Total comprehensive income		9,156,436	1,450,298	2,792,369

BASIS OF PREPARATION

The budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire of Wyndham East Kimberley controls resources to carry on its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 12 to the budget.

2020/21 ACTUAL BALANCES

Balances shown in this budget as 2020/21 Actual are estimates as forecast at the time of budget preparation and are subject to final adjustments.

CHANGE IN ACCOUNTING POLICIES

On the 1 July 2021 no new accounting policies are to be adopted and no new policies are expected to impact the annual budget.

KEY TERMS AND DEFINITIONS - NATURE OR TYPE

REVENUES

RATES

All rates levied under the *Local Government Act 1995*. Includes general, differential, specified area rates, minimum rates, interim rates, back rates, ex-gratia rates, less discounts and concessions offered. Exclude administration fees, interest on instalments, interest on arrears, service charges and sewerage rates.

SERVICE CHARGES

Service charges imposed under Division 6 of Part 6 of the *Local Government Act* 1995. Regulation 54 of the *Local Government (Financial Management) Regulations* 1996 identifies these as television and radio broadcasting, underground electricity and neighbourhood surveillance services.

Excludes rubbish removal charges. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

PROFIT ON ASSET DISPOSAL

Profit on the disposal of assets including gains on the disposal of long term investments. Losses are disclosed under the expenditure classifications.

REVENUES (CONTINUED)

OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS

Refer to all amounts received as grants, subsidies and contributions that are not non-operating grants.

NON-OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

FEES AND CHARGES

Revenue (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

INTEREST EARNINGS

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

OTHER REVENUE / INCOME

Other revenue, which can not be classified under the above headings, includes dividends, discounts, and rebates.

EXPENSES

EMPLOYEE COSTS

All costs associated with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences safety expenses, medical examinations, fringe benefit tax, etc.

MATERIALS AND CONTRACTS

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses, advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc.

UTILITIES (GAS, ELECTRICITY, WATER, ETC.)

Expenditures made to the respective agencies for the provision of power, gas or water. Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

INSURANCE

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

LOSS ON ASSET DISPOSAL

Loss on the disposal of fixed assets includes loss on disposal of long term investments.

DEPRECIATION ON NON-CURRENT ASSETS

Depreciation and amortisation expense raised on all classes of assets.

INTEREST EXPENSES

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

OTHER EXPENDITURE

Statutory fees, taxes, provision for bad debts, member's fees or State taxes. Donations and subsidies made to community groups.

All land (other than exempt land) in the Shire of Wyndham East Kimberley is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire of Wyndham East Kimberley.

The general rates detailed for the 2021/22 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

SHIRE OF WYNDHAM EAST KIMBERLEY

	130,315	207,866	132,000

1. RATES (CONTINUED)

(c) Objectives and Reasons for Differential Rating

To provide equity in the rating of properties across the Shire the following rate categories have been determined for the implementation of differential rating.

