CBP 2021-2025

Introduction

The Corporate Business Plan, together with the Strategic Community Plan, are the Shire of Wyndham East Kimberley's plan for the future and have been prepared in compliance with the Local Government Act 1995 and Local Government Regulations 1996.

The Corporate Business Plan guides the Shire on what services and projects will be resourced and delivered over the next five year period. The Plan is the key document which has informed the preparation of our annual budget and ensures that the Strategic Community Plan is activated whilst also taking into account other key strategies and plans such as the Asset Management Plan, Long Term Financial Plan and Workforce Plan.

The activities within the Corporate Business Plan are reviewed and reprioritised annually to ensure the community's vision is being implemented. This year we undertook a community scorecard survey to inform the review and prioritising actions within this plan.

The current pandemic and remaining emergency arrangements have resulted in uncertainty, and it is our priority to help support the community and business through these challenging times, which is why we will continue to focus on prioritising the Shire's resources and finances to support the local economy to recover. All the same, we will embrace these challenges, capitalize on the opportunities they provide and improve our organisation; the services it provides and the facilities and infrastructure it manages.

I would like to thank all staff for their continued commitment to the delivery of the Corporate Business Plan, as well as Council, which has supported the development and implementation of our Strategic Community Plan to ensure that the long-term vision for the Shire is achieved.

Vernon Lawrence Chief Executive Officer

Strategic Direction 2027

Strategic Community Plan 2017-2027

Vision for the Shire of Wyndham East Kimberley:

To be a thriving community with opportunities for all

Mission for the Shire of Wyndham East Kimberley:

To develop in a manner that will achieve social, cultural, economic and environmental benefits for all

Values of the Shire of Wyndham East Kimberley:

- **Inclusivity** We recognise the diversity of our community and want to ensure that everyone can actively participate in community life.
- **Unity** We will work collaboratively with the community, united in a common purpose.
- **Sustainability** Ensure that the aspirations of the community can be met within budget in order to remain socially, environmentally and financially sustainable.
- **Responsibility for our own future** We will actively participate in providing input to decision making at a state and national level on issues that affect our region.
- **Leadership** We will listen to the community's concerns and advocate for issues that are important to residents.

Integrated Planning and Reporting Framework of the Shire of Wyndham East Kimberley:

Focus Areas and Goals of the Shire of Wyndham East Kimberley:

Healthy vibrant active communities

Improving liveability through social and recreational opportunities, a range of inclusive community services and activities, and valuing our diversity.

<u>Goals:</u>

- 1.1 Bring community together and promote our rich culture and heritage
- 1.2 Increase community participation in sporting, recreation and leisure activities
- 1.3 Promote quality education, health, childcare, aged care and youth services

2 Enhancing the environment

We value our Kimberley lifestyle and natural environment. We will work to improve the liveability of our towns and their connection to our surrounding environment.

PEOPLE

<u>Goals:</u>

- 2.1 Conserve the Shire's unique natural environment for the enjoyment of current and future generations
- 2.2 Provide sustainable public infrastructure that serves the current and future needs of the community
- 2.3 Make towns safe and inviting for locals and visitors

3 Economic prosperity

For the Shire to be open for business with a growing and successful economy and jobs for all.

PROSPERITY Goals:

- 3.1 To deliver the critical infrastructure that will create the conditions for economic growth across the Shire
- 3.2 To be business friendly and the Shire of choice for inward investment in the Kimberley
- 3.3 Develop and retain skilled people that business needs to succeed

4 Civic leadership

We will deliver services to the community efficiently, provide leadership and governance that is future thinking, transparent and accountable.

Goals:

- 4.1 Effective representation through advocacy at a regional, state and national level
- 4.2 Good decision making though engagement with the community
- 4.3 Ensure a strong and progressive organisation delivering customer focused services
- 4.4 Sustainably maintain the Shire's financial viability

Strategic Community Plan 2017-2027

Focus Area outcomes for the Shire of Wyndham East Kimberley:

The Strategic Community Plan (SCP) Focus Areas provide an overarching statement that describes the future desires of the community. The Focus Areas are based on community outcomes, and the end result that the community will see once the SCP strategies have been successfully implemented and goals achieved.

Focus Areas	Community Outcomes	
	A Shire With:	A Council that:
PEOPLE	 A unified community that has active and healthy lifestyles Young people that are engaged in their families, schools and communities Upgraded and improved sport and recreation facilities Greater access to childcare, education and less anti social behaviour 	 Supports community events Has greater understanding and knowledge of the Shire's heritage Collaborates with others to tackle disadvantage
PLACE	 Improved environmental management and biodiversity outcomes A community that respects and cares for the natural and built environment Well connected and maintained network of shared paths and trails Well planned and maintained infrastructure and improved streetscapes 	 Facilitates development responsibly and encourages sustainable design principles Adopts sustainable environmental practices Maintains public areas such as parks, gardens and ovals to a high and sustainable standard Maintains infrastructure to positively impact residents and users
PROSPERITY	 A strong local economy and access to jobs Infrastructure that supports industry growth Educational and training opportunities that lead to entrepreneurship or employment 	 Supports the growth of business Attracts new investment, both public and private Promotes and markets the Shire
GOVERNANCE	 Sustainable revenue and expenditure Existing and future services funded 	 Works in the best interest of the community Engages with the community and keeps it informed about decisions and its activities Lobbies and represents the community at all levels of government

2021 Community Survey of community opinions and views

During 2021 the Shire engaged Catalyse to undertake a Community Scorecard Survey to gather community opinions and views and priorities. The full results can be found on the Shires Website.

Community Priorities

The scorecard captured the community's top eight priorities and actions, being:

Community safety and crime prevention

Maintenance of sealed roads

Playgrounds, parks and reserves

Services and facilities for youth

How Kununurra town centre is being developed

Services and facilities for families and children

Sport and recreation facilities and services

Access to housing that meets your needs

Community driven actions

Community Safety and crime prevention

- Facilitate a reduction in youth committing crimes by introducing a range of initiatives
- Advocate for a greater police presence in the Shire, especially at night time
- Provide an expansion and improvements to the CCTV network (i.e., more cameras throughout the Shire, number plate recognition, cameras at schools and businesses)
- Provide more street lighting

Maintenance of sealed roads

- Provide resealing and repair of damaged roads (i.e. Weaber Plain Road)
- Provide guidelines that ensure comprehensive road repairs in which entire roads are resealed instead of patching up pot-holes
- Provide more regular road maintenance
- Provide improved drainage and construction of sealed roads to mitigate the damage that occurs during the wet season

Playgrounds, parks and reserves

• Provide maintenance of parks and reserves (i.e., weeding, planting, litter)

- Provide upgrades, expansions and maintenance of playgrounds
- Facilitate the development of more recreational opportunities and play equipment in parks and reserves (i.e., flying foxes, basketball courts, exercise equipment, BMX trails, hit-up walls, water parks, scooter and bike paths, skate parks, natural play equipment and bush-walking trails).
- Provide more shade in parks and playgrounds.
- Provide more picnic amenities and areas in parks and reserves such as barbeques, benches, shaded open spaces and water fountains
- Facilitate the development of more parks and reserves

Services and facilities for youth

- Provide more activities for youth that cater to a diverse range of interests
- Facilitate the development of a safe house or youth centre that provides youth services that help take youth off the streets
- Facilitate the development of more safe youth hang-out spaces and accompanying facilities (i.e., free Wi-Fi, basketball courts, areas to do art, skate parks, barbeque areas, climbing wall, water parks etc.)

How town centres are being developed

- Facilitate the revitalisation of town centre
- Facilitate retention of local businesses and encourage new businesses to open

Performance

Overall, the 2021 Community Scorecard Survey has seen healthy improvements in a number of performance areas with stand-out improvements in:

- Leadership
- Advocacy and lobbying
- Support for community groups
- Street lighting

Considering the survey results in this plan

The review of this Plan considered the high priority areas that the community would like the Shire to focus on.

About our Shire

Land area: 121,000 km²

Distance from Perth: 3,215 km

Top three employing industries

Key Drivers

Agriculture

Forestry

Mining

Tourism

Rangelands (Pastoral)

Government and service sectors

Increasing opportunities for Indigenous people

The above key drivers of community and economic development are just some of the drivers identified for the Shire

Key Opportunities

Enhance economic development outcomes by extending the EKRA runway to accommodate larger aircraft (code C4) to drive export to Asia, tourism and jobs.

Increasing use of information and communications technology for improved service delivery to the community

Natural environmental assets in the East Kimberley

Developing an industry around aquaculture

Expansion of the Ord irrigation area

Improving liveability of our towns

Attracting inward investment

Challenges facing the Shire

Impacts of Coronavirus Cost of doing business Anti-social behaviour Addressing liveability issues Attracting and retaining skilled labour Extreme weather and climatic changes Costs of operating across a large geographical region

THE AREA IN COLUMN

The Shire of Wyndham East Kimberley is the local government covering the district of the Wyndham East Kimberley and includes the towns of Wyndham and Kununurra.

External influences

WA's unemployment rate stood at 6.2% in January 2021, down from its COVID-19 induced peak of 8.7% in June 2020. WA is also the only state in the nation to post a budget surplus over the past year and now boasts a substantial budget surplus. Nevertheless, the impact of the state of emergency on business as well as Shire operations has been significant with reduced revenues. Additional waves of infections and more particularly additional border closures will greatly effect economic activity within the Shire and have a range of associated negative and unforeseen impacts. Those include with respect to housing which is making it difficult for many businesses, along with the Shire, to attract and retain skilled staff. Increases in stimulus funding from both the State and Federal Government obliges the Shire to quickly 'gear- up' to draw on external funding for its major projects, having in mind that the increase in civil and building construction activity will likely have an impact on the availability for contractors to undertake those projects and, likely too, to increase costs.

The Shire played a key role in the COVID-19 pandemic emergency management arrangements that were initiated in 2020 which remain today. This has provided a clearer picture of the demands for improved communication in supporting key emergency service organisations such as WA Police, the WA Country Health Service and the Department of Communities. Updated

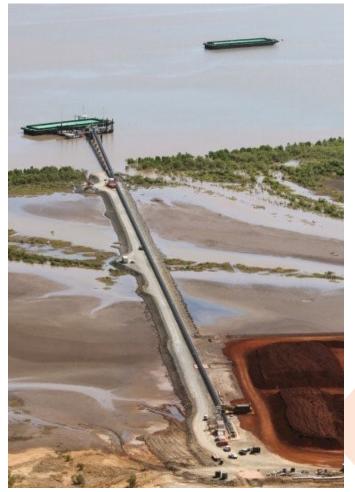

International and State border closures have seen an increase in domestic travel to the East Kimberley increasing demand for visitor accommodation and

pressure on local services. It has put a (mostly welcome) pressure on tourism and accommodation providers, which may now be in a better position to 'gear-up' for the following year and to further finetune their product.

In light of the low cost of borrowing and access to stimulus funding, the Shire is hopeful of a number of major projects coming on stream including for a new Cotton-Gin; the Seafarms Prawn Processing Facility, and for Hydrogen generation. These too will put pressure on housing availability and the ability of the Shire's infrastructure to cope with additional usage, planning must be done to prepare for the increase. In light of this, the Shire will be advocating heavily to all levels of government for support for master planning and more particularly upgrades to urban (service) and road infrastructure and promote an interagency approach. Additionally,

the Shire will need to draw upon its recently adopted Economic Development Strategy to address liveability issues and strategies to revitalise the main towns through new landscaping and improving connectivity, as well as to enhance the visitor experience.

One of the greatest impacts of the state of emergency has been with respect to the Shire's main airport in Kununurra, which has been drastically reshaped in light of the changes to regional air transport. The airport now lands larger aircraft with much larger passenger numbers and is impacting upon the capability and capacity of its airside and terminal infrastructure and for this reason, upgrades to these facilities is a major priority.

External Influences will greatly impact the Shire's finances such as grant funding, rates, revenues and the cost of borrowing. This plan aims to balance the demands for increased spending and investment in community infrastructure against the maintaining a balanced budget, i.e., that revenue is equal to expenses. The Shire will seek the maximum external funding for Shire projects through the use of specific purpose grants and will advocate heavily for additional investment in the region.

The Shire advocates and lobbies hard on behalf of the community to address liveability issues impacting our community. These are demonstrated by a number of projects which rely heavily on securing commitment from the West Australian or Australian governments. This year the Shire has developed summary project plans in the back of this document to assist in the Shire's advocacy and lobbing activities and which complement its Economic Development Strategy. This will include advocating for and undertaking master planning for major industrial expansion and for major infrastructure upgrades as well as for greater choice in affordable housing options.

Our Organisation

Role of Local Government

The Shire is a corporate body. Elected Council members make decisions and set policy. Shire officers provide information and advice to, and carry out the Council's decisions. Council ensure compliance with the requirements of the Integrated Planning and Reporting Framework. The administration deliver the services required to deliver the Strategic Community Plan's vision and goals as identified by the community and elected members.

Roles of Councillors

The role of an elected member is prescribed in the Act as representing the interests of electors, ratepayers and residents, providing leadership and guidance, facilitating communication between the community and Council and participating in the local government's decision-making processes. The President has the additional roles of presiding at meetings, carrying out civic and ceremonial duties and speaking on behalf of the local government.

Role of the Chief Executive Officer

The role of the Chief Executive Officer (CEO) is to: advise the Council in relation to the functions of the local government; ensure advice and information is available for Council to make informed decisions; implement Council decisions; manage daily operations; manage staff, and liaise with the Shire President regarding organisational performance.

Council Decision Making

Decisions of Council are made at Ordinary Council Meetings and are generally held on the fourth Tuesday of each month at the Council Chambers in Kununurra and Wyndham. These meetings commence at 5pm and are open to the public.

Council Decision Making Criteria

To ensure that the Shire maintains a balance between aspirations and affordability, Council have developed a set of decision making criteria. This criteria show what Council takes into account when considering significant issues. They reflect our values and the decision making approach applied to developing the Shire's plans and will continue to be applied as it is implemented.

How well does it fit our Strategic Direction?

Does the option help to achieve our vision and goals?

Who benefits?

How are the benefits distributed across the community?

Can we afford it?

How well does the option fit within our long term financial plan? What do we need to do to manage the costs over the lifecycle of the asset / project / service?

Does the community support it?

What is the level of community support?

How well informed is the community about the costs and benefits of the option?

Is the community united or divided? What is the evidence?

Does it involve an acceptable level of risk?

- What level of risk is associated with the option?
- How can it be managed?
- Does the residual risk fit within our risk tolerance level?

Delivering Shire Services

To deliver services to the community, the Shire's organisational structure is grouped into four operational and functional directorates which are guided through the leadership of the CEO. Within each directorate are several service-specific units that are responsible and accountable for delivering services and implementing the Corporate Business Plan in accordance with their specific expertise.

The tables in Shire Services section of this plan, outline the services for each of the Directorates grouped by Department and Service Unit. The tables shows the linkage to the Strategic Community Plan and the projected future service level over the four years of the plan.

