred to in subclause (3) must be published by the local government within 10 days after the later of the following —

(a) the day on which the local government makes the resolution referred to in subclause (1);

(b) commencement day.

6.45. Options for payment of rates or service charges

(1) A rate or service charge is ordinarily payable to a local government by a single payment but the person liable for the payment of a rate or service charge may elect to make that payment to a local government, subject to subsection (3), by —

(a) 4 equal or nearly equal instalments; or

(b) such other method of payment by instalments as is set forth in the local government's annual budget.

(2) Where, during a financial year, a rate notice is given after a reassessment of rates under section 6.40 the person to whom the notice is given may pay the rate or service charge (a) by a single payment; or

(b) by such instalments as are remaining under subsection (1)(a) or (b) for the remainder of that financial year.

(3) A local government may impose an additional charge (including an amount by way of interest) where payment of a rate or service charge is made by instalments and that additional charge is, for the purpose of its recovery, taken to be a rate or service charge, as the case requires, that is due and payable.

(4) Regulations may —

(a) provide for the manner of making an election to pay by instalments under subsection (1) or (2); and

(b) prescribe circumstances in which payments may or may not be made by instalments; and

(c) prohibit or regulate any matters relating to payments by instalments; and

(d) provide for the time when, and manner in which, instalments are to be paid; and

(e) prescribe the maximum amount (including the maximum interest component) which may be imposed under subsection (3) by way of an additional charge; and

(f) provide for any other matter relating to the payment of rates or service charges.

[Section 6.45 modified: SL 2020/57 1M.]

Local Government (COVID-19 Response) Order 2020 SL 2020/57 amendments to Section 6.45 of the Local Government Act 1995 effective May 8 2020

13. Section 6.45 (options for payment of rates or service charges)

(1) In this clause —

financial hardship policy, in relation to a local government, means a policy addressing the manner in which the local government will deal with financial hardship that may be suffered by ratepayers and other persons who are required to make payments to the local government.

(2) Section 6.45 is modified as set out in this clause in relation to payment by instalments of a rate or service charge imposed by a local government in the 2020/21 financial year.

(3) The local government cannot impose an additional charge (including an amount by way of interest) under section 6.45(3) in respect of payment by instalments made by an excluded person.

(4) If the local government has not adopted a financial hardship policy, the maximum rate of interest that may be imposed by the local government under section 6.45(3) is 3%.

Subclause (4) applies despite the Local Government (Financial Management) Regulations 1996 regulation 68.

6.46. Discounts

Subject to the Rates and Charges (Rebates and Deferments) Act 1992, a local government may, when imposing a rate or service charge, resolve* to grant a discount or other incentive for the early payment of any rate or service charge.

* Absolute majority required

6.47. Concessions

Subject to the Rates and Charges (Rebates and Deferments) Act 1992, a local government may at the time of imposing a rate or service charge or at a later date resolve to waive* a rate or service charge or resolve to grant other concessions in relation to a rate or service charge.

* Absolute majority required.

6.50. Rates or service charges due and payable

(1) Subject to —

(a) subsections (2) and (3); and

(b) any concession granted under section 6.47; and

(c) the Rates and Charges (Rebates and Deferments) Act 1992, a rate or service charge becomes due and payable on such date as is determined by the local government.

(2) The date determined by a local government under subsection (1) is not to be earlier than 35 days after the date noted on the rate notice as the date the rate notice was issued.

(3) Where a person elects to pay a rate or service charge by instalments the second and each subsequent instalment does not become due and payable at intervals of less than 2 months.

6.51. Accrual of interest on overdue rates or service charges

(1) A local government may at the time of imposing a rate or service charge resolve* to impose interest (at the rate set in its annual budget) on —

(a) a rate or service charge (or any instalment of a rate or service charge); and

(b) any costs of proceedings to recover any such charge, that remains unpaid after becoming due and payable.

* Absolute majority required.

(2) The rate of interest that may be set by the local government under this section is not to exceed the rate for the time being prescribed as the maximum rate of interest that may be set for the purposes of this section.

(3) Accrued interest is, for the purpose of its recovery, taken to be a rate or service charge, as the case requires, that is due and payable.

(4) If a person is entitled under the Rates and Charges (Rebates and Deferments) Act 1992 or under this Act (if the local government in a particular case so resolves) to a rebate or deferment in respect of a rate or service charge —

(a) no interest is to accrue in respect of that rate or service charge payable by that person; and

(b) no additional charge is to be imposed under section 6.45(3) on that person.

Local Government (COVID-19 Response) Order 2020 SL 2020/57 amendments to Section 6.51 of the Local Government Act 1995 effective May 8 2020

14. Section 6.51 modified (accrual of interest on overdue rates or service charges)

(1) Section 6.51 is modified as set out in this clause in relation to a resolution made under section 6.51(1) by a local government at the time of imposing a rate or service charge for the 2020/21 financial year.

(2) The resolution —

(a) cannot impose interest in respect of a rate or service charge payable by an excluded person; and

(b) is to specify that the imposition of interest does not apply in respect of a rate or service charge payable by an excluded person.

(3) The rate of interest that may be set by the local government under section 6.51 is not to exceed 8%.

(4) Subclause (3) applies despite the Local Government (Financial Management) Regulations 1996 regulation 70.

Local Government (Financial Management) Regulations 1996

Part 2 – General financial management

5. CEO's duties as to financial management

(1) Efficient systems and procedures are to be established by the CEO of a local government —

(g) to assist in the preparation of budgets, budget reviews, accounts and reports required by the Act or these regulations.

(2) The CEO is to —

(b) assist the council to undertake reviews of fees and charges regularly (and not less than once in every financial year).

Part 3 - Annual Budget

26. Discounts for early payment etc., information about required

(1) The annual budget is to include for each discount or other incentive proposed to be granted for early payment of any money and in respect of each waiver or concession proposed in relation to any money —

(a) in respect of a discount —

(i) the amount of the discount, or the percentage discount, to be allowed; and

(ii) the circumstances in which the discount will be granted; and

[(b) deleted]

(c) in relation to a waiver or concession —

(i) a brief description of the waiver or concession; and

(ii) a statement of the circumstances in which it will be granted; and

(iii) details of the persons or class of persons to whom it is available; and

- (iv) the objects of, and reasons for, the waiver or concession.*
- (2) The annual budget is to include, separately in relation to all general rates, each specified area rate, each service charge and all fees and charges imposed under the Act or any other written law an estimate of —*
- (a) the total amount of the discounts which may be granted; and*
- (b) the total cost to the local government of each incentive scheme; and*
- (c) the total cost, or reduction of revenue, to the local government of a waiver or grant of a concession; and*
- (d) the total amount of money to be written off.*

Part 5 – Rates and service charges

52A. Differential general rates - s. 6.33(1)(d)

6.33 (1)(d) For the purposes of section 6.33(1)(d), the following are prescribed characteristics —

- (a) whether or not the land is situated in a townsite as defined in the Land Administration Act 1997 section 3(1);*
- (b) whether or not the land is situated in a particular part of the district of the local government.*

53. Amount prescribed for minimum payment (Act s. 6.35(4))

The amount prescribed for the purposes of section 6.35(4) is \$200.