Our Organisational Structure

To implement the objectives in the Strategic Community Plan, the Shire has functional Departments and service delivery units. Each of these plays a role in the planning, delivery, advocacy, maintenance and overseeing the delivery of services and infrastructure for our community.

An overview of the organisational structure has been included at the start of the Shire Services section of this plan and is titled Organisational Overview.

Organisational commitment to delivery

The Shire is committed to achieving the goals and community outcomes of the Strategic Community Plan. The Shire's commitment to be effective, sustainable, responsive and transparent will support the delivery of the Plan for the Shire.

Effective

We will ensure that all work is undertaken in a cost effective manner providing value-formoney to the community. We will focus on quality in the delivery of all services and programs. Our internal systems will be efficient and will focus on enabling effective delivery.

Sustainable

We will operate within our means, developing budgets that are affordable.

Responsive

We recognise that the community is our customer. We will operate with a strong customer service focus in all our work.

We will enable the community to provide feedback on and input to our activities and we will respond in a timely manner.

Transparent

We will report regularly to the community on progress against this plan.

Shire Priorities

Highlights for the year ahead

With defined resources there is a growing need to deliver services that meet the needs and expectations of the community while reducing pressures on rates revenue.

The Shire is focusing on the things that will make a difference to support the focus areas, goals and the associated community outcomes. The following are the priority projects for year one (2021/22).

CBP Action Identification (AID) number

Priority five year projects

The Shire is actively planning and advocating for funding for a number of significant projects over the five years of the plan. These priority projects include:

Kununurra Leisure Centre Upgrades

Provide community with a fit for purp<mark>ose accessible leisure</mark> facility that improves the liveability in a remote community and an escape from the wet sea<mark>son heat. Includes:</mark>

- Water Playground (\$3m)
- 50m Swimming Pool and new leisure pool (\$6m)
- New Storage Space
- Additional program space

CBP-448 KLC—Renewal and upgrade Kununurra Leisure Centre

Town Centre revitalisation

Development of vibrant welcoming town centres that are welcoming for residents and visitors. Includes:

- Kununurra Streetscape plans and guidelines
- Wyndham Three Mile Streetscape plans and guidelines
- Wyndham Port Streetscape plans and guidelines
- Tree planting including for baby trees
- New street furniture (Benches, bins surrounds, water fountains)

CBP-206 Town Centre Revitalisation

Road renewal program

Undertake road renewal such as reseals to maintain a pothole free road network. 2021 saw a marked increase in the number of potholes reported by the community. This year the Shire will work to improve the organisations ability to respond to road safety concerns.

12 A.

PEOPLE

CBP-251 Road Renewal Program

Wyndham Boat Launching Facility (WBLF)

Repair and upgrade the Wyndham Boat Launching Facility to maintain safe access to the Gulf. Design new ramp and jetty Seek funding

CBP-471 Boat Ramp and Jetty Renewal Program

Priority five year projects

EKRA expansion

The Shire is working upgrade airport infrastructure to meet the growing demand from visitors and residents as well as local business freight. Includes:

- Terminal upgrades
- Widening and lengthening the runway
- Taxi way and apron upgrades
- Freight facilities

CBP-237 EKRA Upgrade airside facilities to meet current and future demand

Development of Tourism infrastructure

The Shire will support the implementation of the East Kimberley Tourism Plan to attract investment and growth in the tourism sector. Includes promoting and seeking investment in:

- Additional visitor accommodation •
- Improving access and facilities at key visitor attractions

1à

PROSPERITY

CBP-226 Support the East Kimberley Tourism Plan

PROSPERITY

Advocacy for strategic economic development projects

The Shire will advocate and help plan for strategic economic development projects that will provide sustainable employment across the Shire. Including:

- Maintaining an Investment Prospectus
- Promoting and advocating for key regional investments identified in the Investment Prospectus
- Focusing on liveability and housing

CBP-550 Investment Prospectus

Develop customer focused corporate enterprise system

The Shire is aiming to improve the customer experience by updating the systems that are used to manage customer requests and records. The new system will better track customer requests and enable staff to better respond to customer needs.

CBP-196 ICT - Develop customer focused corporate

Resourcing Our Plan

The Shire is planning for a positive and stable future, despite the current uncertainty caused by COVID-19.

This plan has been significantly informed by the Shire's Strategic Resource Plans Long Term Financial Plan (LTFP), Asset Management Plans and its Workforce Plan, with the Shire's LTFP setting out the financial resource requirements to ensure we can continue to provide quality services to the community, responsibly manage our assets and deliver our identified projects and initiatives.

What we plan to spend on assets over the 5 years of this Plan

Roads	\$17,270,000
Footpaths and shared paths	\$1,248,000
Parks, gardens and reserves	\$2,100,000
Buildings	\$3,580,000
Plant and equipment	\$2,890,000
Airfields	\$30,000,000
Recreational facilities	\$16,500,000

Nature and Type	Estimate	d % change between 20/21 and 21/22
Rates	+1.0%	Minimum increases in rates
Grants	+214%	Disaster recovery and other funding secured
Fees and Charges	+7.73%	Return to pre-pandemic revenue
Depreciation of Assets	+14.6%	Review of cost of renewal works
Interest earnings	-17.7%	Reduction in interest rates

The above figures are based in the estimated draft budget for 2021/22 at the time of reviewing the CBP

Financial Management

In order to sustainably manage the Shire's operations, the Shire has produced the Long Tem Financial Plan. The Long Tem Financial Plan is a ten year rolling plan that incorporates the four year financial projections accompanying the Corporate Business Plan. It is a key tool for prioritisation and for ensuring the financial sustainability of the Shire. A key aspect of the Long Tem Financial Plan is to integrate with the other strategic documents of the Integrated Planning and Reporting Framework such as the Asset Management Plan and Workforce Plan. Annual Budgets will then be directly aligned to the Corporate Business Plan, the Long Tem Financial Plan and other informing documents. The projects and services listed in this Corporate Business Plan also inform the development of years 1 to 5 of the Long Term Financial Plan includes detailed commentary on the projections and should be referred to separately.

The financial projection assumptions for the four years of the plan can be found in the Shire's Summarised Financial Position and Rate Setting Statement.

Summarised Financial Position and Rate Setting Statement

This table summarises the indicative financial position for the five years of the Corporate Business Plan, 2021/2022 to 2025/2026. The estimated rates needed to fund the activities proposed in the plan are also outlined at the bottom of the table. The 2021/22 figures are derived from the draft 2021/22 budget.

	2021/22	2022/23	2023/24	2024/25	2025/26
Net current assets at start of financial year	3,956,303	0	0	0	0
Revenue from operating activities (excluding rates and non-operating grants, subsidies and contributions)	9,629,998	9,774,448	9,921,065	10,069,881	10,220,929
Expenditure from operating activities	(27,932,115)	(28,351,097)	(28,776,364)	(29,208,009)	(29,646,129)
Operating activities excluded from budget Profit/(Loss) on asset disposals Depreciation	41,500 7,116,239	50,000 7,222,983	50,000 7,331,328	50,000 7,441,298	50,000 7,552,917
Amount attributable to operating activities	(7,188,075)	(11,303,666)	(11,473,970)	(11,646,830)	(11,822,282)
Investing Activities Non-operating grants, subsidies and contributions Purchase property, plant and equipment Purchase and construction of infrastructure Proceeds from disposal of assets Proceeds from self-supporting loans	16,883,412 (2,331,297) (24,672,213) 20,000 6,694	20,000,000 (1,140,000) (25,000,000) 20,200 3,000	20,000,000 (2,500,000) (20,000,000) 20,402 0	10,000,000 (2,500,000) (10,000,000) 20,606 0	10,000,000 (2,500,000) (10,000,000) 20,812 0
Financing Activities New loans raised Repayment of loans Net movement in reserves	3,300,000 (1,025,883) 4,432,221	1,400,000 1,000,000 4,286,698	1,000,000 1,000,000 1,058,794	1,000,000 1,000,000 1,068,028	1,000,000 1,000,000 1,077,401
Budgeted Deficiency before general rates	10,575,141	10,733,768	10,894,775	11,058,196	11,224,069
Net Current Assets at end of financial year	0	0	0	0	(0)
Rate Increase	1.0%	1.5%	1.5%	1.5%	1.5%

Workforce Management

It is essential to plan for a workforce that can deliver the Corporate Business Plan and to consider the workforce implications of the Strategic Community Plan. The Workforce Plan addresses: the skills, expertise and knowledge requirements; the desired organisational culture (and how to develop it); what organisational structure will work best; recruitment and retention in the context of labour market challenges, and opportunities and the facilities and equipment needed to support a productive and inclusive workforce.

A range of issues impact the current and future workforce at the Shire and align with several of the pressure points highlighted in the Kimberley Workforce Development Plan 2012-2017 . These include:

- The high cost of living and relocation
- A difficulty in sourcing specialised and experienced people locally
- Competition for experienced and skilled labour
- Comparatively high staff turnover, which is also a feature of the Kimberley region
- Low breadth of skilling (training) options and available skilling choices locally and high cost of imported skilling.

To continually improve upon these highlighted challenges in workforce planning, the Shire aims to build, attract and retain a relevant skilled workforce to meet the ongoing and future needs of the Shire. The Shire's Workforce Plan 2017-2021 contains a range of priority items to address workforce development challenges. These priorities will be based on core consideration in regard to:

- an examination of existing capacity and capability of the workforce
- an assessment of current and future demand for changing and adapting workforce skills
- current and future workforce gaps; and
- the development of realistic and achievable workforce development strategies

Workforce Plan

Directorate	2020/21	2021/22	2022/23	2023/24	2024/25	2025/26
Office of the Chief Executive	6.6	6	6	6	6	6
Planning and Community Development	22	23.1	23.1	23.1	23.1	23.1

Total workforce cost	10.591.444	11.181.000	11,437,000	11,700,000		

Asset Management

The Shire has a large portfolio of physical assets that the community rely on everyday. The sole purpose of all the Shire's physical assets is to facilitate provision of services. A service may be critical such as transportation through roads or to provide amenity through parks and playgrounds.

Asset Management is an integral part of the process of understanding what services the community require, identifying the physical assets that will facilitate the delivery of the service and planning to ensure that they are maintained and managed in a sustainable way.

What Assets does the Shire manage?

The Shire is responsible for the day to day management of an extensive portfolio of transport, recreation and community facilities assets. The Shire manages approximately \$380m worth of assets on behalf of the community. These assets support the delivery of services and community's day to day activities such as:

- Footpaths: Provide safe access in and around the Shire for pedestrians and cyclists
- **Roads:** Provide spaces for various transportation modes which connect places and communities.
- **Playgrounds:** Provide opportunities for play, while benefitting and contributing to a child's cognitive, physical and emotional development.
- Buildings: Provide spaces for libraries and community halls where people can learn and meet.

In almost every case the services we deliver rely on physical assets for their delivery.

Assets Management Programs

The Shire has developed capital works programs to plan the maintenance and renewal of physical assets. These programs cover specific groups of assets and have a minimum five year outlook. Each program provides detailed information on the Shire's Capital Works Projects planned over the next five years. These programs are summarised in the Operational Plans. The Shire have identified 22 categories of assets held by the Shire. Over the last 3 years 15 programs have been developed with the balance to be completed over the next 12 months.

The program areas include:

- Roads
- Footpaths
- Drainage
- Boat ramps and jetties
- Recreation and open space facilities (Parks, playgrounds, sports fields, swimming pools, sports halls)
- Airports
- Property (Community buildings, libraries, staff housing)
- Mobile plant and equipment

Capital works programs is also categorised by activity, these are as follows:

Activity	Definition
Maintenance	Regular works to maintain an asset, such as minor repairs, servicing, crack seals
Renewal	Works to restore, rehabilitate or replace an existing asset to the equivalent of its original service condition. For example resurfacing a road (re-sheeting or resealing) or repairs to a building.
Upgrade and Creation	Work over and above restoring an asset to produce a higher level of service. For example widening a road or an extension to a building. Creation is new works that create a new asset that did not previously exist.
Disposal	The process of removing or disposing of an asset.

CBP 2021-2025

Asset Management and Capital Works Programs

The Shire's main capital works programs are listed in the following table to demonstrate how they link to the Shire's strategic plans. These strategic plans are based on the community goals and needs identified in the Strategic Community Plan and set out the approach the Shire will take and actions needed to maintain and develop each asset group. The programs are summarised as actions in this plan.

A list of other informing documents referenced in this Plan are listed at the back of this plan.

The programs have been developed to ensure our existing infrastructure is sufficiently maintained and renewed and to anticipate emerging needs within the community. The development of each program takes into consideration the community goals of the Strategic Community Plan and affordability.

Risk Management

Risk management is an integral part of good business practice and an essential element of sound corporate governance. Identifying and managing risk enables a more robust basis for decision-making and facilitates continuous improvement in performance. In 2018/19 the Shire prepared a detailed Risk Management Framework and Plan to effectively document and manage risk and this is summarised in the below.

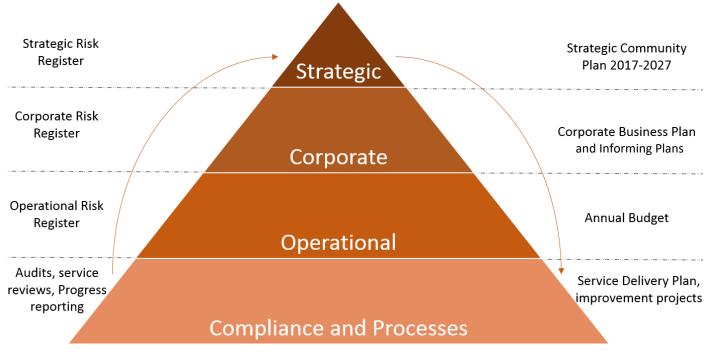

Strategic risks are things that could prevent or seriously impede the achievement of the Strategic Community Plan. These risks can fall into the following categories:

Service Delivery Interruption: The interruption and non-performance of functions by the Council.

- <u>Community:</u> Community risk arises from inadequate or unclear communications of Council activities and plans to the local community members or a lack of consultation between Council and ratepayers.
- <u>Environment:</u> Environmental risks arise from poor or inadequate practices and systems when working in the environment.
- <u>Finance:</u> Financial and Budgetary risks arise from the misuse and/or poor management of annual budget, government grants and funding.
- Legal and Compliance: Legal implications and breaches, including fines and custodial sentencing and compliance with legislation and Local Laws.
- <u>Operational:</u> Operational, which includes resourcing risks arise from failed day-to-day business practices, processes, systems and personnel.
- <u>People Health and Safety</u>: Occupational Safety and Health (OSH) of our own staff and that of our contractors, volunteers and members of the public. These risks arise from failing to adhere to the Shire's OSH Policy and failure to report and manage known.
- <u>Property:</u> Damage to Shire property arising from mismanagement, vandalism and lack of security.
- <u>Reputation:</u> loss resulting from damages to the Shires reputation, in loss of revenue, increased operating, capital or regulatory costs; or a consequence from a misconduct or criminal event.