Waste Avoidance and Resource Recovery Act 2007

Part 6, Division 3 – Local laws and local government rates, fees and charges

66. Local government may impose waste collection rate

- (1) A local government may impose on rateable land within its district, and cause to be collected, an annual rate for the purpose of providing for the proper performance of all or any of the waste services it provides*
- (2) The annual rate must not exceed —*
- (a) 12 cents in the dollar on the gross rental value; or*
- (b) where the system of valuation on the basis of the unimproved value is adopted, 3 cents in the dollar on the unimproved value of the land in fee simple.*
- (3) The provisions of the Local Government Act 1995 relating to the making, payment and recovery of general rates apply with respect to rates referred to in subsection(1).*

67. Local government may impose receptacle charge

- (1) A local government may, in lieu of, or in addition to a rate under section 66, provide for the proper disposal of waste, whether within its district or not, by making an annual charge per waste receptacle, payable in one sum or by equal monthly or other instalments in advance, in respect of premises provided with a waste service by the local government.*
- (2) The charge is to be imposed on the owner (as defined in section 64(1)) or occupier, as the local government may decide, of any premises provided with a waste service by the local government.*
- (3) The provisions of the Local Government Act 1995 relating to the recovery of general rates apply with respect to a charge referred to in subsection (1).*
- (4) In the case of premises being erected and becoming occupied during the year for which payment is to be made, the charge for the service provided is to be the sum that*

proportionately represents the period between the occupation of the premises and the end of the year for which payment is made.

(5) Notice of any charge made under this section may be included in any notice of rates imposed under section 66 or the Local Government Act 1995, but the omission to give notice of a charge does not affect the validity of the charge or the power of the local government to recover the charge.

(6) A charge may be limited to premises in a particular portion of the area under the control of the local government.

(7) Charges under this section may be imposed in respect of and are to be payable for all premises in respect of which a waste service is provided, whether such premises are rateable or not.

(8) A local government may make different charges for waste services rendered in different portions of its district.

68. Fees and charges fixed by local government

Nothing in this Part prevents or restricts a local government from imposing or recovering a fee or charge in respect of waste services under the Local Government Act 1995 section 6.16.

Cemeteries Act 1986

Part VII – Financial provisions

53. Fees and charges

There are also numerous other sections of the *Local Government Act 1995* and *Local Government (Financial Management) Regulations 1996* that deal with specific parts of the Annual Budget. Where relevant the sections and/or regulations have been specifically mentioned in the officer's recommendations.

POLICY IMPLICATIONS

Each of the Council Policies outlined below are relevant in the adoption of the annual budget:

- *CP/FIN-3201 – Significant Accounting Policies*
- *CP/FIN-3200 – Strategic Rating*
- *CP/FIN-3208 – Rates Exemptions for Charitable Organisations (Non Rateable Land)*
- *CP/FIN-3211 – Fees and Charges Pricing*
- *CP/CNC-3141 – Elected Member Allowances and Entitlements*
- *CP/COM-3582 - Community Grants Scheme*
- *CP/FIN-3219 COVID-19 Financial Hardship - Rates and Sundry Debtors*

FINANCIAL IMPLICATIONS

The annual Municipal Fund Budget is the primary means for a local government to manage and allocate its financial resources. The budget also provides the ability to impose rates, which is one of the primary means for a local government to raise income to fund the services the Shire is required to deliver.

The proposed budget aims to raise \$19,325 million in operating revenue and \$8,957 million in capital grants and other capital income. A net amount of \$2,379 million will be transferred from the Shires Reserves in support of both the capital works program and the Shires response to support the local business community from the Covid-19 Response Reserve. This revenue together with existing cash resources will fund \$19,256 million in operating expenses, \$16,156 million in capital works and \$687k of debt repayments.

Should the Council adopt the budget at this time, it will permit the issuing of rates notices in July which will facilitate the cash flow management of the Shire and ensure the continued delivery of services.

More detailed financial implications are outlined in the Comments section of this Report and in the 2020/21 Budget in Attachment 1 to this report.

STRATEGIC IMPLICATIONS

Strategic Community Plan 2017 to 2027

Focus Area: 4: Civic Leadership

Goal 4.4: Sustainably maintain the Shire's financial viability

Strategy 4.4.1: Diversifying and strengthening funding streams and pursue non-rates revenue opportunities

Strategy 4.4.2: Secure the maximum grant assistance available, whilst ensuring the greatest relevant benefit to the community

Strategy 4.4.3: Adequately plan for and fund asset maintenance and renewal to deliver planned services

Strategy 4.4.4: Apply best practice financial management to ensure long term sustainability

RISK IMPLICATIONS

Risk: Failure to adequately resource and manage funding requirements which meet the needs of the Shire's service delivery requirements and strategic objectives

Control: Implementation of LTFP and Annual Budget

Risk: Failure to manage and implement an effective, forward planned capital works program which meets the safety and functional requirements of the community.

Control: Long Term Financial Plan, Asset Management Strategy, Asset Management Policy and Forward Capital Works Programs

Risk: Failure to manage the disbursement of funds to meet the needs of the Shires forward planning requirements, including the Strategic Community Plan, Corporate Business Plan, Long Term Financial Plans and Annual Budget.

Control: Corporate Business Plan Review, Mid Year Budget Review, Monthly Management accounts, Monthly Financial Report to Council

COMMUNITY ENGAGEMENT

Engagement has taken place in accordance with the Shire's Community Engagement Guidelines.

The following outlines the consultation processes that have been undertaken in order to provide the opportunity for both the community and Council to contribute to the Corporate Business Plan for 2019/20 to 2022/23, the 2020/21 Annual Budget process, Rates Modelling process and the determination of Fees and Charges:

24 March 2020 - Ordinary Council Meeting - Council endorsed the Rates Modelling that determined the proposed rate in the dollar, adoption of the revised Council Policy *CP/FIN-3200 Strategic Rating* and community engagement plan for the purposes of seeking public submissions (Minute Number: 24/03/2020 - 118183). Local public notice for submission to Impose Differential General Rates and Minimum Payments was endorsed to advertise for comment from 7 May 2020.

24 March 2020 - Ordinary Council Meeting - A report to Council to adopt the revised Council Policy *CP/FIN-3211 – Fees and Charges Pricing* (Minute Number: 24/03/2020 - 118189) and the revised Council Policy *CP/CNC-3141 Elected Member Allowances and Entitlements* (Minute Number: 24/03/2020 - 118188).

26 May 2020 - Ordinary Council Meeting - Council noted changes to dates for advertising of the Proposed Differential General Rates and Minimum Payments and the closing dates for Public Submissions following amendments to the *Local Government Act 1995* (Minute Number: 26/05/2020 - 118232). Local public notice period commenced on Thursday 14 May 2020 with the closing date for Public Submissions being Friday 5 June 2020.

26 May 2020 - Ordinary Council Meeting - Council adopted the Schedule of Fees and Charges for 2020/21. Along with local public notice, the Shire also distributed general notices to current debtors to ensure that they take any change into account in their future planning. (Minute Number: 26/05/2020 - 118232).

9 June 2020 - Special Council Meeting - In accordance with the Community Engagement Plan, advertising occurred in the following manner in order to seek public submissions on the proposed rate in the dollar;

- Local public notice in the Kimberley Echo on 14 May 2020;
- Local public notice in the May 2020 issue of the Bastion Bulletin;
- A copy of the Notice to Impose Differential General Rates and Minimum Payments for 2019/20 placed on the Coles noticeboard on 14 May 2020;
- A copy of the Notice to Impose Differential General Rates and Minimum Payments for 2019/20 placed on the IGA noticeboard on 14 May 2020;
- A copy of the Notice to Impose Differential General Rates and Minimum Payments for 2019/20 placed on the Wyndham Post Office noticeboard on 14 May 2020;
- The Shire's Facebook page and website on 14 May 2020;

- A copy of the Notice to Impose Differential General Rates and Minimum Payments for 2020/21, including Council Policy CP/FIN-3200 Strategic Rating placed on the Shire's website, public notice boards at the Civic Centres and Libraries in both Kununurra and Wyndham on 14 May 2020.

There were no public submissions for Council to consider and a rating model reflecting a 0% rate in the dollar increase was adopted at the 9 June 2020 Ordinary Council meeting for inclusion in the 2020/21 Budget (Minute Number: 09/06/2020 - 118236).

COMMENTS

Introduction

The Annual Municipal Fund Budget remains one of the most important documents that Council produces in any one year. The document has an impact on the Community in that it not only raises funds from them but also uses those funds to provide services for the benefit of the Community as a whole. This financial year has been particularly testing given the financial impacts of the Covid-19 pandemic. The Shire has had to revisit the assumptions that underpin the budget setting process and this has resulted in a somewhat different budget process and outcome.

The Budget sets out the financial resources that the Shire can rely on to fund the expenditure necessary to meet the service obligations that the Community expects. It is evident that the supply of funds is never sufficient to meet all the needs of the Community. Priorities need to be established and difficult decisions need to be made, particularly in this post Covid-19 phase of the financial recovery. These decisions need to be made in the context of what the Shire's legal obligations for service delivery are, what its asset management responsibilities are, what the Council and the Community regards is important and what is the ability of the Shire to fund these various matters in a sustainable manner. In this financial year there is a requirement for the Shire to focus its expenditure towards supporting local business. Both State and Federal Governments have provided additional funds for programs which are reflected in the budget details.

The proposed budget has been prepared to ensure that there is sufficient cash flow to meet all operational and capital asset commitments as set out in the budget. Sufficient cash is budgeted for to ensure that all reserves are supported by cash resources.

To compile the Annual Budget, Shire Officers access and refer to financial information, commentary and forecasts that may have an impact, such as the State and Federal announcements on funding opportunities that have been made to provide economic stimulus to address the financial impacts of Covid-19. In previous years the Shire would look to the State and Federal Budget processes for information to inform the budget process. Both the State and Federal Governments have provided additional funding opportunities which are reflected in the capital works program of the Shire. There has been a further request from the Department of Local Government Sport and Cultural Industries to repurpose the Shire reserves to assist local businesses. The Shire has repurposed its reserves into a Covid-19

Response Reserve which will after community consultation present individual projects to Council for approval.

Budget Timing

The Shire is adopting its budget prior to it having audited financial information for the 2019/20 year. This is to ensure that at the start of the financial year there is a budget in place and that the priorities for the full financial year can be addressed from the start of the year. It is therefore necessary to estimate the financial position at 30 June 2020 as the starting point for the 2020/21 Municipal Fund Budget. In estimating the forecast data Shire staff have monitored the financial performance throughout the financial year and documented significant departures from the budget position. A rigorous process has also been performed by finance staff to assess this data and project end of year balances and consequently the opening funding requirements and funding capacity for 2020/21 year.

These projections, however, remain estimates and are subject to change as actual data is captured. Since the results for the 2019/20 end of year will only be finalised in October 2020 with the annual audit, it is likely that there will be differences between the actual audited results reported and the projected data. This may impact the final end of year surplus (or deficit) identified in the Rate Setting Statement. The differences between the actual data and the budget data will be determined and the 2020/21 budget data amended to reflect the necessary changes if material. This will be reported to Council at the appropriate time.

Application to the Minister to impose a minimum payment on the GRV Other Vacant rating category that will result in more than 50% of the properties being subject to the minimum payment and to impose a rate in the dollar on the UV Mining, UV Mining and Exploration and UV Pastoral rating categories that is more than twice the lowest differential UV rate does not need to be made in this budget process due to a change to the Regulations and the fact that the Shire obtained approval in the 2019/20 financial year.

Budget Analysis

General

The documents contained in **Attachment 1** provide the details for the Statutory Annual Budget. They include a Statement of Comprehensive Income (by Nature and Type) reflecting the following totals in respect to the Operating position, a Statement of Comprehensive Income (by Program), a Cash Flow Statement, the Rate Setting Statement and the required notes to these statements. These documents reflect the overall picture of the proposed budget. The details supporting the data have been presented to Council in working papers presented at budget briefings. The commentary below refers mainly to the data contained in the Statement of Comprehensive Income (by Nature and Type) as it is the highest level summary of financial data.

In considering the Statement of Comprehensive Income by Nature and Type there are some general comments that need to be made.