The actions contained in the Corporate Business Plan outline the planned projects, activities and tasks that will be delivered over the next four years to support the focus areas, goals and the associated community outcomes. Actions that a control or mitigation for a strategic risk have the risk identification number listed against it (RID).

Shire Risk Management Framework

Resourcing

Strategic Risks

The following table lists the Shire's Strategic Risks against each of the Shire's Strategic Community Plan Goals.

1.1 Bring community together and promote our rich culture and heritage
Eailure to understake officiative community angegement strategies which develop the Shire's understanding of the people and conjugations
 railing to understate energies community engagement strategies which develop the Shife's understanding of the heeds and aspirations of the community, grow community capacity and ensure supportable outcomes are reached with stakeholders. 1.2 Increase community participation in sporting, recreation and leisure activities
Follows to provide community convices which most the people and expectations of the community to support assigl echosian and
⁵ participation.
1.3 Promote quality education, health, childcare, aged care and youth services
Failure to facilitate community development initiatives which support positive social outcomes for community members, including; health, aged care, youth services and Indigenous services.

Failure to manage the appropriateness and effectiveness of the Shire's systems and procedures in relation to risk management, internation to risk management, internation and legislative compliance
10 Failure to adequately resource and manage funding requirements which meet the needs of the Shire's service delivery requirements and strategic objectives

Implementation and monitoring

Community Engagement

Community engagement is a key part of the Shire's decision making process. Community Engagement is the process through which the community are informed about and invited to contribute, to proposals or policy changes relating to Shire services, events, strategic plans and projects. Although Elected Councillors represent the community and make decisions, community input helps to ensure that the Councillors elected consider the views of community members before making decisions.

In February 2021, a community survey using a community Scorecard was undertaken by the Shire to survey the community perception of the our community and the Shire. The scorecard together with previous surveys, evaluated community needs and aspirations and has aided in the development of this Plan.

Monitoring and Reporting

The Corporate Business Plan is built on Operational and Service Delivery Plans that allocate responsibilities, timeframes and resources for implementation of prioritised actions and projects. The implementation of the actions and projects will be monitored and reported on a quarterly basis against forecast targets, completion dates and year to date expenditure against budget. Performance will also be monitored and reported against operational key performance indicators that will

be progressively developed and implemented across the organisation.

Quarterly Reporting

The Shire produces a Quarterly Progress Report detailing the Shire's progress over the three month period. The report reflects the progress of individual actions of the Corporate Business Plan which are linked to the Strategic Community Plan. This ensures each staff member is working towards achieving the strategic direction of the Shire.

Quarterly reports also provide Council with an opportunity to update this plan.

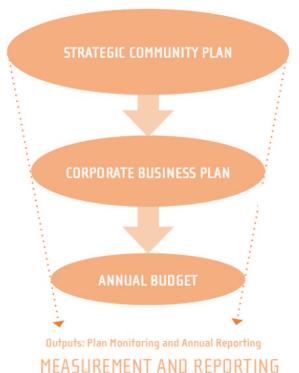

Annual Reporting

The Annual Report is a key formal reporting mechanism for reporting annual progress. Significant changes to either the Strategic Community Plan or Corporate Business Plan must also be recorded in the Annual Report.

Reviewing the plan

All elements of the Corporate Business Plan will be reviewed and amended as required each year prior to the annual budget setting process. This enables the corresponding year of the Corporate Business Plan and Long Term Financial Plan to accurately inform the next annual budget.

COMMUNITY ENGAGEMENT

Project summary by strategy

This section summarises the planned projects being undertaken over the five years of the Corporate Business Plan. The Shire's projects and actions are listed by the Strategic Community Plan Goal and Strategy. Please refer to Operational Plans for additional detail.

Improving livability through social and recreational opportunities, a range of inclusive community services and activities, and valuing our diversity.

Vibrant communities

1.1: Bring community together and promote our rich culture and heritage

The Shire will bring our culturally diverse community together in an age of ever-increasing social isolation and divide across generations and cultures creating vibrant inclusive communities.

Community Outcomes

- Unified community "Neighbourhood feel" people look out for and after each other
- Young people take full advantage of opportunities to achieve their lifelong potential
- Events are well attended, attracting regional and national recognition
- Greater community involvement in events
- Celebration of culture and heritage

Action	2021/22	2022/23	2023/24	2024/25	2025/26
1.1.2: Support and promote an increase in the number of events and cultural diversity	activities that e	ncourage a ser	nse of identity,	belonging and _l	promote
101 Develop and implement an Art and Culture Plan		Develop \$15,000	Develop \$15,000	Implement \$10,000	Implement \$10,000
102 Provide suitable venues for current and future events	Develop	Review \$10,000	Implement	Implement	Review
1.1.3: Promote and share our unique culture and history and protect t	he community's	s heritage asse	ts		
103 Record heritage places and promote their conservation	Review \$40,000				Review \$40,000

Active communities

1.2: Increase participation in sporting, recreation and leisure activities

The Shire is the primary provider of sporting, recreation and leisure facilities. The Community want to see the Shire maximise the benefits and accessibility of those facilities for community use and support community groups to increase in participation.

Community Outcomes

- Everyone can participate in accessible leisure and recreational facilities and programs
- Strong not-for-profit community groups and clubs
- Act, Belong, Commit

	Action	2021/22	2022/23	2023/24	2024/25	2025/26

A Shire led by a Council and supported by an administration committed to delivering Shire services efficiently, and providing leadership and governance that is future thinking, transparent, accountable and relevant.

Listening

4.2: Good decision making through engagement with the community

Greater community participation in the decisions and affairs of local government and greater accountability of local government to the community. The Shire will deliver consistent effective communications and engagement to support the strategic goals and outcomes of the Strategic Community Plan.

Community Outcomes

- The community are represented and actively participate in forums and events to discuss and inform local decision-making
- The community is satisfied with how it is consulted about local issues and opportunities
- The community is satisfied with Council's leadership

Action	2021/22	2022/23	2023/24	2024/25	2025/26
4.2.2: Ensure community input informs planning and decision making					
401 Undertake community perceptions survey		Implement \$17,000		Implement \$17,000	
4.2.3: Improve access to information though modern design, clear lan	guage and eas	y navigation			
402 Implement the Communications Strategy	Develop \$10,000	Implement \$50,000	Review \$5,000		Implement \$0

Progressive organisation

4.3: Ensure a strong and progressive organisation delivering customer focused services

We all expect good service that meets our needs; good services are customer focused and responsive to customer needs. To deliver good service the Shire needs to attract, develop and retain the best people, create an environment that promotes and encourages best practice and continuously works to innovate and improve while complying with regulation.

Community Outcomes

- Shire staff are seen working with professionalism delivering services for the community
- · See familiar friendly faces when interacting with the Shire
- The Shire helps to find solutions and is proactive when an issue arises.
- Improved use of technology

	Action	2021/22	2022/23	2023/24	2024/25	2025/26		
4.3	4.3.1: Develop a customer focused corporate structure that reflects and meets the needs of the community

Service Areas, Services and Programs

Building Services

Building Services is responsible for ensuring that all building construction within the Shire complies with all relevant codes, regulations and standards.

Shire Service	Link to SCP	Future service
Building Services		Statutory
Process building applications, Provide building certifying service, Provide building surveying advice to the public, monitor the completion of building (development) applications within the Shire to ensure compliance with legislation.	3.2.3, 4.3.2, 4.3.3, 4.4.1	Maintain
Pool fence Inspections		Statutory
Regulations require that the Shire inspects all private pool and spa enclosures every four years to ensure safety compliance.	2.3.5	Maintain
Property Enquiries		Statutory
Respond to requests for information and other property enquiries.	3.2.3, 4.3.2, 4.3.3	Maintain

Environmental Health To support public health and environmental safety through education, inspection and enforcement of regulations. Shire Service

Link to SCP Future service

OPERATIONAL PLANS 2021/22	Regula	tory Services
Environmental Health Inspections		Statutory
Regulations require that the Shire perform routine inspections of food premises, aquatic facilities, lodging houses, hairdressers and beauty premises, public buildings and caravan parks to ensure public health and safety compliance.	1.2.2, 2.3.5	Maintain
Event Applications and approvals		Statutory
Assist with and assess event applications for approval to ensure that venues are safe for patrons.	1.1.1, 1.1.2, 3.2.3, 4.3.2	Maintain
Health Complaints		Statutory
Administer, investigate and enforce environmental and public health amenity and safety standards - noise, dust, odours and other nuisance provisions.	2.3.5	Maintain
Health Promotions		Discretionary
Assist with health promotional activities, support programs and campaigns intended to improve public health.	1.2.2	Increase with the Public
Mosquito Management		Discretionary
Reduce nuisance and mosquito-borne disease risk through the implementation of the Mosquito Management Plan (MMP). Including: health promotion, sentinel chicken program, mosquito trapping, investigate mosquito complaints and disease notifications.	2.3.5	Maintain
Wastewater Management		Statutory
Assist with and assess waste water applications for approval to ensure compliance with public health legislation.	2.3.5	Maintain

Land Use Planning

The Shire's Land Use Planning Unit is responsible for strategic and statutory land planning and ensuring development within the Shire complies with its Local Planning Scheme, Local Planning Strategy, Residential Design Codes and other relevant legislation and policies. This is to ensure that land uses and property developments are appropriate for the area to create liveable communities and places.

Shire Service	Link to SCP	Future service
Establish Leases of Shire land, reserves and facilities		Discretionary
Establish or renew leases to organisations which cover land and buildings owned or managed by the Shire meet community needs.	1.2.3, 2.2.4, 3.2.4, 3.3.1	Maintain
Heritage		Statutory
To develop and maintain a Heritage List as a cultural and historic record of the Shire and to assist with heritage conservation objectives. The Shire's Heritage List is required to be regularly updated and reviewed.	1.1.2, 1.1.3, 1.1.4	Maintain
Planning Enquiries		Statutory
Respond to requests for information including land use, zoning and other planning enquiries.	3.2.3, 4.3.2	Maintain
Statutory Planning		Statutory
Provide development control in accordance with the Local Planning Scheme. Including the processing of development approval applications.	2.3.5	Maintain
Strategic Land Use Planning		Statutory
Manage all matters that relate to strategic planning primarily with respect to land use planning for the future development of the Shire.	2.2.3	Maintain

Project/Action

Regulatory Services

1.1: Bring community together and promote our rich culture and heritage

102 Provide suitable venues for current and future events

Ensure that venues (principally parks/reserves and facilities) are fit for purpose meeting the requirements for current events and help support additional events in the future. This action should identify and implement required improvements to existing venues (such as: The Bastion, Wyndham Racecourse, White Gum Park, Kununurra foreshore etc.) and developing appropriate locations for future key events in Wyndham and Kununurra.

103 Record heritage places and promote their conservation

Ensure that heritage places are recognised and recorded, and to promote their conservation into the future by maintaining a Heritage List of both cultural and built heritage. Work with local Heritage Groups to identify places of historical importance and nominate places for the State register.

2.1: Conserve the Shire's unique natural environment for the enjoyment of current and future generations

202 Implement the Lake Kununurra Foreshore Plan

Lake Kununurra Foreshore and Aquatic Use Plan (LKFAUP) is an important framework which brings together on and off water considerations, responds to key findings from the Foreshore Committee (dedicated stakeholder and community engagement process) and functions as a strategic document that provides guidance for recreation, development, restoration and rehabilitation of the Lake Kununurra area. The Plan aims to improve access to the Kununurra foreshore by balancing the demand for development against environmental and cultural protection.

211 Undertake Strategic Land Use Planning

Undertake appropriate planning for urban area expansion, particularly for new industrial and residential development to provide for locality-specific demand over the short, medium and longer term. Consideration will also be given to housing choice and affordability within the Shire.

2.3: Make towns safe and inviting for locals and visitors

213 Town Centre Revitalisation

Prepare plans for the revitalisation of town centre areas following Place Making principals. Purpose of these plans is to enable the development of vibrant welcoming centres for residents and visitors. Action to include the development of streetscape plans and guidelines for consistent look and feel of towns and create connection to the surrounding environment, such as tree planting.

Project/Action

217 Develop and implement a Public Health Plan

Public Health Act 2016 requires the Shire to prepare a Public Health Plan and review each year. A Public Health Plan (PHP) outlines actions necessary to ensure that the residents of the Shire have an acceptable level of health today and into the future. It must include a strategic framework for the identification, evaluation and management of public health risks in the Shire.

Provide physical and technological infrastructure, staffing and management of library collections. Library Programs and Events Discretionary Deliver programs and events through libraries. Programs delivered include Story Time, 1.1.4, 1.2.1, 1.3.4, Maintain Baby Rhyme Time and craft time. The Library also holds and promotes library events 3.3.2 including the Kimberley Writers Festival. Wyndham Library Discretionary Provide library services for the benefit of the Wyndham community. 1.1.4, 1.2.1, 1.3.4, Maintain 3.3.2

Recreation and Leisure

To provide and facilitate a wide range of sport, recreation and healthy lifestyle opportunities for the community through the delivery of strategic infrastructure planning, facility management, club development, beach services and leisure programming.

Shire Service	Link to SCP	Future service
Clarrie Cassidy Memorial Oval, Wyndham		Discretionary
Provide sports fields to the community of Wyndham.	1.2.1, 1.2.2	Maintain
Kununurra Leisure Centre		Discretionary
Provide a leisure centre to meet community needs, according to recognised standards and within defined cost parameters.	1.2.1, 1.2.2, 1.2.3, 1.3.2	Maintain
Kununurra Sports Facilities		Discretionary
Provide and manage sports facilities services including; tennis courts, basketball courts, sporting ovals and skate parks.	1.2.1, 1.2.2, 1.2.3	Maintain
Peter Reid Memorial Hall		Discretionary
Public hall for community use and is available to hire for functions and shows. The hall has a large stage and kitchen.	1.1.1, 1.1.2, 1.2.3	Maintain
Ted Birch Youth and Recreation Centre, Wyndham		Discretionary
Provide recreational facilities to the community of Wyndham including: undercover courts, outdoor courts and meeting and office space for youth services.	1.1.4, 1.2.1, 1.2.2, 1.2.3	Maintain
Wyndham Memorial Swimming Pool		Discretionary
Provide aquatic leisure facilities to the community of Wyndham.	1.2.1, 1.2.2, 1.2.3	Maintain

Project/Action

Community Development

1.1: Bring community together and promote our rich culture and heritage

101 Develop and implement an Art and Culture Plan

Support community groups and people to enjoy opportunities for artistic and cultural expression. The Shire recognises the universal value of culture and the arts to the wider community. Culture and arts are fundamental to human existence, especially to our history, identity, creativity and desire for play and enjoyment. Shire will support events that share our unique culture, art and history. The Shire will also partner and collaborate with key Aboriginal and community-based organisations to incorporate cultural reference to new facility development, including dual naming where appropriate.