- Firstly, the budgeted Operating Revenue for 2019/20 was \$22.3m and the proposed budget for 2020/21 is \$19.3m. This is much lower than the previous year. The change is mainly due to a reduction in fees and charges. In anticipation of the financial impact of Covid-19 the budgeted revenue has been reduced for the Shire facilities. The main areas affected are airport revenue, lease revenue and income into our recreational

facilities. The Shire has also excluded any potential revenue from the direct flight trial to Melbourne as there is no firm arrangement in place at the moment. As the Shire is adopting a 0% rate increase together with the reduction in fees and charges, own source revenue will reduce for the forecast budget period.

- Budgeted Operating Expenditure is expected to decline from a budget of \$27.8m in 2019/20 to \$25.4m in 2020/21. This is a reduction of \$2.4m. This is due to a significant review of all expenditure including staffing costs to ensure that the Shire matches its anticipated reduction in revenue with a matching reduction in operating costs.
- The budget does not include the allocation of employee and related overhead costs incurred in developing and delivering its capital works program as a cost of those capital works. These are still reflected as costs of employment. The reason for this is to provide the Council and the Shire with a budget that reflects the actual cash flow of transactions. This is preferred over presenting data that has been adjusted to conform with a number of accepted accounting conventions. These adjustments are better implemented when the Annual Financial Statements are produced. The impact of this is that the Statement of Comprehensive Income reflects an operating deficit that includes items that need to be allocated into capital works and does not include items affected by timing issues such as the advance payment of Commonwealth Federal Assistance Grants (FAGs).
- The difference between budgeted Operating Income and budgeted Operating Expenditure for 2019/20 and 2020/21 shows that the “operating deficit” has increased by \$571k. The movement over the prior year can be substantially explained by the reduction in fees and charges revenue due to the Covid-19 pandemic.
- The forecast actual performance of the Shire is that it will achieve an operating deficit before reallocations to capital projects of \$3,134 million which is \$2,406 million ahead of the 2019/20 budget position.
- Both the 2019/20 budget and the 2020/21 budget have been affected by the advance payment of the Commonwealth Federal Assistance Grants (FAGs). The Federal Government decided to pay approximately 50% of the 2019/20 grant in the 2018/19 financial year. A similar situation has occurred for the 2020/21 financial year. The Shire is required to account for the advance payment received for the 2020/21 financial year in the 2019/20 year and cannot reflect it as income for the 2020/21 year. This was the same for the 2019/20 year. This impacts on both the total revenue and the operating difference. As this is the same for both years the budgeted operating revenue is understated by \$2,452 million in 2020/21 and \$1,850 million in 2019/20.
- Non-operating income has increased significantly due to the increase in funding opportunities arising from the Covid-19 pandemic financial recovery and the Disaster Relief Funding Arrangements for Western Australia (DRFAWA) works to be commenced in the 2020/21 year.

Operating Revenue

Comments relating to the changes in each operating revenue category, comparing the 2020/21 Municipal Fund Budget to the 2019/20 budget and the forecast actuals are provided below;

Operating Revenue By Category	2019/20 Adopted Budget \$ 000	2019/20 Forecast \$ 000	2020/21 Proposed Budget \$ 000
Rates	10,428	10,428	10,425
Operating Grants	2,230	4,337	2,115
Fees and Charges	8,646	6,962	6,021
Interest Earnings	591	483	377
Other Revenue	378	450	387
Total	22,273	22,660	19,325

Rates Revenue (including ex-gratia rates) \$10,425 million (2019/20 - \$10,428 million)

The proposed Rates for the budget process were modelled within the guidelines in the Council Policy *CP/FIN-3200 – Strategic Rating*. In determining the amount of rates to be raised the Shire applied the principles set out in the policy by ensuring that the setting of the Minimum Rate and calculation of the General Rate (Rate-in-the-Dollar) only recovers an amount (referred to as the Budget Deficiency), which is considered essential to the running of Shire's activities and ensuring the Shire's long term financial sustainability.

The Council determined at the March 2020 Ordinary Council Meeting that it would implement a 0% rate in the dollar increase for advertising for the 2020/21 financial year. This means that any increase in rate revenue for the 2020/21 year will have to come from natural growth in the rates base. The total amount reflected as rate income of \$10.425 million includes ex-gratia rates of \$6,840. The Shire does not budget for interim rates received. While the Shire expects to receive some interim rates it cannot predict with any certainty the timing and extent of any amounts that may be received.

Rates Concessions

It should be noted that properties rated on an Unimproved Value (UV) basis are revalued annually, whereas Gross Rental Values (GRV) are revalued every four years. Since adopting the Rate in the Dollar for advertising at the March 2020 Ordinary Council meeting, annual Unimproved Value (UV) valuation rolls for 2020/21 have been received and loaded into the

Shire's rates database. These include significant valuation increases for properties in the UV Pastoral rate category as a result of increases in pastoral rents that came into effect from July 2019.

Western Australia's pastoral rents are reviewed every five years by the Valuer General, in consultation with the Pastoral Lands Board and in accordance with the *Land Administration Act 1997*. The changes in pastoral rent and rateable values are seen as a reflection of changes to the fair market value of pastoral properties with the Kimberley region having the greatest rateable value increases as well as the greatest variation. Pastoral leases in the Shire have experienced increases ranging from 18% to over 400% across the affected properties. This has resulted in significant increases in rates calculated. In order to apply the increases in an equitable manner while reducing the impact of the valuation increases on UV Pastoral ratepayers, Council resolved at the 9 June 2020 Special Council Meeting (Minute Number: 09/06/2020 - 118236) to phase in the UV Pastoral rates increases by applying rates concessions. The concessions applied will ensure that the 2020/21 UV Pastoral rates for individual assessments will be no greater than 120% of the 2019/20 rates (service charges, waste charges, and ESL excluded).

By applying the concession in the above manner the valuations will reflect the impact of the change in the fair market value as determined in the valuation process while reducing the financial impact on pastoral ratepayers and allowing time for them to consider the additional costs into their future cash-flows.

Rates Payment Incentive Prizes

The full impact of the Covid-19 pandemic is unknown, but it is considered likely that a significant number of ratepayers may be unable to pay their rates by the due date. Council policy CP/FIN-3219 Covid-19 Financial Hardship - Rates and Sundry Debtors was adopted by Council in April 2020 to provide assistance to ratepayers and sundry debtors in financial hardship. In addition to this Shire officers have considered options to provide incentives to those ratepayers with the ability to pay, to either pay their rates in full by the due date, pay their rates via an instalment option, or arrange to pay via an agreed alternative payment plan.

Incentive options available include the application of an early payment discount, where payments received on or before a given date receive a percentage discount off the value of their rates, and rates payment incentive prizes, where rates assessment that meet certain criteria are eligible to be entered into a random prize draw.

Shire Officers consider that offering an early payment discount would limit the incentive to those ratepayers that are in the position to pay their annual rates in one payment, therefore discriminating against those that may be struggling financially. By offering rates payment incentive prizes the eligibility pool opens up to a wider range of ratepayers, including those that have chosen to pay via instalments or an agreed payment plan.

After considering the above options, Shire officers are recommending Council adopt rates payment incentive prizes to a total value of \$6,000. This will be split into two prize draws pools, one of \$4,000 for those that pay their rates in full on or before the 1st instalment date, and one of \$2,000 for those that pay their rates in full via an instalment option or are up to date with their agreed payment plan. Each prize will be drawn individually and only one prize will be

available per rates assessment. Where more than one ratepayer is listed on the rates assessment the prize will be awarded in the name of the first listed ratepayer.

The Chief Executive Officer and Director Corporate Services will conduct the draw, using the dedicated software program within the rating system. Shire Councillors and Shire employees will be ineligible and will be excluded from the draw.

Operating Grants, Contributions & Subsidies \$2,115 million (2019/20 - \$2,230 million)

The majority of Operating Grants and Subsidies remain basically constant. The budget amount for 2020/21 has decreased by \$115k over the prior year budget. The major difference is due to estimating the amount that will be received from the Commonwealth Financial Assistance Grant (FAGs). The amount budgeted for FAGs in the 2019/20 year was estimated to be \$1,850 million. When the Local Government Grants Commission provided the Shire with its FAGs grant the actual amount received was \$1.816 million. The budget forecast for 2020/21 has been reduced to \$1,652 million to be more conservative in the estimate.

As stated previously both budget years are affected by the advance payments of FAGs revenue from the Local Government Grants Commission. The accounting standards require the Shire to recognise the FAGs revenue in the year in which it is received. The budget for both years therefore excludes the advance payments of FAGs. When comparing the 2019/20 budget amount to the forecast, the forecast amount includes the estimate of the advance receipt for the 2020/21 financial year.

Interest Earnings \$0,377 million (2019/20 - \$0,590 million)

The cash rate remains at historic lows. The Shire is further estimating a decrease in cash on hand levels during the forecast period. There have also been legislative changes to interest levels and a requirement that interest cannot be charged on overdue amounts where relief is provided under the Shires Financial Hardship Policy. Consequently the estimated interest earnings from investments will reduce by \$213k.

Fees and Charges \$6,021 million (2019/20 - \$8,646 million)

Each year all fees and charges imposed by Council are reviewed as part of the budget process to ensure compliance requirements are met, cost recoveries are in place and market rates are comparable. At the March 2020 Ordinary Council Meeting Council resolved to apply a 0% increase to fees and charges for 2020/21 and this is reflected in the Schedule of Fees and Charges included as Attachment 2. The fees and charges become effective from 1 July 2020 or from 1 January 2021 where it relates to Aerodromes. In addition, following legislative amendments put in place during the Covid-19 pandemic, the interest rate for overdue fees and charges was amended to 8%, and restrictions on the ability to charge interest to debtors assessed as being in financial hardship were endorsed by Council at the May 2020 Ordinary Council Meeting.

The Shire currently has approximately 700 fees and charges (including statutory fees). The projected fees and charges revenue for 2020/21 is \$6,021 million compared to rating income of \$10.425 million for the same period. It is clear that revenue from fees and charges is significant and therefore the process of setting the fees and charges and the monitoring of revenue performance needs to be reviewed on a regular basis.

The setting of the Fees and Charges was completed in accordance with the Council Policy *CP/FIN-3211 Fees and Charges Pricing*. The intent of the Policy acknowledges that there are competing priorities between community service obligations, full cost recovery in a “user pays” environment and ensuring that the community is not unduly burdened. Where there is not a full cost recovery fee in place, the shortfall is made up by the ratepayers in general from municipal funds. Therefore, the Policy seeks to ensure that the Shire’s fees and charges are determined utilising key principles that ensure fair and reasonable charging to the community for the goods and services that the Shire provides, thereby achieving an appropriate balance between these competing principles.

A major factor in determining the increase to fees and charges is centred on what basis to use as the Index. The most common of these is the Consumer Price Index. The Australian Bureau of Statistics (ABS) when calculating the Consumer Price Index (CPI) uses a basket of goods base that is not reflective of the mix of business activities of a local government. The Perth CPI change for the year March 2019 to March 2020 was 2.1%.

The Local Government Cost Index (LGCI) is the most appropriate measure of price changes over time for the Shire as it takes into account expenditure items like road construction, machinery and equipment, and street lighting. At February 2020 the forecast LGCI provided by the Western Australian Local Government Association was 1.6% for 2019/20 and 1.8% for 2020/21. The impact of the Covid-19 pandemic on the actual LGCI for 2019/20 and forecast LGCI for 2020/21 is unknown at this stage.

In 2016/17 the Council adopted a 2.55% average increase to Fees and Charges, in 2017/18 it adopted a 1% average increase, in the 2018/19 financial year it adopted a 1.2% increase and in 2019/20 it adopted an increase of 1.5%. In response to the Covid-19 pandemic Council has adopted a 0% increase in fees and charges for the 2020/21 financial year giving a total cumulative percentage increase from 2016/17 of 6.25% over the 5 years. Based on the February forecast for 2019/20 of 1.8%, the comparative increase in the LGCI for the same period is 8.0% indicating a decrease in purchasing power of 1.75% over this period.

Other Revenue \$0,387 million (2019/20 - \$0,378 million)

The majority of the revenue estimated for the Other Revenue category and the movement between the proposed budget and the 2019/20 budget relates to Emergency Services Levy (ESL) of \$0.347 million (2019/20 - \$0.340 million). Local Governments are required to collect the Emergency Services Levy (ESL) on behalf of the Department of Fire and Emergency Services (DFES). This is billed to all ratepayers as part of the Annual Rates notices and there is a matching expense when this amount is paid over to DFES.

Operational Expenditure

The table details the summarised operational expenditure proposed for 2020/21.

Operating Expenditure By Category	2019/20 Adopted Budget \$ 000	2019/20 Forecast \$ 000	2020/21 Proposed Budget \$ 000
Employee Costs	11,479	11,244	10,591
Materials and contracts	5,871	5,286	5,421
Utility Charges	1,098	1,209	1,245
Depreciation	6,401	6,236	6,181
Interest Expenses	157	157	89
Insurance Expenses	456	460	468
Other Expenditure	2,351	1,202	1,441
Total	27,813	25,794	25,436

Employee Costs \$ 10,591 million (2019/20 - \$11,479 million)

The staffing Full Time Equivalents (FTE's) are forecast to be 89.5 for the 2020/21 year (2019/20 - 98.7). This represents a significant reduction over the prior year of 9.2 FTE's. The budgeted amount for 2020/21 of \$10.591 million (2019/20 - \$11,478 million) has made provision for a number of changes to be negotiated with Shire staff. While the majority of staff fall under the Shire's Enterprise Agreement (EA) due to the financial effects of Covid-19 a number of temporary changes to the terms of the EA are being negotiated with staff. The net effect of this means that there is a 7.7% (\$887k) decrease in staff costs for the 2019/20 year. It should be noted that the employee costs incorporate not only salaries and allowances, but also superannuation, workers compensation insurance, safety and protective clothing, training, fringe benefits tax and other employee costs associated with recruitment and reallocation.