1.2: Increase participation in sporting, recreation and leisure activities

104 Recreation and Open Space Renewal Program

Ensure that community recreation and Open Space facilities in Kununurra and Wyndham (outside of KLC and WLC) meet the needs of the community. Action includes developing and maintaining Recreation and Open Space Action Plan (ROSAP). The Plan will identify upgrades to public open space such as toilets, water fountains, playgrounds, change room facilities and improvements to recreation and sporting reserves.

105 WLC - Renew and upgrade facilities at the Wyndham Memorial Swimming Pool and Ted Birch Youth and Recreation Centre

Continue to find opportunities to develop and upgrade existing facilities at Wyndham Memorial Swimming Pool and Ted Birch Youth and Recreation Centre. Action to include disability compliant entrance and the eventual amalgamation of the two facilities into one facility to: improve services to the Wyndham community, remove the risk of Shire Officers working in isolation and reduce operating costs.

106 KLC - Renewal and upgrade Kununurra Leisure Centre

Renewal and upgrade of Kununurra Leisure Centre (KLC) including swimming pools to develop a centre to service the East Kimberley region. The existing lane pool has come to the end of its useful life and is in urgent need of replacement. Replacement pools will be located above the water table and include a 50m lane pool. The centre will include the free water playground. Much of this project is subject to securing external funding and activities over the five years may change.

107 Deliver a Community Grant Program

The Shire is committed to providing support for not for profit, community based, sporting, cultural, environmental, service groups and associations. This support is to foster high quality programs, community events, facilities and services that provide benefit to the community in alignment with the Council's Strategic Community Plan.

Project/Action

1.3: Promote quality education, health, childcare, aged care and youth services

108 Implement a Youth Strategy to promote youth services and program delivery

Work with a range of stakeholders to support and deliver youth services and youth support. Provide a collaborative approach to reducing street present children. Contribute to the Kimberley Regional Group Strategic Framework for Young People. Only when all parts of the community understand how inter-related factors contribute to young people doing well (or poorly) can the community work together to identify possible and appropriate solutions. Provide support for an Empowered Youth Leadership Group through Kununurra Empowering Youth (KEY) and developed school holiday programs

109 Renew and upgrade youth facilities

Provide infrastructure for youth (10 to 17) that supports the delivery of youth services. The Shire recognises the need for safe and common spaces for young people. The Shire will incorporate youth friendly spaces and facilities in urban planning. This action includes developing a Youth and Resilience Hub to support East Kimberley based youth programs.

2.3: Make towns safe and inviting for locals and visitors

212 Implement a Community Safety and Crime Prevention Plan

Undertake community safety and crime prevention programs and initiatives as set out in the Community Safety and Crime Prevention Plan (CSCPP). The CSCPP will assist in both prioritising actions and reporting on community safety matters. The CSCPP will include: Measures to detect and deter crime; Measures to address the underlying causes of crime; Increased coordination and response. Tasks include expanding the CCTV network

Integrated Planning and Reporting

Corporate planning is the act of creating long-term plans to direct the Shire and improve services. The Shire's Corporate Planning process is captured in the Integrated Planning and Reporting Framework and examines the Shire's internal capabilities and lays out strategies for how to use those capabilities to improve the organisation and meet goals. It aims to integrate community, organisational and business planning processes to drive corporate, financial, infrastructure, land-use, community service and human resource functions and operations.

Shire Service	Link to SCP	Future service
Annual Report		Statutory
The Annual Report is a key formal reporting mechanism in the IPR Framework. Significant changes to either the Strategic Community Plan or Corporate Business Plan must be noted with the Annual Report.	4.3.1, 4.3.3	Maintain
Community Scorecard		Discretionary
It is important for Council to know how the community feels about the services, activities and programs that the Shire provides. The Community Scorecard is a survey of the community's perception of the Shire. The scorecard evaluates community needs and aspirations that will inform budget decisions, strategic planning and performance evaluation. Every two years the Shire contracts independent market researchers to undertake the survey.	4.2.2, 4.2.3, 4.3.1	Maintain
Corporate Business Plan		Statutory
The Corporate Business Plan maps the Shire's key priorities, projects, services and actions over the next four years. It provides the detail for the first years of the Strategic Community Plan as well as detailing business as usual service delivery. It links annual operations to the Strategic Community Plan and informs the annual budget process.	4.2.2, 4.2.3, 4.3.1, 4.3.2, 4.3.3, 4.3.4, 4.4.3	Maintain

OPERATIONAL PLANS 2021/22 S	Strategic and Corporate Planning			
Project Planning and Reporting		Discretionary		
In order to ensure project success, project planning is a key element, through the Integrated Planning and Reporting Framework provide assistance with developing realist and achievable Project Plans and developing project reporting requirements.	4.3.3, 4.3.4, 4.4.2, ic 4.4.3	Increase		
Strategic Community Plan		Statutory		
The Strategic Community Plan is the long-term overarching document that sets out the community's vision and aspirations for the future. It also sets out the key strategies and actions required to achieve those aspirations.	4.2.1, 4.2.2, 4.2.3, 4.3.1, 4.3.2	Maintain		

Project/Action

Strategic and Corporate Planning

4.2: Good decision making through engagement with the community

401 Undertake community perceptions survey

Identify the community's perceptions and use the information to inform the Shire and other organisations to help improve services, facilities, inform budget decisions, strategic planning and performance evaluation. Survey information will also inform the review of the Strategic Community Plan and the Corporate Business Plan.

4.3: Ensure a strong and progressive organisation delivering customer focused services

405 Coordinate the Integrated Planning and Reporting Framework

Implement the Integrated Planning and Reporting Framework. Ensure that the Shire maintains: Strategic Community Plan (SCP); Corporate Business Plan (CBP); Long Term Financial Plan (LTFP). Provide regular status updates on the key actions undertaken by the Shire for each year of the CBP. Demonstrate how the Shire, through the CBP is meeting the Shire's SCP's goals and strategies.

406 Develop and implement a Project Management Framework

Develop a Project Management Framework that identifies and implements the organisation's long-terms goals and objectives into Shire projects. The Framework is required to support a Strategic analysis, selection and implementation of projects to best meet the Shire's strategic goals and community expectations.

A Project Management Framework will also provide a standardised approach to project implementation for the Shire.

Project/Action

Economic Development

3.1: To deliver the critical infrastructure that will create the conditions for economic growth across the Shire

301 Advocate for investment in regional transport infrastructure

Advocate for investment in regional transport infrastructure to improve transport links including: construction of an alternate bridge crossing the Ord River, airport upgrades and improved seaport infrastructure on the East Kimberley coast to support mineral and agricultural produce exports.

306 Support regular, reliable and affordable air services to the East Kimberley

Support the establishment of regular, reliable and affordable air services connecting the East Kimberley with Perth, Darwin, Broome and the eastern states. Regular, reliable and affordable flights will improve liveability, open up the region to increased visitor numbers and support the region's economy.

308 Advocate for improved Information and Communications Technology

Lobby State, Federal governments and industry, in collaboration with East Kimberley Chamber of Commerce, for improved Information and Communications Technology outcomes including extended NBN and mobile phone coverage within Kununurra, Wyndham and the wider Shire.

3.2: To be business friendly and the Shire of choice for inward investment in the Kimberley

309 Support the East Kimberley Tourism Plan

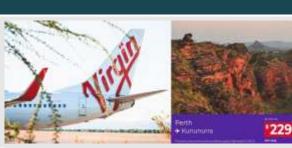

Support the East Kimberley Tourism Plan in collaboration with the tourism sector to market the East Kimberley (EK) for investment and tourism purposes. This Action includes annual tasks: contribution of Australia's North West Tourism (ANWT) to promote the EK, contribution to the East Kimberley Marketing Group (EKMG) for marketing and tourism purposes and operational support for local Visitor Centres (VC).

310 Work with State and Federal Governments to develop a Regional Development Master Plan

Support the development of Kununurra as a viable regional centre to service the East Kimberley as a key to retaining services and supporting population growth. The Shire will work with government and other organisations to develop a Regional Development Plan to promote the development of Kununurra and Wyndham. With a key focus on supporting liveability and housing.

Project/Action

311 Investment Prospectus

Plan and advocate for potential projects outlined in the SWEK Investment Prospectus. Potential projects in the Shire include: Lake Kununurra Golf Course Development, visitor accommodation, aquaculture, Ord Irrigation Area Expansion, Hydrogen production and cotton processing.

3.3: Develop and retain skilled people that business need to succeed

313 Support Aboriginal Enterprise Development

Explore opportunities to support Aboriginal enterprises, such as agricultural land opportunities and supporting the development of new businesses. The Shire can also consider contracting out work, such as town maintenance and other maintenance works. The Shire has established an MoU with MG Corp in Kununurra, and will work with other corporations to establish other MoUs.

314 Support the growth of childcare services to meet demand

Support the growth of childcare services (CCS) to meet current and future demand. Shire will help existing CCS as well as identify new opportunities for CCS including partnering with external agencies.

Kununurra is experiencing wait times for childcare impacting the local workforce.

Service Areas, Services and Programs

Communications and Marketing

Communications and Marketing are responsible for managing the Shire's brand, as well as all corporate communications including media relations, website, consultation, public relations, stakeholder management, functions and community events.

Shire Service	Link to SCP	Future service
Communications and Public Relations		Discretionary
Manages public relations and communications to ensure that the community are kept informed, including newsletters, press releases and digital content in line with a Communication Strategy. The Shire will develop and improve the information and content available on the Shire website.	4.2.2, 4.2.3, 4.3.1, 4.3.2, 4.3.3	Maintain
Shire Promotion and Marketing		Discretionary
Promoting the Shire as a vibrant and highly desirable place for residents and businesses to live, work, invest and enjoy. Manage brand development, marketing materials, civic events and digital content. Develop and maintain a Marketing Strategy.		Maintain

Executive Services

Executive Services acts to deliver effective and compliant administrative support to the Chief Executive Officer, Executive Management Team and Elected Members. As well as supporting effective representation through advocacy at a regional, state and national level.

Shire Service	Link to SCP	Future service
Advocacy		Discretionary
For the Shire to achieve its full potential, it is imperative that Council advocates for delivering outcomes in partnership with other levels of government, the private sector, the not-for-profit sector, and the broader community. In partnership with key stakeholders, Council will advocate on behalf of local communities on major issues that impact upon our current and future lifestyle, as identified in the Strategic Community Plan.	1.3.1, 2.1.2, 3.1.3, 4.1.1, 4.1.2, 4.2.1	Maintain
Collaboration and Representation		Discretionary
The Shire will collaborate with groups and actively represent the community through membership of Kimberley Zone Regional Collaborative Group (RCG) and Councillor and Officer representation on boards and organisations such as, East Kimberley District Leadership Group (EK-DLG), Roadwise Committee and Kununurra and Wyndham Liquor Accord.	4.1.1, 4.1.2, 4.2.1, 4.2.3	Maintain
Executive leadership		Statutory
The Shire's Executive leadership team assist the CEO in the management and leadership of administration staff to effectively and efficiently deliver the day to day operations of the local government.	3.1.3, 3.2.1, 4.1.1, 4.1.2, 4.2.1	Maintain

Governance

Manages the Shire's statutory governance obligations pertaining to Council and Committee meetings, elections and delegations of authority. To support the Council's decision-making process.

Shire Service	Link to SCP	Future service
Business continuity and resilience		Discretionary
Business continuity and resilience is a process that helps respond to critical risks to the smooth running of the organisation or delivery of services, ensuring continuity of critical functions in the event of a disruption, and effective recovery afterwards. Its main function is to establish and implement business continuity plans and disaster recovery plans.	4.3.3, 4.3.4	Increase
Council elections		Statutory
Facilitate Shire Council elections to maximise community participation. The Council elections process must allow the community the opportunity to select candidates that represent the view of community and meet the requirements of the role. Councillors serve their communities by listening to people and then representing those views on Council.	4.1.2	Maintain
Council Support		Statutory
Provide high quality Elected Member support. Support Councillor's to develop skills to effectively serve the community through training such as; WALGA's Elected Member Training, Community Engagement training and Councillor Webinars when available.	4.3.4	Maintain
Local Laws		Statutory
The Local Government Act 1995 enables local governments to make local laws considered necessary for the good government of their districts. The Shire will maintain and review Local Laws and provide community consultation and education during the review processes.	4.3.2, 4.3.3	Maintain
Risk Management		Statutory
Ensure that the Shire has a risk management framework and policy that is aligned with ISO 31000:2009 Risk Management - Principles and guidelines. Provide advice and support on the management of strategic, corporate and operational risks.	4.3.2, 4.3.3, 4.3.4, 4.4.1, 4.4.4	Maintain

Project/Action

Governance and Executive Services

4.2: Good decision making through engagement with the community

402 Implement the Communications Strategy

Continuously improve the Shire's communication channels both on-line and off-line to ensure information is easy to find and services are effectively communicated. This includes maintaining and implementing a Communications Strategy, website and social media presence.

4.3: Ensure a strong and progressive organisation delivering customer focused services

403 Review the appropriateness and effectiveness of the Shire's structure and systems and implement corrective actions

Undertake regular organisational reviews to determine how the organisation needs to improve and adapt in line with strategic plans and workforce planning processes or in response to key events (such as changes in community needs, funding, technology). The Shire will use the Audit Regulation 17 Review as an opportunity to improve and effect lasting organisational change.

407 Implement the Risk Management Framework

To ensure robust governance and risk management at all levels of planning and decisionmaking, risks are assessed at the strategic, corporate and operational levels. Maintain a Strategic Risk Register, Corporate and Operational Risk Register. These are regularly reviewed, monitored and, where appropriate, reported to the Audit and Risk Committee and the Executive.

408 Coordinate regular reviews of Shire services and development of Service Delivery Plans

Coordinate reviews of services provided to community with the objective to ensure 'value for money' for ratepayers. Reviews will identify opportunities for: -Service and activity improvements; - Cost savings and income generation; - Service level optimisation; -Improved efficiency and resource usage.

410 Establish, monitor and assess annual CEO performance expectations

Develop key performance indicators for the future to align CEO performance expectations with the organisation's strategic goals and community expectations. Assessing the performance of the CEO is the responsibility of Council.

Service Areas, Services and Programs

Asset Accounting

Ensure that the accounting records and financial reports of the Shire accurately reflect the asset base, its condition and provide for sustainable management over the financial period, and the forecast period.

Shire Service	Link to SCP	Future service
Asset Valuation		Statutory
Changes in the asset base occuring through acquisition and disposal of assets, ensuring re-valuation and depreciation are accounted for.	4.4.3, 4.4.4	Maintain
Financial Reserve Funds		Statutory
Ensure that financial reserve funds established by Council or required by legislation are maintained and that sufficient funds are available when required for their specific purpose.	4.4.3, 4.4.4	Maintain
Grant Funding		Discretionary
Manage the receipt of grant funding. The Shire maintains a register of external grant funding.	4.4.2	Maintain
Insurance		Statutory
Ensure adequate insurance is in place for all assets.	4.4.4	Maintain
Investments		Statutory
Manage financial reserves and investments. The Shire maintains an Investments Register.	4.4.2	Maintain

Financial Management

Provide management and statutory reporting functions for of the Shire's financial activities through appropriate financial systems and processes. Effective and efficient financial management reporting that meets all legislative requirements and ensures financial sustainability.