The FTE's can be further broken down as follows:

	2020/21	2019/20	Difference
• Office of the CEO	7.63	7.00	0.63
• Corporate Services	18.29	19.40	(1.11)
• Community Development	19.74	23.79	(4.05)
• Infrastructure	30.86	32.44	(1.58)
• Airport	12.94	16.03	(3.09)
Total	89.46	98.66	(9.20)

The forecast actuals for 2019/20 are lower than what was budgeted for. This is a result of vacancies carried by the Shire during the year. The 2019/20 budget did not allow for vacancy savings given their unpredictability and the Shire anticipates that the vacancy rates will be similar for the 2020/21 year. The Shire is confident that the amount provided in the budget for Employee costs is adequate to meet its needs for 2020/21.

Materials and Contracts \$ 5,420 million (2019/20 - \$5,871 million)

The amount budgeted to be spent on Materials and Contracts has decreased by \$451k (7.68%) from the budget for 2019/20. Due to the impact of Covid-19 a detailed analysis of operating expenditure was undertaken and has been reduced to ensure that the Shire can meet all its legislative and community obligations without a material reduction in service levels. There has been no single significant area of reduction but all service areas have made a contribution to the reduction in costs.

Listed below is a broad summary of the expenditure types and a brief description of the nature of the expenditure:

Materials & Contracts		
Description	Budget 2020/21	Comments
Other Governance	253,500	Subscriptions for governance software, Kimberley Zone and WALGA fees, Lobbying expenditure, Members travel and training, expenditure associated with Citizenship Ceremonies, Australia Day and Volunteer Programs.
Audit Fees	61,500	Conduct interim and annual audit including statutory reviews required by the Local Government Act.
Software licensing costs	285,000	Costs of enterprise software solution and associated software for the Shire IT network.
ICT Network maintenance and support costs	129,200	Costs of support, maintenance, system development and telecommunications.
Environmental health costs	25,012	Costs associated with water sampling, health promotion and mosquito control

Economic Development	50,000	Development of economic development strategy
Library	287,176	Cost of library including the Joint Use contribution toward running of library, writers festival and visiting author program.
Recreation facilities in both Kununurra and Wyndham	195,600	Costs associated with the leisure centres, pools, maintenance of gym equipment, building operating expenses, hardcourt maintenance etc.
TAMS Program	27,500	Shire contribution towards takeaway Alcohol Management System.
Youth Community Safety (KWAC)	75,000	Address youth issues and Community Safety for the Shire
Streetlight upgrades	100,000	Improvement of street lighting
Property maintenance	352,900	Costs of maintaining Shire owned buildings and structures including Shire housing, public conveniences, administration centres, club rooms, recreation centres etc.
Landfill maintenance	195,000	Operational costs for Kununurra and Wyndham
Refuse Collection	490,000	Cost of refuse collection service
Litter Control	178,000	Material and contract cost of litter control
Rural Road maintenance	400,000	Material and contract cost of rural road maintenance
Urban Road maintenance	360,000	Material and contract cost of urban road maintenance
Plant Operating Costs	435,000	Costs of fuel, maintenance, repair, licensing and tyres
Parks and Gardens	133,000	Material and contract cost of parks and gardens maintenance for both Kununurra and Wyndham
Ranger Services	111,924	Material and contract cost of ranger services
Airport Operating Costs	572,711	Material and contract cost of airport operations
EKRA Master Plan update	30,000	Updating the East Kimberley Regional Airport Master Plan to include freight as a means of justification for the runway extension

Balance of Materials and Contract Costs	672,568	All other Material and Contract costs.
	5,420,591	

Utility Charges \$ 1,245 million (2019/20 - \$1,097 million)

Utility charges comprising Water, Electricity and Gas are based on forecast unit charges together with any growth in usage. Costs have increased significantly over the prior year (13.5%) based on movement in actual costs in 2019/20. The Street Lighting component is the most substantial portion of this expense category with a forecast cost of \$241k. As the Shire is a “price taker” and cannot materially impact the cost profile in the manner this service is currently delivered, it has to investigate other means of reducing costs. Shire Officers have started to do some preliminary work on how these costs and other electricity costs can be better managed with investment in alternate sources of power and technology. An action is in the Corporate Business Plan for 2020/21 on this matter. Further monitoring of utility costs by responsible officers will continue but significant additional cost reductions from this action are not expected.

Depreciation \$ 6,181 million (2019/20 - \$6,401 million)

Depreciation is an accounting process which recognises the consumption of the Shire’s property, plant and equipment including infrastructure assets such as roads, drains and footpaths that have occurred during the financial year. The depreciation charge is also a reflection of what the Shire should be spending on renewing our asset base annually in order to preserve the service potential of our asset base.

The calculation of the depreciation charge is determined by establishing the “fair value” of the asset then estimating what its useful life and its remaining useful life is. An analysis of in particular the useful lives and remaining useful lives has been made by Shire Officers and adjustments to the fixed asset register are proposed for vetting by the auditors. The depreciation charge for 2020/21 has been calculated to be \$6,181m (2019/20 - \$6,401m) which is \$220k less than the prior year. Shire Officers are still working on the asset data to determine what the true commitment to asset renewals should be and consequently the depreciation charge. Data to be gathered over the next financial year from the capital works program and condition reports will inform our ongoing assessment of the fair value of our asset base and the amount needed to provide for the renewal of the asset base.

Insurance Expenses \$ 0,468 million (2019/20 - \$0,457 million)

It is expected that insurance rates will remain effectively static for the 2020/21 year. It is anticipated that the sums insured between the different categories will change marginally and we believe the resultant effect on premiums will be minimal. The Shire’s claims history in the past three years has been good so it is not anticipated that we present a bigger risk than normal to the insurers. The insurance market has been relatively soft in prior years but it has certainly firmed during the last year with respect to some insurable risks. The Shire will continue to look for value in its risk mitigation processes. It should be noted that this amount is not the entire insurance cost for the year as some insurance costs have been included in the cost of providing services and workers compensation insurance has been included in Employee Costs.