Shire Service	Link to SCP	Future service
Accounts payable and receivable		Statutory
Preparing and processing payments the Shire owes to suppliers, collects and records payments to the Shire.	4.4.3, 4.4.4	Maintain
Annual Budget		Statutory
An Annual Budget is prepared and adopted as per Section 6.2 of the Local Government Act 1995.	4.4.3, 4.4.4	Maintain
Financial Reporting		Statutory
Ensures accurate and reliable financial reporting and promote compliance with legislation. This includes the annual financial report that presents the annual financial position of the Shire and complies with Australian Accounting Standards.	4.4.3, 4.4.4	Maintain
Long Term Financial Planning		Statutory
Maintain and follow a long term financial plan based on the legislated Integrated Planning and Reporting requirements.	4.4.3, 4.4.4	Maintain
Payroll		Statutory
Manage payroll functions in line with legislation and best practice.	4.3.4	Maintain
Rates		Statutory
Provide rates management services that meet compliance and legislative requirements. Rates on a property are calculated by using a Gross Rental Value (GRV) figure supplied by Landgate. The GRV is the annual rental income expected if a property was to be rented out or leased.	4.4.3, 4.4.4	Maintain

Purchasing, Procurement and Contract Management

Purchase, procure and manage contracts in compliance with legislation and provide best value

Shire Service	Link to SCP	Future service
Purchasing, Procurement and Contract Management		Statutory
Procure goods, services and works in compliance with legislation, policies and procedures.	4.3.2, 4.3.3, 4.4.3, 4.4.4	Maintain

Project/Action

Financial Services

4.4: Sustainably maintain the Shire's financial viability

413 Improve the management and life cycle cost of mobile plant

Ensure the Shire's plant, vehicles and other mechanical equipment is available in good working order so as to achieve the best cost benefits for the Shire.

414 Review and implement Strategic Resource Plans

Strategic Resource Plans provide Council and the community with a picture of the Shire's long term financial and asset management circumstances and assists us to meet our Strategic Community Plan goals and outcomes. Strategic Resource Plans include financial and non-financial resources and includes the Long Term Financial Plan and Asset Management Plan. Strategic resource planning is a key element of the Integrated Planning and Reporting Framework.

Service Areas, Services and Programs

Asset Management

The Asset Management Strategy and Asset Management Plan provide a framework allowing Council to make informed decisions on current and future services.

Shire Service	Link to SCP	Future service
Asset condition assessment		Discretionary
Undertake asset inspection, assessment, measurement and interpretation of the resultant data to indicate the condition of Shire assets so as to determine the need for preventative or remedial actions. It is a crucial part of asset management to determine remaining useful life and an assets capability to meet performance requirements.	2.1.1	Maintain
Asset Management Plan		Statutory
Manage all assets over their whole life in accordance with asset management principles and the Asset Management Plan. This includes; the planning of developing of, operating, maintaining, upgrading, and disposing of assets in the most cost-effective manner.	2.2.1, 4.4.3	Maintain

OPERATIONAL PLANS 2021/22	Asset Management and Capital Works				
Asset Management Strategy			Discretionary		
The Asset Management Strategy is a strategy for the implementation and docume of asset management practices, plans, processes and procedures. It explores lon issues and ensures that the overall plan is linked to key strategic issues of the Shi	ig term	2.2.1, 4.4.3	Maintain		
Forward Capital Works Planning			Discretionary		
Forward Capital Works Plan defines and details proposed investment in capital infrastructure for the next ten years, and is linked to the Strategic Community Plar Plan focuses on the key infrastructure asset classes identified by the Shire for roa buildings and structures, which are owned or under the control and management Shire.	n. The ids,	2.2.1, 4.4.3	Maintain		

Engineering Services

Manage the safe and efficent construction and delivery of capital infrastructure projects

Shire Service	Link to SCP	Future service
Project Management		Statutory
Efficently and safely initiate, plan, execute and coordinate infrastructure projects to achieve specific goals and meet success criteria.	2.2.1, 2.2.2, 4.4.1	Maintain

Property and Facilities Management

To manage and maintain Shire facilities including staff housing, community buildings, community amenities.

Shire Service	Link to SCP	Future service
Building Maintenance		Statutory
Management of facility cleaning and maintenance. Conduct inspections of Shire buildings and amenities to evaluate future maintenance requirements, including preparing reports to program future works and repairs.	1.1.3, 1.2.1, 2.2.1, 2.2.2, 4.4.3	Maintain
Commercial and Community Lease Management		Statutory
Manage existing Shire reserves and facilities to support community groups and clubs and commercial activity. Day to day management of leases including conducting inspections of leases/licensed properties to ensure compliance with contractual terms, and manage rental arrangements.	1.1.3, 1.2.3, 1.3.2, 2.2.1, 4.4.1	Maintain
Property Management		Statutory
Manage staff housing and renewal program to better meet the housing needs of Shire Staff and provide best value for ratepayers, including the use of technology.	2.2.1, 4.3.4, 4.4.3	Maintain

Projects, Actions and Activities

Project/Action

Asset Management and Capital Works

2.2: Provide sustainable public infrastructure that serves the current and future needs of the community

204 Drainage Upgrade and Creation Program

Work over and above restoring a drain to its original condition is an upgrade/expansion or new works expenditure. New works are those works that create a new drain that did not previously exist, or works which upgrade or improve an existing drain beyond its existing capacity. This action includes developing and maintaining and Storm Water Management strategy to aid in planning for the improvement of stormwater infrastructure.

205 Boat Ramp and Jetty Renewal Program

Renew and upgrade marine infrastructure such as boat ramps and jetty's to provide safe access to waterways within the Shire. This action includes the renewal of the Wyndham boat launching facility (WBLF). Funding from Recreational Boating Facilities Scheme (RBFS) has been obtained to conduct planning and concept design studies for the redevelopment of the WBLF.

207 Road Upgrade and Creation Program

Work over and above restoring a road to its original condition is an upgrade/expansion or new works expenditure. New works are those works that create a new road that did not previously exist or works which upgrade or improve an existing road beyond its existing capacity. This may result from growth, social or environmental needs.

208 Drainage Renewal Program

Renewing a drain is when the Shire restores or rehabilitates an existing drain to its original service potential. The aim of renewal is to restore the drain effectively at a lower cost than what it would cost to replace it.

209 Road Renewal Program

Renewing a road is when the Shire restores or rehabilitates an existing road to its original service condition. The aim of renewal is to restore the road effectively at a lower cost than what it would cost to replace it. Work over and above restoring a road to its original condition is an upgrade/expansion or new works expenditure.

Service Areas, Services and Programs

Shire Maintenance

Provides maintenance of roads, drains, footpaths, sportsfields, parks, gardens, street trees, verges and cemeteries within the Shire.

Shire Service	Link to SCP	Future service
Boating Facilities		Discretionary
Adequatly maintain marine infrastructure such as boat ramps and jettys in a strategic and cost effective manner to provide safe, efficient and sustainable access to waterways within the Shire. The Shire maintains access to Lake Kununurra and Cambridge Gulf in Wyndham.	2.1.2, 2.2.1	Maintain
Cemetery		Statutory
Provide a cemetery for burials and preserve and maintain in a safe, clean and orderly condition. Maintaining Burial Register and liaison with Funeral Directors.	2.3.5	Maintain
Footpaths, Trails and Cycle ways		Discretionary
Maintain a well-connected, accessible and maintained network of shared paths and trails. Providing accessible facilities such as cycle ways and footpaths that support recreational and commuting activities. Future investment will be designed to increase participation of walking and cycling, to build active healthy communities.	1.2.1, 2.2.1, 2.3.3, 2.3.4	Maintain

OPERATIONAL PLANS 2021/22	Оре	rations Team
Parks, Gardens, Ovals and Reserves		Discretionary
Provide and maintain Shire managed public parks, open spaces for sport and recreation activities, nature reserves and streetscapes. Including mowing services, irrigation maintenance, tree maintenance and park and street furniture maintenance.	1.2.1, 1.2.3, 1.3.4	Maintain
Playgrounds		Discretionary
Maintain and renew playgrounds to enable children to safely play outdoors within the towns of Wyndham and Kununurra.	1.1.4, 1.2.1	Maintain
Road & Drain Maintenance		Statutory
Routine maintenance is the regular ongoing work that is necessary to keep roads operational and to prevent rapid deterioration. Assets include sealed roads, unsealed roads, carparks, drains, kerbs, bridges, signage within the Shire. Examples: Grading a gravel road or pothole patching on sealed roads.	2.2.1, 4.4.3	Maintain
Street Lighting		Discretionary
Ensure adequate street lighting is provided. The Shire's streetlights are maintained under an agreement between the Shire and Horizon Power. Under the customer service charter Horizon Power will strive to repair faulty streetlights within 5 working days.	2.3.1, 2.3.3, 2.3.4	Maintain

Waste Management

The Shire is committed to the provision of all waste management services in a way that minimises waste and provides a range of waste management services to residents.

Shire Service	Link to SCP	Future service
Landfill Operations		Statutory
Provide, manage and maintain the Shire landfill facilities. Operations include the Class 2 Kununurra Waste Disposal site and the Wyndham Landfill site. Landfill Operations ensures closure plans are being followed including capping to reduce the potential for contaminants to leach from the site.	2.1.3	Maintain
Refuse Collection		Discretionary
Provide regular domestic rubbish collection service to town residents in Kununurra and Wyndham. Approx. 3,000 bins are emptied each week.	2.1.3	Maintain
Street Cleaning		Discretionary
Works to remove rubbish from streets and reserves (Shire maintained) including picking up litter and street sweeping.	2.3.3, 2.3.5	Maintain
Waste Reduction (reduce, reuse, recycle)		Discretionary
Reduce the amount of waste sent to landfill through diversionary programs such as green waste composting, steel recycling, reuse and e-waste programs. The more items diverted from landfill the better off our community will be socially, financially, and environmentally. The Shire is working to reduce waste to landfill through partnership with Revive and supporting the WA container deposit scheme.	2.1.3	Increase -2020 WA container deposit scheme

Projects, Actions and Activities

Project/Action

Operations Team

2.1: Conserve the Shire's unique natural environment for the enjoyment of current and future generations

203 Implement the Waste Management Strategy

Maintain and implement the Waste Management Strategy. Review and determine future waste management and recycling facilities for Kununurra and Wyndham including a 20 year financial model. Acquire land for new landfill site to maintain future waste services as existing sites are nearing capacity and are expected to close within the next 5-10 years. Identify programs to improve recycling and reduce littering such as Drum Muster and container deposit scheme and to consider other recycling measures.

2.2: Provide sustainable public infrastructure that serves the current and future needs of the community

206 Road Maintenance Program

The road maintenance program includes the regular ongoing works that are necessary to keep roads operational and to prevent rapid deterioration. This includes pothole patching and crack sealing on sealed roads and grading on unsealed roads. The Shire will review its methods of delivery to better respond to community concerns about the condition of roads such as potholes including developing internal capability and skills.

Service Areas, Services and Programs

Emergency Services

Emergency Services performs a critical role coordinating disaster recovery response for a range of natural disasters and emergency incidents. The Shire plays a major role in emergency management activities including Prevention, Preparedness, Response & Recovery (PPRR). The Shire helps establish emergency management procedures for managing, bushfires, evacuations, road closures and the dissemination of information to the public and key stakeholders.

In the event of an emergency, the Shire's primary role is to provide support and manage the	recovery of the l	ocal community
Shire Service	Link to SCP	Future service
Bush Fire Services		Statutory
The Shire has local Bush Fire Service (BFS) brigades at Crossing Falls, Ivanhoe and Packsaddle to help protect local communities against the threat and devastation of fire. Funding for BFS brigades is allocated via the Local Government Grant Scheme (LGGS) providing operating grants and capital grants for each service. BFS brigades are established by the Shire to provide a volunteer fire prevention and suppression service in areas where no or limited cover by normal fire services. The day to day management of BFS volunteers has been handed to the Department of Fire and Emergency Services under a local MOU. The Shire will develop and maintain a strategic Bush Management Risk Plan	2.1.1	Maintain
Emergency Preparedness		Statutory
Chair and facilitate the Local Emergency Management Committee (LEMC) and the Bushfire Advisory Committee (BFAC). Develop and maintain Local Emergency Management Arrangements (LEMAs) including regionally identified priority hazards (as identified by the State Risk Project) including: Bushfire, Cyclone, Flood, Human Epidemic and Road Transport Emergency.	1.3.3, 2.1.1, 2.3.2	Maintain

OPERATIONAL PLANS 2021/22	Ran	ger and Emerge	ency Services
Emergency Response			Statutory
Administer, plan, coordinate and provide for emergencies to ensure the safety, security and recovery of the local community.		2.1.1, 2.3.2, 2.3.5	Maintain

Ranger Services

Ranger Services are responsible for the enforcement of State Government legislation and Council's Local Laws for controlling dogs, cats, firebreak inspections, stock control, litter and parking.

Shire Service	Link to SCP	Future service
Animal control		Statutory
Maintain public safety and minimise the risk of animal attack through enforcement of animal control laws and implementing the Animal Management Plan. Work with State Government to control introduced animals.	2.1.2, 2.3.5	Maintain
Community education and awareness		Discretionary
Rangers provide public education to raise awareness of animal, parking and bushfire control as well as local laws proactive approach by getting involved in education, safety, community events, event and traffic management and emergency management.	2.3.1, 2.3.2, 2.3.5	Increase
Local law enforcement		Statutory
Enforcement of State and Local Laws for example litter, parking, drinking in a public place, illegal camping and fire break maintenance.	2.2.1, 2.3.2, 2.3.5	Maintain

Airport Services

Alignment with Strategic Community Plan

3.1: To deliver the critical infrastructure that will create the conditions for economic growth across the Shire, 4.4: Sustainably maintain the Shire's financial viability

Department Purpose

To safely manage the Shire's Airport assets to support economic and employment growth within the Shire. Airport Services maintains an Airport Master Plan to provide guidelines for future airport development which will satisfy aviation demand in a financially feasible manner.

Service Areas, Services and Programs

East Kimberley Regional Airport

The East Kimberley Regional Airport (EKRA) is a certified Aerodrome and a security controlled Airport. EKRA services regular passenger air services as well as charter and private flight operations.

Shire Service	Link to SCP	Future service
EKRA Airport Operations		Discretionary
Provide and manage airport operations including customer focused services. Airport operations must not only deliver operational continuity; but also manage community relations, comply with government oversight and regulation and provide the operational flexibility.	3.1.1, 3.1.2, 3.1.3, 3.2.3, 3.2.4, 4.3.2	Maintain
EKRA Property Management		Discretionary
Provide, plan and manage land and buildings to accommodate activities that support airport operations, local aviation businesses and economic growth. Property Management also coordinate EKRA capital works and long term planning.	2.2.1, 2.2.2, 3.2.4, 3.3.1	Maintain
EKRA Security and Emergency management		Discretionary
The airport works to protect passengers, staff and planes that use the airport from accidental/malicious harm, crime and other threats by delivering a Transport Security Program including security screening and response to emergencies. Ensure compliance with aviation security legislation.	2.1.1, 2.3.2	Maintain

Wyndham Airport

 The Wyndham Airport is a registered Aerodrome. This airport services charter and private flight operations.

 Shire Service

Projects, Actions and Activities

Project/Action

Airport Services

3.1: To deliver the critical infrastructure that will create the conditions for economic growth across the Shire

302 EKRA - Upgrade airside facilities to meet current and future demand

Based on a feasibility Study and Business Case the Shire is working to upgrade airside infrastructure to meet the growing demand at the EKRA with the use of larger aircraft such as A320 and B737. Upgrades will aim to improve efficiency and assist to reduce the cost of flights. Action includes runway, terminal, taxi way and GA and RPT apron upgrades.

303 EKRA - Upgrade landside facilities to meet customer needs

Undertake improvements to landside infrastructure to meet current and future demand and improve customer experiences. Action includes upgrading and increasing the parking capacity and improve customer access to the terminal during peak season. Landside areas include parking lots and access roads. Airside areas include all areas accessible to aircraft, including runways, taxiways and aprons.

305 Wyndham Airport - Renewal and upgrade airport facilities

Renewal and upgrade air transport infrastructure such as the runway and airport buildings at the Wyndham Airport. Manage leases of airport land and buildings to support industry such as Airbus. Identify infrastructure to support future investment.

307 Development of the Kununurra airport enterprise precinct

The East Kimberley Regional Airport holds a significant area of prime land for aviation related businesses. An airport enterprise precinct provides growth opportunities for general aviation, engineering and other operations that directly support the growth of jobs in the East Kimberley all within easy access to the Victoria Highway. The Shire will develop lots to support local businesses.

Glossary

The following list is designed to help assist you in reading the planned Projects and Actions.

AID #	Action Identification Number, a unique number assigned to each action in the Corporate Business Plan. The AID sequence was updated in the 21/22 Plan.
Activity/Tasks	Specific element of work that is required by the project to be completed during each year towards achieving the Action.
Budget	This is the total expenditure that has been allocated or forecast for the action in a financial year.
Funding	This is the total funding that the shire is seeking from external bodies or from reserve funding. The difference between budget and funding is made up from municipal funds.
Services	The Shire Service that the action is intended to support or improve
Informing Plans	These are plans that the action is based on. These are typically issue specific plans and policies such as community safety, disability support, or major infrastructure plans.
Funding Source	A description of where any proposed funding for the projects is coming from including Shire reserves. Grants listed should be confirmed or have a reasonable expectation of receipt.

Develop and implement an Art and Culture Plan

Support community groups and people to enjoy opportunities for artistic and cultural expression. The Shire recognises the universal value of culture and the arts to the wider community. Culture and arts are fundamental to human existence, especially to our history, identity, creativity and desire for play and enjoyment. Shire will support events that share our unique culture, art and history. The Shire will also partner and collaborate with key Aboriginal and community-based organisations to incorporate cultural reference to new facility development, including dual naming where appropriate.

Community Need

Increase access to local Art and Culture events. Increased art in public spaces. Standardise approach to supporting arts and culture

Deliverables

- 1. Arts and Culture Plan
- 2. Increased art in public spaces
- 3. Increase in art and culture activities and events within the Shire

Benefits

Greater access to Art and Culture events; improved streetscapes through inclusion of public art and cultural recognition.

Increase public ownership and pride in public spaces leading to less damage and maintenance costs.

Community Engagement

Stakeholders

Community, local rat groups and artists, KVC and other stakeholders

Shire's Role

EK-CBP-211-102

Provide suitable venues for current and future events

Ensure that venues (principally parks/reserves and facilities) are fit for purpose meeting the requirements for current events and help support additional events in the future. This action should identify and implement required improvements to existing venues (such as: The Bastion, Wyndham Racecourse, White Gum Park, Kununurra foreshore etc.) and developing appropriate locations for future key events in Wyndham and Kununurra.

Community Need

Support current and future events with fit for purpose venues. Upgrade supporting infrastructure to make it easier to hold events (power, water, lighting etc.).

Improvements should include support for multi-cultural events that encourage a sense of identity, belonging and celebrate the Shire's cultural diversity.

Deliverables

- 1. Identify actions to improve venues
- 2. Improve event venues and facilities
- 3. Events Master Plan

Benefits

Increasing the number of events can provide economic benefit to the Shire as well as minimise anti-social behaviours and negative perceptions associated with going out at night by encouraging evening events.

EK-CBP-440-103

Record heritage places and promote their conservation

Ensure that heritage places are recognised and recorded, and to promote their conservation into the future by maintaining a Heritage List of both cultural and built heritage. Work with local Heritage Groups to identify places of historical importance and nominate places for the State register.

Community Need

When asked how and why Australians value heritage, respondents strongly agree heritage forms part of the Australian identity and overwhelmingly support the view that heritage plays an important role in 3. Identify preservation projects our culture.

Deliverables

- 1. Maintain Heritage List
- 2. Develop Heritage Strategy and Heritage Policy

Benefits

Preservation of historic places, greater awareness of local history. Local heritage can benefit the local economy through attracting tourism.

Recreation and Open Space Renewal Program

Ensure that community recreation and Open Space facilities in Kununurra and Wyndham (outside of KLC and WLC) meet the needs of the community. Action includes developing and maintaining Recreation and Open Space Action Plan (ROSAP). The Plan will identify upgrades to public open space such as toilets, water fountains, playgrounds, change room facilities and improvements to recreation and sporting reserves.

Community Need

Approximately 1000 users per year hire/use the Kununurra outdoor facilities including Netball Association, Tennis Associations, local schools, junior and senior sport, Save the Children, Garnduwa and casual users. Play Spaces help children to be more active. Being more active improves emotional wellbeing, encourages healthy growth and development of children's bodies and improves concentration skills and ability to manage anxiety and stress. Active children are less likely to smoke, use illicit drugs or be involved in criminal activity.

Deliverables

Playgrounds, Sports ovals

Benefits

Fit for purpose recreation and sports facilities. Play Spaces help children to be more active. Being more active improves emotional wellbeing, encourages healthy growth and development of children's bodies and improves concentration skills and ability to manage anxiety and stress. WLC - Renew and upgrade facilities at the Wyndham Memorial Swimming Pool and Ted Birch Youth and Recreation Centre

Continue to find opportunities to develop and upgrade existing facilities at Wyndham Memorial Swimming Pool and Ted Birch Youth and Recreation Centre. Action to include disability compliant entrance and the eventual amalgamation of the two facilities into one facility to: improve services to the Wyndham community, remove the risk of Shire Officers working in isolation and reduce operating costs.

Community Need

Maintain pool access and recreation centre for community use and youth programs. Increase program space,

Fund extended opening times through reduced operating costs of Shire services in Wyndham.

Deliverables

- 1. Wyndham Leisure Centre development Plan,
- 2. Develop combined Leisure Centre with disability compliant entrance,
- 3. Reduce operating costs to support extend opening times,
- 4. Remove working in isolation risks to Shire officers

Benefits

Decrease the occurrence of equipment failure. Consider including the Shire Administration Offices and Library in the new centre to reduce operating costs and address Shire Officer working in isolation issues.

Community Engagement

Stakeholders Community, Shire Officers

Shire's Role

Provider

Engagement activities

Engage with the Wyndham community in the design of improved community facilities and identify any additional program space.

KLC - Renewal and upgrade Kununurra Leisure Centre

Renewal and upgrade of Kununurra Leisure Centre (KLC) including swimming pools to develop a centre to service the East Kimberley region. The existing lane pool has come to the end of its useful life and is in urgent need of replacement. Replacement pools will be located above the water table and include a 50m lane pool. The centre will include the free water playground. Much of this project is subject to securing external funding and activities over the five years may change.

Community Need

The community vision for KLC is to provide a contemporary, flexible and inclusive leisure facility to meet community needs for the next 30 years. Complimenting the current construction of a zero depth water playground, the proposed new aquatic centre with associated updates to the leisure centre will offset significant constraints to participation, enhance the health and well-being of residents, workers and visitors and increase both the vibrancy of the centre and liveability within the Shire. The urgency for this project to proceed is amplified by the age, location and structural fatigue of the current pool.

Deliverables

Replacement of facilities including:

- 1. Develop water playground
- 2. 50m lane pool; teaching pool; leisure pool
- 3. Water slides; new changing facilities;
- 4. After hours gym entry

Benefits

The swimming pool redevelopment is a much-needed project for the Shire and the wider Kimberley area. The socio-economic benefits are widespread and the consequences of the alternative (not having a pool) would be extremely detrimental to the community at large, and the youth in particular.

The redevelopment will include a 50m pool supporting interstate competitions and providing a regional facility serving many communities and towns including Wyndham, Warmun, Halls Creek and Timber Creek. The new aquatic facilities will attract and retain people to the Shire reducing the adverse economic and social impacts of a transient workforce and limited number of skilled and unskilled workers. Renewal of the aquatic facilities will enable the revitalisation of Kununurra's Civic precinct increasing activity and amenity within the town area.

Community Engagement

Stakeholders Kununurra community, Swim Club

Shire's Role

Provider

Engagement activities

Engage with KLC users: Swim Club, other community groups Engage with community regarding demolition of old Shire offices to make way for water Playground and supporting infrastructure: Consider how to manage the loss of a heritage building that is listed on the Shire's heritage list. Consider the retention of stone walls to form future support infrastructure

Deliver a Community Grant Program

The Shire is committed to providing support for not for profit, community based, sporting, cultural, environmental, service groups and associations. This support is to foster high quality programs, community events, facilities and services that provide benefit to the community in alignment with the Council's Strategic Community Plan.

Community Need

The Shire recognises that community groups operating within the local government area have limited resources available due to the remote location, low member base and limited income opportunities. The Shire also recognises that the socio economic and demographic profile of the 2. Program Grant community increases inequity and inequality of some individuals and community groups can face additional pressures.

Deliverables

Provide financial support for community groups through the delivery of a Community Grant Program including:

- 1. Community Quick Grant
- 3. Events Grant
- 4. Facilities Grant
- 5. Rates Assistance Grant

Benefits

The Grants provided to community groups through the Community Grants Program aim to improve liveability through social and recreational opportunities by supporting and building capacity of community groups and clubs.

Implement a Youth Strategy to promote youth services and program delivery

Work with a range of stakeholders to support and deliver youth services and youth support. Provide a collaborative approach to reducing street present children. Contribute to the Kimberley Regional Group Strategic Framework for Young People. Only when all parts of the community understand how interrelated factors contribute to young people doing well (or poorly) can the community work together to identify possible and appropriate solutions. Provide support for an Empowered Youth Leadership Group through Kununurra Empowering Youth (KEY) and developed school holiday programs

Community Need

To work closely with the youth sector and the community to ensure we are meeting the current and future needs of our young people. Reducing street present children Plan to improve community infrastructure, social services and recreational opportunities.

Youth Strategy; Youth Partnerships; Community leases;

Deliverables

Benefits

Develop a Youth Strategy that provide an overarching guide on how the Shire should engage with stakeholders in the youth sector and support young people to be happy, healthy and have a positive impact in our community.

Community Engagement

Stakeholders Youth; Schools; PCYC; Save; WYAC; KWAC

Shire's Role

Provider

Engagement activities

Work with youth service providers as well and engaging directly with youth (such as a Youth Council) to identify needs.

Renew and upgrade youth facilities

Provide infrastructure for youth (10 to 17) that supports the delivery of youth services. The Shire recognises the need for safe and common spaces for young people. The Shire will incorporate youth friendly spaces and facilities in urban planning. This action includes developing a Youth and Resilience Hub to support East Kimberley based youth programs.

Community Need

Ensure youth appropriate facilities are available for current and future youth service delivery. Action to also include the development of a Youth and Resilience Hub at the Kununurra Youth Hub to provide expanded youth services for the East Kimberley.

Deliverables

- 1. Facilities for the delivery of youth services,
- 2. Facility leases to youth providers

3. Develop a Youth and Resilience Hub within Kununurra to provide expanded youth services for Kununurra and the communities of the East Kimberley

Benefits

Better facilities for the delivery of youth services within the towns of Kununurra and Wyndham and across the East Kimberley. The East Kimberley Youth and Resilience Hub will provide a safe place that facilitates active engagement for young people to participate and build life skills and experiences by linking them to pathway opportunities for learning, development and leadership.

Community Engagement

Stakeholders

Young People, Youth Service providers such as Save the Children and PCYC

Support the management of emerging and ongoing biosecurity issues

Support the management of emerging and ongoing biosecurity issues that affect agriculture, fisheries, forests and biodiversity in our terrestrial and aquatic environments. Biosecurity incursions have the capacity to increase costs and disrupt export and domestic trade of agriculture, forest products, aquaculture and commercial fishing as well as affecting our unique environment, biodiversity and social amenity.

Community Need

Biosecurity incursions have the capacity to increase costs and disrupt export and domestic trade of agriculture, forest products, aquaculture and commercial fishing as well as affecting our unique environment, biodiversity and social amenity. "Biosecurity is the management of risks to the economy, the environment and the community, of pests, weeds and diseases entering, emerging, establishing or spreading"

Deliverables

1. Community and visitor awareness program

2. Hold funding in reserve for the purpose of biosecurity

Benefits

Working together to minimise the risks to the State's economic development, environmental assets and social amenity from terrestrial and aquatic pests and diseases

Implement the Lake Kununurra Foreshore Plan

Lake Kununurra Foreshore and Aquatic Use Plan (LKFAUP) is an important framework which brings together on and off water considerations, responds to key findings from the Foreshore Committee (dedicated stakeholder and community engagement process) and functions as a strategic document that provides guidance for recreation, development, restoration and rehabilitation of the Lake Kununurra area. The Plan aims to improve access to the Kununurra foreshore by balancing the demand for development against environmental and cultural protection.

Community Need

To maintain and increase public access to the foreshore and waterway, Collaborate with State agencies to maintain Lily Creek Lagoon for the benefit of the community and wildlife,

To provide a Commercial Boating Facility that caters for future growth. Protect and enhance RAMSAR wetland.

Deliverables

1. Update the Lake Kununurra Foreshore and Aquatic Use Plan (LKFAUP) and Foreshore Development Guidelines;

- 2. Implement a vegetation management plan;
- 3. Place Plans for Swim Beach and Celebrity Tree Park Place Plan;
- 4. Lake Kununurra Community and Commercial Boat Facility expansion

Benefits

Increase public access to Lake Kununurra;

Develop and maintain Foreshore Development Guidelines to ensure development is sympathetic to the natural values of the foreshore. Ensure all development is consistent with the Foreshore Development Guidelines.