Interest Expenses \$0,089 million (2019/20 - \$0,157 million)

The Interest Expense relates to loan agreements with Western Australian Treasury Corporation (WATC). Note 6 of the 2020/21 Budget details the ongoing loan commitments. New borrowings of \$500k are anticipated for the 2020/21 financial year in the event that the Shire receives funding of \$2 million for the construction of a water park costing \$3 million in Kununurra. Loan principal outstanding on existing loans is expected to decrease from \$2,598 million at 30 June 2020 to \$1,911 million at 30 June 2021.

Other Expenses \$1,441 million (2019/20 - \$2,351 million)

Other Expenses relate to a number of items the more significant of which are in the table below. The main difference for the change is for the trial flights to Melbourne of \$960k which were budgeted for in the 2019/20 year, have not been included in this financial year.

Other Expenses		
Description	Budget 2020/21	Comments
Members Allowances, Fees and Expenses	199,309	This amount includes the members meeting allowances, Shire Presidents fee, the Shire Deputy Presidents fee, Members travel expenses, conferences and training.
Emergency Services Levy payment	340,000	This is the payment of the Emergency Levy to the Department of Fire and Emergency Services that is collected as part of the rates process.
Community Grants	300,000	This is the amount provided for the granting of community annual grants, quick grants and rates assistance grants.
Marketing Tourism	255,000	This is an amount that supports tourism marketing to the Shire, support for the direct flights to Melbourne and support for the Visitor Information Centre.
Balance of Other Expenses	346,600	All the remaining Other Expenses.
TOTAL	1,440,909	

Reserves

In accordance with section 6.11 of the *Local Government Act 1995*, a local government is required to establish and maintain a reserve account where it wishes to set aside money for use for a specific purpose in a future financial year. The local government is also required to disclose where a change of the purpose of the use of money is proposed. As stated earlier in the report the Shire has been urged by the Department of Local Government Sport and Cultural Industries to repurpose its reserves in the support of local business. To this end the

Council passed a resolution at its May 2020 Ordinary Council Meeting to create a new reserve being the Covid-19 Response Reserve. Approximately \$3m of reserve funds will be repurposed from existing reserves into this reserve with effect from the end of the 2019/20 financial year for the express purpose of supporting the local economy in delivering capital works programs based on consultation with the community.

Reserves that have been created that have ongoing balances are fully backed by cash resources and earn an equitable share of investment income for the year. The Shire is budgeting for a net transfer from reserves of \$2,379m before any Covid-19 recovery capital works projects are funded. This reduction is explained by an anticipated net outflow of funds from the Airport Reserve due to a reduction in activity.

Funds from the Covid-19 Recovery Reserve will be appropriated as projects are reported to Council for approval. This reserve will remain in place as long as is necessary to address the financial impacts of Covid-19. Should the reserve no longer be required then the Shire will report to Council on an appropriate method of reallocating the funds back into their original reserves.

Capital Works Program

The Capital Works Program is developed with the aim of primarily ensuring that the Shire renews its assets as they fall due in order that they continue to maintain the current service levels being delivered. The priority for these works is determined by the condition of the assets and the amount of funds both internal and external grant funds that are available to the Shire. Forward capital works programs continue to be developed to be included in the Asset Management Plans that will assist with the programming of maintenance, renew, upgrade and replacement of existing assets in future periods. The current works program has been determined in part based on the condition of assets, risk of asset failure and obsolescence, community input and the availability of grant funding. It has also been determined by the availability of funding for specific projects to construct or upgrade assets.

In order to meet the Asset Management obligations under the benchmarks set out by the Department of Local Government, Sport and Cultural Industries Guidelines, the majority of expenditure is focused on renewals rather than upgrading and constructing new assets. The Shire is expected to meet its asset sustainability and consumption benchmarks for the 2020/21 financial year based on these estimates. The Shire has committed in this budget to spend an amount that is well in excess of the amount its asset base depreciates by, and thereby is renewing its asset base as required and managing it in a sustainable manner.

The Capital Works Program for 2020/21 will cost \$16,156 million before any Covid-19 recovery projects are included. The total renewal expenditure in this amount is \$11,002 million which compares favourably with the current estimate of depreciation of \$6,180 million. This means for the budget period, the Shire will renew assets faster than the expected use of those assets. The Shire further expects to construct or acquire \$4,783 million of new assets in the forecast period. The remaining costs of \$371k relates to design and inspection costs that will ultimately form part of the cost of construction for new or renewed assets.

The funding of the capital works program is from a combination of current municipal funds, reserves and grant funding (see table below). The reserve amount of \$2,132 million in the

table includes amounts transferred from reserves created from unspent grant funding and unspent municipal funds from capital works allocated to reserves. Approximately 62% or \$10,047 million of the capital works program is funded from grant funding. Of this amount \$3,115 million comes from funding sources that are consistent and regular. The Shire has contributed \$3,976 million of its own funds to the capital works program.

	Renewal	New	Other	Total
Grants	7,558,171	2,489,100	-	10,047,271
Reserves	1,119,881	1,000,021	12,000	2,131,902
Municipal Funds	2,323,557	1,294,326	359,000	3,976,883
Total	11,001,608	4,783,447	371,000	16,156,055

Included in the Capital Works Program is the Plant Replacement Program. The plant replacement program has been reduced significantly for the 2020/21 financial year. At this stage the Shire has budgeted to replace one item of plant, a front-end loader for the landfill, and acquire one new item of plant, a stump grinder. The gross replacement cost of the plant is \$385k with a net cost to the Shire of \$335k.

The following items are some of the more significant projects for 2020/21:

- ICT network upgraded equipment totalling \$75k is being replaced. System development of \$130k will be spent on two projects - scoping requirements for a new Enterprise Management System and a proof of concept to self-perform running fibre between Shire facilities.
- Nicholson Park basketball court resurfacing - \$35k. This court is overdue for renewal works and will include renewal of associated equipment.
- Kununurra Water Park - This project is the construction of a new asset and is estimated to cost approximately \$3 million. The project will only commence if funding of at least \$2 million is received. The Shire will fund the remaining cost from a combination of current municipal funds, reserve funds and loan finance.
- Implementation of the Trails Master Plan - \$415k. This is a project that has been carried over from the 2019/20 financial year. The project has completed the design phase and has gone out for tender. Since the tender amounts varied materially from the budgeted amounts the Shire has obtained permission to have the scope adjusted by the grant funder in order for this project to go ahead. Grant funding of \$250k supports this project. These works will connect the Lakeside footbridge to the existing footpath to Celebrity Tree Park.
- Wyndham Oval works - \$887k. This comprises two projects, the first is the construction of an interchange bench and shelter costing \$37k. This project has been funded by East Kimberley Job Pathways to the extent of \$25k. The second project is an upgrade to the oval lights and the construction of new change rooms which is estimated to cost \$850k. Funding for this project to go ahead will require a grant of \$550k and the remainder of the funds will come from Shire reserves and municipal funds.
- Kalumburu Road - \$977k. These works are funded entirely by State and Federal grants. This amount represents funds of \$667k held over from 2019/20 and new funds allocated for 2020/21 of \$310k.

- Footpaths - \$700k. An amount of \$315k of funding has been secured for the construction of a new 2.5m wide shared path along Chestnut Ave connecting the existing shared path on Weaber Plain Road (linking Lakeside residential suburb and Red Ridge). This is state 1 of a two stage project that will be funded in coming years that will link the educational and health facilities and Aboriginal communities on Ironwood Drive with the existing path network. The project will ensure that the path location and route minimises the number of road crossings in reaching the schools.
- Research Station Road and Stock Route Road - \$1,130 million. This project is funded to the extent of \$754k from Regional Road Group funding. This project is part of the renewals program to ensure that defects are rectified to protect the road pavement.
- DRFAWA Projects - \$2,5 million. This item is the disaster recovery work that is funded by the State Government to rectify the damage done by the two monsoon events that damaged Shire infrastructure. The Shire bears approximately the first \$164k of costs and the remainder is recoverable from under the DRFAWA funding rules.
- Resurfacing and reseal program - \$650k. Infrastructure has developed as part of its asset management planning a list of reseals that are required to be done. The program this year is for the \$650k of reseals to be done as per the priority listing developed.
- Anthon's Landing - rectification of piling sleeves - \$201k. These are essential works that need to be conducted in order to ensure that the protective sleeves around the piles do not damage any existing works on the jetty.
- Inspection of underground drainage assets - \$259k. This is funds to ascertain the condition of the Shires underground drainage assets using CCTV in order to progress the asset management plans.
- Road and Drainage upgrades - \$1,344 million. This is for the continuation of the necessary works in the Nutwood and Rosewood precinct from the 2019/20 financial year of \$694k and the next stage comprising \$650k of works. These works are funded entirely from the Federal Government's Roads to Recovery program. The works are to reseal, provide curb and channel, and link the new works into the existing drainage system.
- Bandicoot Drive - \$696k. This is the amount provided for Stage 2 of the drainage works for the Bandicoot precinct. The scope of works has been determined and is currently under design.
- Airport Capital Works Program - \$1,333 million. There are four main projects in this program. The first being the detailed design of the runway extension with costs remaining of \$484k; passenger screening equipment costing \$265k; renewal works to the car park of \$255k and apron lighting of \$130k. These are funded from the Airport Reserve as well as external grant funding.
- Weaber Plain Road Black Spot - \$178k. This project has been through design and is ready for delivery. It is funded \$140 by grant funds for the improvements to the intersections at Ironwood, Leichhardt, and Erythrina Streets.
- Carlton Hill Road - \$193k. This is a project carried forward from 2019/20 and is for design work necessary for the sealing of the road.
- Projects to be funded from the Covid-19 Recovery Reserve are yet to be finalised. These projects will be identified via a consulting process with the community and workshopped with Council. Successful projects will be reported to Council for approval together with the appropriate funding from the Covid-19 Recovery Reserve.

Setting of materiality for monthly reporting

The Local Government Act 1995 and associated regulations require the Council to set the materiality level at which explanations are required for variations between year to date budget and year to date actual figures. The materiality level established for 2019/20 was +/- 10% and +/- \$20,000 at account level (this is general ledger account number level), and +/- \$100,000 at a financial statement level (equivalent to the program level). It is recommended that these materiality levels remain for 2020/21 as the overall turnover and related operating expenses have not changed significantly.

RISK IMPLICATIONS

Risk: Failure to comply with legislative requirements leading to damage of reputation and/or financial loss.

Control: Annual audit performed.

COMMUNITY ENGAGEMENT

The Shire of Wyndham East Kimberley's *CP/GOV-3100 Community Engagement Policy* has been considered in relation to this item.

No community engagement is required.

COMMENTS

Comments in relation to budget to actual variances are included as notes in the Financial Report attached.

The impact of Covid-19 has not had a significant impact on the overall financial position of the Shire as at 31 May 2020, however revenue and debt collections have reduced sharply with this being off-set by operational savings and the receipt of 2020/21 Federal Assistance Grants in advance. The full financial implications of Covid-19 are unknown at this stage and are being considered in the preparation of the 2020/21 budget. Shire Officers and the Executive Management Team continue to closely monitor the cash flow of the Shire and have modified internal processes to assist in this regard.

COMMENTS

On 9 April and 8 May 2020 the *Local Government (Functions and General) Regulations 1996* were amended in response to the COVID-19 pandemic. The amendments were as follows:

- 1) An amendment to Regulation 11A(1) - local governments must prepare, adopt and implement a purchasing policy in relation to contracts for other persons to supply goods or services under \$250,000 (previously \$150,000).
- 2) An amendment to regulation 11(1) to increase the Tender threshold from \$150,000 to \$250,000 to align with State Government tendering thresholds. This will permit local governments to extend the use of their own purchasing policy to goods and services acquired via written quotations.
- 3) An exemption in regulation 11(2)(ja) for a local government to renew or extend a contract that expires when a state of emergency declaration is in force, even though this option is not included in the original contract. This will overcome the practical

difficulty of businesses responding to a formal tender process while they are shut down or in the transition period when normal business resumes. Limits on this apply: the original contract must have less than three months left to run, the renewal or extension cannot be for more than twelve months, and there must be a state of emergency declaration applying to the district or part of the district when the renewal or extension is entered into.

- 4) An exemption in regulation 11(2)(h) has been updated to reflect the fact that the Chamber of Commerce and Industry administers the Aboriginal Business Directory. A new exemption has been added recognising goods or services may also be supplied by Supply Nation.

To avoid ambiguity and confusion, the preference is to update the Shire's Purchasing Policy so that it aligns with the Regulations in all respects.

Additionally as part of this Policy review, it is proposed to add an additional quotation exemption to Policy Section 3.6 Exemptions Relating to Policy Requirements for Quotations.

The addition of exemption 3.6(1)(cc) is for the removal of requirements to seek quotations for veterinarian services. With only one veterinarian operating in Kununurra, Shire Rangers are unable to seek quotations in accordance with Policy requirements when requiring services of a veterinarian. The exemption is necessary to streamline internal compliance procedures.

The revised Policy is attached.