Community Engagement

Stakeholders

Community, Boating users, Commercial Boat Operators

Shire's Role

Implement the Waste Management Strategy

Maintain and implement the Waste Management Strategy. Review and determine future waste management and recycling facilities for Kununurra and Wyndham including a 20 year financial model. Acquire land for new landfill site to maintain future waste services as existing sites are nearing capacity and are expected to close within the next 5-10 years. Identify programs to improve recycling and reduce littering such as Drum Muster and container deposit scheme and to consider other recycling measures.

Community Need

- Community expect increased recycling options,
- Protect the environment and work towards litter prevention and reduction using community engagement, education, legislation and enforcement strategies.
- Maintain current waste services standard.

Deliverables

- 1. Waste Management Strategy
- 2. Divert waste from landfill,
- 3. litter prevention and reduction,
- 4. Acquire and develop new Shire landfill site,
- 5. Develop a 20 year financial model for Shire waste management options

Benefits

- Reduce the long-term cost of waste management to the Shire by promoting waste reduction, reuse and recycling

- Promote the 10 cent refund to reduce the cost of littering

Community Engagement

Stakeholders Community, local businesses, Native Title holders

Boat Ramp and Jetty Renewal Program

Renew and upgrade marine infrastructure such as boat ramps and jetty's to provide safe access to waterways within the Shire. This action includes the renewal of the Wyndham boat launching facility (WBLF). Funding from Recreational Boating Facilities Scheme (RBFS) has been obtained to conduct planning and concept design studies for the redevelopment of the WBLF.

Community Need

Waterways are valuable assets that contribute economic, social and environmental benefits to the East Kimberley community. For many living here being able to get onto the water is an important part of everyday life. The community want to see Improved access to the water ways for residents and visitors to experience the Shire's natural wonders as well as emergency services deployment.

Deliverables

- 1. Improvements to Wyndham boat launching facility (WBLF)
- 2. Renewal of the Wyndham Community Fishing Jetty (Anthon Landing)
- 3. Improvements to Swim Beach Boat Ramp
- 4. Development of a boat ramp near Elephant Rock

Benefits

Maintain and protect marine assets to maximise the life of existing assets and minimise the cost of maintenance. This is achieved through regular renewal of corrosion protection such as cathodic protection. Marine assets support local tourism businesses and help attract visitors to the region.

Community Engagement

Road Maintenance Program

The road maintenance program includes the regular ongoing works that are necessary to keep roads operational and to prevent rapid deterioration. This includes pothole patching and crack sealing on sealed roads and grading on unsealed roads. The Shire will review its methods of delivery to better respond to community concerns about the condition of roads such as potholes including developing internal capability and skills.

Community Need

Include action to demonstrate to the community the investment in maintaining Shire roads. Address the many community comments about the state of Shire roads in and around Kununurra (many comments about the condition of Weaber Plain Road).

Deliverables

Timely response to address sealed road surface defects (Potholes)
 Undertake opening and closing grades on unsealed roads

Benefits

Protection of Shire managed road assets and improve their lifespan. The Shire maintains 245km of sealed road and 1,580km of unsealed road.

In order to realise the full potential of any asset, routine maintenance is required. Maintenance does not return the asset to its "as-new" condition, but it stops it from deteriorating quicker than it should.

Road Upgrade and Creation Program

Work over and above restoring a road to its original condition is an upgrade/expansion or new works expenditure. New works are those works that create a new road that did not previously exist or works which upgrade or improve an existing road beyond its existing capacity. This may result from growth, social or environmental needs.

Community Need

Community want improved road networks to support growth, liveability, social and environmental needs.

- The Shire has identified a number of priority roads requiring upgrades to meet current and future needs including:
- 1. Carlton Hill Rd Support the growth of ORIA
- 2. Moonamang Rd Support the growth of ORIA
- 3. Weaber Plain Rd Support the growth of ORIA
- 4. Barytes Rd Support development at Wyndham Port
- 5. Lake Argyle Rd Support increased visitor traffic
- 6. Mulligans Lagoon Rd Support the growth of ORIA

Benefits

Strategic planning for the upgrading of sealed and unsealed road network can support economic growth increasing the Shire's rates base and sharing the rate burden.

Well planned road upgrades can reduce ongoing road maintenance and renewal costs.

Road upgrades are subject to successful funding from the State and Federal Governments and private developer contributions.

Community Engagement

Stakeholders Community, local business

Drainage Renewal Program

Renewing a drain is when the Shire restores or rehabilitates an existing drain to its original service potential. The aim of renewal is to restore the drain effectively at a lower cost than what it would cost to replace it.

Community Need

Reduce the risk of flooding/water damage within Kununurra and Wyndham

Deliverables

Maintain a functional drainage system by undertaking regular renewal work to restore or rehabilitate existing drains to the original service potential.

Benefits

Maintain existing drainage assets in good condition. Renewals cost less than what it would cost to replace a drainage asset. The Shire's drainage network includes: 45km of underground drainage pipe, 5.7km of culverts and also open or table drains.

Road Renewal Program

Renewing a road is when the Shire restores or rehabilitates an existing road to its original service condition. The aim of renewal is to restore the road effectively at a lower cost than what it would cost to replace it. Work over and above restoring a road to its original condition is an upgrade/expansion or new works expenditure.

Community Need

Maintain roads to ensure the safety of community rad users. Reduce the cost of roads maintenance to rate payers and improve asset life span by:

- undertaking regular reseals;
- major patching, and
- resurfacing

Deliverables

Develop and maintain a safe and effective road network for all road users. Successfully delivering annual road renewal program on time and on budget.

Undertake pavement and surfacing treatments which address high levels of cracking, rutting, roughness and deflection that reflect inadequate structural capacity to extend pavement life.

Benefits

Undertake renewals in a timely manner to restore roads effectively at a lower cost than what it would cost to replace it.

Regular renewal works can reduce the ongoing maintenance costs and protect the asset from failure.

Community Engagement

Stakeholders Community, Businesses

Shire's Role

Provider

Engagement activities

Residents who live in areas undergoing works will be directly updated on works, and are asked to avoid parking on the street during the works period.

Undertake Strategic Land Use Planning

Undertake appropriate planning for urban area expansion, particularly for new industrial and residential development to provide for locality-specific demand over the short, medium and longer term. Consideration will also be given to housing choice and affordability within the Shire.

Community Need

Address community housing shortages, and a perception of lack of industrial land for business to grow. Ensure land release undertaken in an ecologically sustainable manner to increase investment and economic activity within the Shire. There is a scarcity of industrial zoned land particularly within the town of Kununurra that meets the needs of the community. The perception of delays to developments due to native title has also been raised as an issue by the community.

Deliverables

- 1. Industrial Land Strategy,
- 2. Strategic Land Release Plan,
- 3. Collaborate with State and private developers to release land
- 3. Collaborate with State and private investors to develop future subdivisions

Benefits

Meet demand for residential and industrial development. Strategic land use planning is the process of assessment and identification of future land uses. It is the process of planning for the future development of the Shire to accommodate the forecast growth demand for housing, jobs and the location and demand of services to meet that growth. It is a process of balancing the competing needs for expansion of urban land and services with protection of sensitive environments, ensuring recreational and community needs and promoting sustainable business and employment for the Shire.

Community Engagement

EK-CBP-399-212

Implement a Community Safety and Crime Prevention Plan

Undertake community safety and crime prevention programs and initiatives as set out in the Community Safety and Crime Prevention Plan (CSCPP). The CSCPP will assist in both prioritising actions and reporting on community safety matters. The CSCPP will include: Measures to detect and deter crime; Measures to detect and deter crime; Measures to address the underlying causes of crime; Increased coordination and response. Tasks include expanding the CCTV network

Community Need

Establish meaningful partnerships that deliver real change and improve community safety. Improve community awareness of safety issues such as crime, road safety, bush fire safety.

Deliverables

1. Review, update and maintain Community Safety and Crime Prevention Plan (CSCPP),

- 2. Establish a community Safety Committee to support the implementation of the CSCPP and regularly review the actions within it,
- 3. Undertake or support Community Safety and Crime Prevention Programs and initiatives as identified in the CSCPP.
- 4. Inform the future development of the Shire's CCTV system

Benefits

Develop and maintain a Plan to: 1. Identify the contributions of local community groups, service organisations, businesses, Council, State and Commonwealth Government departments that assist to achieve the vision and mission of the Shire and make the community a safer place to live, work and play.

2. Build and strengthen partnerships between key stakeholders to develop and implement strategies to enhance community safety by working together to achieve common goals.

Footpath and Cycleway Upgrade and Creation Program

Develop a planned and consistent approach to the upgrade and establishment of new pathways. Provide additional pathways to improve cycling, walkability and disability access in Kununurra and Wyndham. Includes pedestrian safety improvements pedestrian crossings.

Community Need

The Shire is committed to creating healthy active communities where people can safely participate in walking and cycling by improving connectivity and quality of path. The Shire's new strategic Community Plan captures this commitment in strategy 2.3.4 Develop a wellconnected, accessible and maintained network of shared paths and trails.

This action includes the development of the Kununurra Shared Loop Path and the Kununurra Foreshore Path.

Deliverables

- 1. New footpaths and cycle ways connecting strategic destinations
- 2. Linking up existing footpaths
- 3. Improve pedestrian safety and disability access
- 4. Increasing numbers of people walking and cycling

Benefits

Creating environments that encourage people to choose active travel to foster more sustainable, healthier and safer communities.

Reduce wear and tear on roads through increased uptake of walking and cycling.

Develop and implement a Public Health Plan

Public Health Act 2016 requires the Shire to prepare a Public Health Plan and review each year. A Public Health Plan (PHP) outlines actions necessary to ensure that the residents of the Shire have an acceptable level of health today and into the future. It must include a strategic framework for the identification, evaluation and management of public health risks in the Shire.

Community Need

Improve access to public health and wellbeing information Improve awareness of services and initiatives to improve public health and well being **Deliverables**

A local government must prepare a public health plan (PHP) that applies to its local government district.

Benefits

To protect, improve and promote public health and wellbeing amongst all residents and ratepayers in the Shire. Support all members of the community, through various life stages to enjoy good health and wellbeing across a range of identified priority health issues.

Community Engagement

EKRA - Upgrade airside facilities to meet current and future demand

Based on a feasibility Study and Business Case the Shire is working to upgrade airside infrastructure to meet the growing demand at the EKRA with the use of larger aircraft such as A320 and B737. Upgrades will aim to improve efficiency and assist to reduce the cost of flights. Action includes runway, terminal, taxi way and GA and RPT apron upgrades.

Community Need

The East Kimberley Regional Airport (EKRA) is an important transport link for residents of the East Kimberley region providing connections to family and friends.

Airside upgrades will provide opportunity for airlines to offer the community cheaper flights, more destinations and greater frequency.

Deliverables

- 1. Runway extension;
- 2. RPT Apron and taxiway upgrades;
- 3. Increase terminal capacity

Benefits

Upgrades will increase capacity and provide opportunity to grow the airports revenues.

Improve the cost of living in the East Kimberley, greater range of destinations, increased visitor numbers and visitor spend in the East Kimberley.

Community Engagement

Stakeholders Airlines, Airport Operators, Community

Shire's Role

EKRA - Upgrade landside facilities to meet customer needs

Undertake improvements to landside infrastructure to meet current and future demand and improve customer experiences. Action includes upgrading and increasing the parking capacity and improve customer access to the terminal during peak season.

Landside areas include parking lots and access roads. Airside areas include all areas accessible to aircraft, including runways, taxiways and aprons.

Community Need

The East Kimberley Regional Airport (EKRA) is an important transport link for residents of the East Kimberley region providing connections to family and friends. EKRA supports growth and prosperity of local communities by supporting jobs and promoting tourism.

Upgrades to the landside should provide safe access to terminal buildings and sufficient parking to accommodate existing and future passenger growth and consider the visitor access to car hire parking

Deliverables

 Maintain existing parking and plan for increasing passenger numbers.
 Improve traffic management around the terminal, including: access roads, bus bays, pedestrian access
 Develop secure parking (Fenced

Benefits

Supporting the local economy and the growth of the region will benefit the Shire through increasing the rates base and income from fees and charges.

Improvement to the airport support increased operational efficiencies and customer service.

Support regular, reliable and affordable air services to the East Kimberley

Support the establishment of regular, reliable and affordable air services connecting the East Kimberley with Perth, Darwin, Broome and the eastern states. Regular, reliable and affordable flights will improve liveability, open up the region to increased visitor numbers and support the region's economy.

Community Need

Cheaper and more regular flights to and from Kununurra will: - Improve liveability through better connections to family, friends and services.

- Make living in the regions a more attractive proposition.
- Increase visitor spend in the region

Deliverables

- 1. Increase in flights to and from Kununurra;
- 2. Capped pricing and cheaper pricing for residents;
- 3. Develop interstate flights;

Benefits

Expand visitor numbers to the East Kimberley and maximise the economic benefit to the community.

Address the high cost of travel that is one of the factors that makes living in the regions an unattractive proposition.

Lobby State, Federal governments and industry, in collaboration with East Kimberley Chamber of Commerce, for improved Information and Communications Technology outcomes including extended NBN and mobile phone coverage within Kununurra, Wyndham and the wider Shire.

Community Need

Access to high speed good quality Information and Communications Technology. The Shire has limited mobile coverage and during peek tourism periods the network reaches capacity. Wyndham has limited internet and has not been connected to the NBN.

Deliverables

1. Documented lobbying to State government, Federal government and industry

- 2. Improved mobile coverage and capacity
- 3. NBN in Wyndham

Benefits

- Improve Economic Development,

- Improved community safety through increased coverage (mobile blackspot)

- Increased capacity on all mobile networks to handle demand during dry season

Work with State and Federal Governments to develop a Regional Development Master Plan

Support the development of Kununurra as a viable regional centre to service the East Kimberley as a key to retaining services and supporting population growth. The Shire will work with government and other organisations to develop a Regional Development Plan to promote the development of Kununurra and Wyndham. With a key focus on supporting liveability and housing.

Community Need

Community want more liveable towns, creating a more desirable place for families to grow and a region that people will visit time and time again.

Community also want to retain existing services and attract additional services to the region.

Deliverables

- 1. Develop Regional Development Master Plan
- 2. Identify priority regional development projects
- 3. Attract funding to implement a Regional Development Master Plan

Benefits

Develop a Regional Development Master Plan that addresses future population growth and the aspirations of the local community to provide a blue print for the future growth of the East Kimberley. The Plan will support :

- economic growth in the region through increased investment, and
- additional employment opportunities

Community Engagement

Support the growth of childcare services to meet demand

Support the growth of childcare services (CCS) to meet current and future demand. Shire will help existing CCS as well as identify new opportunities for CCS including partnering with external agencies.

Kununurra is experiencing wait times for childcare impacting the local workforce.

Community Need

The community need more childcare places to reduce waiting times. Allow parents to return to work if they want to. Support local businesses to meet staff shortages by helping their staff return to work.

Deliverables

Reduced waiting times so Childcare supply meets demand through: 1. Develop strategies to address the shortage of qualified staff impacting on the Education and Care sector;

2. Increase collaboration and networking across the Children's Services sector personnel;

3. Establish a regional governance group to drive strategies that address issues

specifically impacting on the Kimberley Children's Services Sector. 4. Advocate for investment in local CCS

Benefits

Parents and care givers are able to access childcare to participate in the workforce or for rest bite (short period of rest or relief).

Community Engagement

Stakeholders Community, Child Service providers

Shire's Role

Facilitator

Engagement activities

Work with Child Service providers within the Shire to develop strategies to address shortages of staff and infrastructure and advocate for investment and funding.

Undertake community perceptions survey

Identify the community's perceptions and use the information to inform the Shire and other organisations to help improve services, facilities, inform budget decisions, strategic planning and performance evaluation. Survey information will also inform the review of the Strategic Community Plan and the Corporate Business Plan.

Community Need

For the Shire to better understand and evaluate community needs and aspirations which will inform budget decisions, strategic planning and performance evaluation.

Deliverables

 Undertake a community survey every two years
 Report detailing community perceptions of the Shire, Shire services and the district. Future reports to benchmark against previous scorecards.
 Identify community priorities.

4. Make reports available on website.

Benefits

Undertaking a regular Community Survey of the Shire of Wyndham East Kimberley community provides to Council the following benefits:

Provides robust and reliable measures of performance, from advocacy, community engagement and community development, to town planning, economic development and environmental management.
Respondents share their needs and aspirations and their location

giving the ability to create local priority mapping.

- If carried out every 2 years the Shire can benchmark performance over time, showing historical trends.

Community Engagement

Stakeholders Community, Councillors, Shire Officers

Shire's Role

Leader

Engagement activities

All residents and ratepayers over the age of 14 are invited to complete the community survey. The survey is advertised through online and offline medium. Copies of the Scorecard are delivered to all PO Boxes in the Shire. An email contact list is used to send electronic invites to complete the survey.

Review the appropriateness and effectiveness of the Shire's structure and systems and implement corrective actions

Undertake regular organisational reviews to determine how the organisation needs to improve and adapt in line with strategic plans and workforce planning processes or in response to key events (such as changes in community needs, funding, technology). The Shire will use the Audit Regulation 17 Review as an opportunity to improve and effect lasting organisational change.

Community Need

Improve delivery of services Meet community Goals and needs Compliance with legislation and minimise risk Ongoing improvements to the organisation and customer services.

Deliverables

1. Regularly review the organisational structure to best deliver services to the community

2. CEO must conduct Regulation 17 review every three years

 Audit Committee must monitor and advise the CEO during the review
 Identify and implement recommendations to pursue continuous improvement

Benefits

Ensure the appropriateness and effectiveness of Shire by undertaking regular reviews of structure, systems and compliance.

The CEO is required to carry out a review into the appropriateness and effectiveness of the Shire's risk management, internal control and legislative compliance of systems and procedures. The CEO must report the results of the review to the Audit Committee and identify appropriate and effective improvements to the administration of the Shire.

The Audit Committee must monitor and advise the CEO when the CEO is carrying out functions in relation to a Regulation 17 review and oversee the implementation of any action that has been accepted.

Customer feedback strategy: To collect, analyse and develop customer focused services

Customer feedback is important for improving the customer experience and overall customer satisfaction levels. Proper analysis provides a better view of what has to change to improve customer services. The Shire aims to collect customer feedback on a quarterly basis to develop customer focused services.

Community Need

Improved customer interaction with the Shire. Including making it simpler to get information, or find out what is happening with a service request.

Deliverables

- 1. Develop Customer feedback strategy;
- 2. Develop or identify a customer feedback system;
- 3. Provide quarterly customer feedback report

Benefits

Customer feedback helps measure customer satisfaction. Colleting customer feedback shows that the organisation values customer opinions. Customer feedback helps create better customer experiences.

Community Engagement

Stakeholders Community, Shire Officers, Council

Coordinate the Integrated Planning and Reporting Framework

Implement the Integrated Planning and Reporting Framework. Ensure that the Shire maintains: Strategic Community Plan (SCP); Corporate Business Plan (CBP); Long Term Financial Plan (LTFP). Provide regular status updates on the key actions undertaken by the Shire for each year of the CBP. Demonstrate how the Shire, through the CBP is meeting the Shire's SCP's goals and strategies.

Community Need

The Shire of Wyndham East Kimberley's Integrated Planning and Reporting Framework is a primary source of guidance for the organisation and community. It is the combination of strategies, plans and policies that interact together to deliver the best outcomes for our community as outlined in the Strategic Community Plan.

Deliverables

Strategic Community Plan, Corporate Business Plan, Quarterly Progress Reports, **Annual Report** Support the review of the LTFP, WMP and AMP

Benefits

Recognises that local government planning is holistic in nature and driven by the community; Builds organisational and resource capability to meet community need; Optimises success by understanding the integration and interdependencies between the components, and emphasises performance monitoring so that the Shire can adapt and respond to changes in the community's needs and the operating environment. Guides the development of the Shire's Corporate Business Plan to inform decisions made by the Council and Shire.

Community Engagement

Stakeholders

Council; Shire Officers; Community; Business; State Authorities; Not-For-Profit Organisations; Indigenous Organisations

Shire's Role

Provider

Engagement activities

SCP is based on community input through direct engagement and feedback from the Community Survey (#1). Community comment on the annual review of the CBP is undertaken and feedback linked to the Shire services and actions in the CBP. Quarterly CBP progress reports will be made available to the community via the website.

Develop and implement a Project Management Framework

Develop a Project Management Framework that identifies and implements the organisation's long-terms goals and objectives into Shire projects. The Framework is required to support a Strategic analysis, selection and implementation of projects to best meet the Shire's strategic goals and community expectations. A Project Management Framework will also provide a standardised approach to project implementation for the Shire.

Community Need

Selecting the right projects at the right time and delivering them when they are needed.

Better align projects with the Strategic Community Plan.

Deliverables

- 1. Develop Project Management Framework
- 2. Integrate with the IPRF
- 3. Project selection/evaluation process
- 4. Standardised project implementation

Benefits

Improved selection of projects (portfolio management) that meet the aspirations and expectations of the community, taking advantage of the Shire's strengths and external opportunities, while avoiding external threats. Improved delivery of projects.

Community Engagement

Stakeholders Shire Officers, Council

Shire's Role

Provider

Engagement activities

Use of the IPRF to engage community and identify the most strategically important projects. Engage with all Shire Officers to be involved in the delivery of the project.

Implement the Risk Management Framework

To ensure robust governance and risk management at all levels of planning and decision-making, risks are assessed at the strategic, corporate and operational levels. Maintain a Strategic Risk Register, Corporate and Operational Risk Register. These are regularly reviewed, monitored and, where appropriate, reported to the Audit and Risk Committee and the Executive.

Community Need

Identify and control strategic and operational risks to the Shire in a way that will minimise losses and maximize opportunities.

The community expect the Shire to mitigate against risks that could impact the community and the services that Shire delivers.

- 1. Maintain a Strategic, Corporate and Operational Risk Register;
- 2. Provide quarterly risk reports to Audit Committee;
- 3. Review risk management process and benchmark against other LGAs.
- 4. Maintain business continuity arrangements

Benefits

The benefits of the Shire's Risk Management Framework include to:

- Minimise financial and reputational risk
- Compliance with legislation;
- Provide an overview of the risk management processes;
- Define the key attributes and objectives for the Shire's risk culture;
- Describe roles and responsibilities for managing risk; and

- Outline the process for reporting on risk and ongoing monitoring and review

Risk management creates value for a local government and its community and should contribute to the demonstrable achievement of objectives whether in strategic or project based initiatives or in normal/usual operations.

Coordinate regular reviews of Shire services and development of Service Delivery Plans

Coordinate reviews of services provided to community with the objective to ensure 'value for money' for ratepayers. Reviews will identify opportunities for: -Service and activity improvements; - Cost savings and income generation; - Service level optimisation; - Improved efficiency and resource usage.

Community Need

Costs for providing services and maintaining infrastructure have been increasing considerably faster than generated income. Given these pressures, local governments have embarked on formal reviews to ensure the services they provide are relevant to their communities and are financially sustainable in the long term.

Service reviews aim to identifying opportunities for: Service and activity improvements; Cost savings and income generation; Service level optimisation; Improved efficiency and resource usage.

Deliverables

- 1. Annually review scheduled services
- 2. Identify Cost savings and income generation opportunities
- 3. Implement service and activity improvements

Benefits

Local government service provision has transformed significantly over recent decades. Local governments have moved beyond the traditional narrow emphasis on 'roads, rates and rubbish' towards broader objectives to promote the social, economic, environmental, and cultural wellbeing of communities. While some local government services have experienced higher demand from the community (such as sporting and cultural facilities), others have been subject to increased legislative requirements (such as asset management and strategic planning). The overall effect is that councils must provide a greater range of services while endeavouring to meet higher standards.

These challenges have become increasingly difficult due to the financial pressures placed on local governments.

ICT - Develop customer focused corporate administration software systems

Implement priority works associated with the adopted ICT Strategy to ensure that corporate administration management software systems provide an integrated customer focus solution that improves efficiency, effectiveness and productivity of Shire services. Including an Enterprise System, moving to cloud based services and improving connectivity between Shire sites.

Community Need

The level of customer service the Shire is able to offer to the community is currently limited by Shire's core business application, which is an old technology. In order to provide enhanced customer services this system needs to be upgraded to a modern customer focused solution.

Deliverables

- 1. Maintain and implement the Shire's ICT Strategy
- 2. Select and implement a new core business application/Enterprise
- System with greater customer focus
- 3. Adopt cloud based solutions where possible
- 4. Improve digital connectivity

Benefits

Online payments, Online customer accounts and information, Trackable customer requests. Improved connectivity between Shire operating sites.

Establish, monitor and assess annual CEO performance expectations

Develop key performance indicators for the future to align CEO performance expectations with the organisation's strategic goals and community expectations. Assessing the performance of the CEO is the responsibility of Council.

Community Need

Ensure that the Shire management and administration are working towards meeting the needs of the community.

Deliverables

1. Annually set CEO key performance indicators;

2. Regularly monitor the performance of the CEO;

3. Annually assess the performance of the CEO and take action as required.

Benefits

Ensure that CEO performance expectations align with the organisation's strategic goals and community expectations.

Review and implement Workforce Management Plan

Review the 10 year Workforce Management Plan. Workforce planning enables the organisation to deliver its services effectively and ensure sustainability. Conduct an employee survey to provide feedback and assist with performance management and inform the review of the Workforce Management Plan.

Community Need

Local governments face increasing and diverse challenges in providing local services and facilities for their communities. To meet these challenges, local governments will need to have staff with appropriate knowledge, skills and expertise. Skills shortages in the local government sector and other sectors in this State and across Australia have highlighted the need for a concerted workforce planning effort.

Deliverables

- 1. Workforce Management Plan
- 2. Employee satisfaction survey
- 3. Skills and Training Matrix

Benefits

Workforce Planning is one of the four key components of the Integrated Planning and Reporting Framework and benefits the community by:

• responding quickly and more strategically to change by recognising emerging challenges

• improving efficiency, effectiveness and productivity by having employees with the right knowledge and skills and who are a good fit

• facilitating strategic staffing and planning for future workforce requirements by identifying these in a timely manner, monitoring staff separations and making arrangements to fill key vacancies

• strengthening the organisation's capacity to achieve the outcomes of the Strategic Community Plan.

Community Engagement

Stakeholders Shire Officers, Council, Community

Shire's Role

Implement an OSH Management Plan to improve officer safety

Implement an Occupational Safety and Health (OSH) Management Plan and develop OSH systems to ensure that every employee works in an environment where every effort is made to prevent accidents, injury and disruption to employees' health from foreseeable work hazards. An OSH Management System will allow the Shire to demonstrate the effective management of health and safety to officers, contractors.

Community Need

Reduced cost associated with accidents and incidents and workers' compensation claims and lower insurance premiums. greater productivity, higher performance and greater work participation and increased social inclusion in Shire workforce.

Deliverables

- 1.OSH Management Plan
- 2. Set annual OSH Objectives and Targets
- 3. Develop an OSH Management System
- 4. Develop a Employee Recognition System including Safety Awards

Benefits

The principle of the Shire is to ensure that every employee works in an environment where every effort is made to prevent accidents, injury and disruption to employees' health from foreseeable work hazards. The legislation applicable to OSH is the Occupational Safety and Health Act 1984 and Regulations 1996 and the Workers Compensation and Injury Management Act 1981 and Regulations 1982

Improve the management and life cycle cost of mobile plant

Ensure the Shire's plant, vehicles and other mechanical equipment is available in good working order so as to achieve the best cost benefits for the Shire.

Community Need

To ensure the Shire's plant, vehicles and other mechanical equipment is available in good working order so as to achieve the best cost benefit and levels of service delivery for the Shire.

Deliverables

 Follow industry replacement guidelines and principles of life cycle costing to determine replacement requirements of plant and equipment.
 Facilitate input from operator and maintenance team to ensure best application and use of plant.

3. Vehicle maintenance program that ensures maximum useful life and optimum replacement cycle.

4. Project 10 year plant replacement program for high value plant and equipment and review annually to ensure alignment with operational requirements.

5. Follow procurement and conduct rules to ensure fair and ethical processes are followed for plant replacement.

Benefits

Replacement periods will be set to provide the best economic turnover result for the Shire whilst also taking into account the Shire's operational requirements and funding resources.

New and Upgraded Assets

Prior to the purchase of any New Asset or the need to Upgrade, a comprehensive Business Case is to be developed to ensure that all relevant factors have been assessed prior to any approach to market.

Review and implement Strategic Resource Plans

Strategic Resource Plans provide Council and the community with a picture of the Shire's long term financial and asset management circumstances and assists us to meet our Strategic Community Plan goals and outcomes. Strategic Resource Plans include financial and non-financial resources and includes the Long Term Financial Plan and Asset Management Plan. Strategic resource planning is a key element of the Integrated Planning and Reporting Framework.

Community Need

Allows the Community to engage with Council on matters of priority and Annually review: long term financial sustainability.

Local governments are typically asset rich and income poor.

Local government assets are typically long lived and therefore demand long term financial planning to deal with maintenance and eventual replacement.

Deliverables

- Long Term Financial Plan
- Asset Management Plan
- Rating Stetting Policy

Develop an integrated Strategic Resource Plan incorporating the Long Term Financial Plan and Asset Management Plan.

Benefits

Strategic Resource Plans reflect the financial and non-financial resources required to achieve the strategic goals and aspirations in the Strategic Community Plan. Strategic Resource Plans benefit the Shire and its community by ensuring that the:

Long Term Financial Plan to ensure:

- Prudently manage financial risks relating to debt, assets and liabilities
- Provide reasonable stability in the level of the rate burden
- Consider the financial effects of Council decisions on future generations

Asset Management Plan to ensure:

- Manage infrastructure to deliver a defined level of service and monitoring performance
- Maintain and, where possible, improve assets into the future
- Consider the full life cycle of assets
- Forecast planned asset renewals
- Managing risks associated with asset failures