Differential general rate

Description	Characteristics	Objects	Reasons
Gross rental valuations GRV Residential	GRV valued land within the townsites, other than land zoned Rural Residential or Rural Smallhodings, which is used primarily for residential purposes with the exception of Workforce Accommodation	To meet the Shire's budget requirements in order to deliver services in accordance with the needs and expectation of its community and set rating levels to adequately resource its roles and responsibilities while applying the principles of Equity, Incentive, Administrative efficiency, Compliance and Sustainability	A differential rate is applied to GRV valued land within the townsites, other than land zoned Rural Residential or Rural Smallholdings, which is used primarily for residential purposes with the exception of Workforce Accommodation.
GRV Other Vacant	GRV value land within the townsites which is deemed to be vacant land	To meet the Shire's budget requirements in order to deliver services in accordance with the needs and expectation of its community and set rating levels to adequately resource its roles and responsibilities while applying the principles of Equity, Incentive, Administrative efficiency, Compliance and Sustainability	To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of the Shire particularly as there is a different method used for the valuation of vacant land
GRV Commercial	GRV valued land which is used primarily for commercial purposes	To meet the Shire's budget requirements in order to deliver services in accordance with the needs and expectation of its community and set rating levels to adequately resource its roles and responsibilities while applying the principles of Equity, Incentive, Administrative efficiency, Compliance and Sustainability	The commercial sector generates high pedestrian and traffic volumes resulting in a greater impact on the provision of services, facilities and infrastructure. This sector should therefore contribute a greater share of the costs associated with economic development and marketing programs which assist and facilitate economic growth in the region.
GRV Industrial	GRV valued land used primarily for industrial purposes	To meet the Shire's budget requirements in order to deliver services in accordance with the needs and expectation of its community and set rating levels to adequately resource its roles and responsibilities while applying the principles of Equity, Incentive, Administrative efficiency, Compliance and Sustainability	This sector generates higher traffic volumes with heavier loads. This sector should therefore contribute a greater share of the costs associated with road construction, maintenance and refurbishment including road drainage systems.
GRV Rural Residential	GRV valued land that is zoned rural Residential or Rural Smaillholdings which is used primarily fo rural residential purposes	or To meet the Shire's budget requirements in order to deliver services in accordance with the needs and expectation of its community and set rating levels to adequately resource its roles and responsibilities while applying the principles of Equity, Incentive, Administrative efficiency, Compliance and Sustainability	A differential rate is applied to GRV valued land that is zoned Rural Residential Rural Smallholdings which is used primarily for or capable of being used primarily for rural residential purposes.
Unimproved valuations UV Rural Residential	UV valued land located outside the gazetted twonsites that is zoned Rural Residnetial or Rural Smallholdings which is used primarily for or capable of being used primarily for rural residential purposes	To meet the Shire's budget requirements in order to deliver services in accordance with the needs and expectation of its community and set rating levels to adequately resource its roles and responsibilities while applying the principles of Equity, Incentive, Administrative efficiency, Compliance and Sustainability	A differential rate is applied to UV valued land located outside the gazetted townsites that is zoned Rural Residential or Rural Smallholdings which is used primarily for or capable of being used primarily for rural residential purposes.
UV Pastoral	UV valued land located outside the gazetted townsites wich is used primarily for or capable of being used primarily for pastoral purposes	To meet the Shire's budget requirements in order to deliver services in accordance with the needs and expectation of its community and set rating levels to adequately resource its roles and responsibilities while applying the principles of Equity, Incentive, Administrative efficiency, Compliance and Sustainability	Due to the pastoral valuation being based generally on a lease value, the result is a low valuation over an extensive land area. The sector uses proportionately a greater portion of the Shire road infrastructure with higher traffic volumes and heavier loads and should therefore contribute a greater share of the costs associated with road construction, maintenance and refurbishment.

SHIRE OF WYNDHAM EAST KIMBERLEY

NOTES TO AND FORMING PART OF THE BUDGET

FOR THE YEAR ENDED 30 JUNE 2022

_				
	UV Commercial/Industrial	UV valued land located outside the gazetted townsites which is used primarily for or capable of being used primarily for commercial, industrial and/or tourism purposes	To meet the Shire's budget requirements in order to deliver services in accordance with the needs and expectation of its community and set rating levels to adequately resource its roles and responsibilities while applying the principles of Equity, Incentive, Administrative efficiency, Compliance and Sustainability	This sector uses a greater proportion of the road infrastructure with higher traffic volumes and heavier loads. This sector should therefore contribute a greater share of the costs associated with road construction, maintenance and refurbishment including road drainage systems and other infrastructure required, along with other costs associated with marketing and economic development.
	UV Agriculture	UV valued land located outside the gazetted townsites that is zoned Agriculture-State or Regional Signficance or Rural which is used primarily for or capable of being used primarily for extensive agriculture, agroforestry and/or horticulture purposes	To meet the Shire's budget requirements in order to deliver services in accordance with the needs and expectation of its community and set rating levels to adequately resource its roles and responsibilities while applying the principles of Equity, Incentive, Administrative efficiency, Compliance and Sustainability	It is recognised that this sector also utilises a greater proportion of the road infrastructure and has a greater impact with the heavier loads that it generates. This sector should therefore contribute a greater share of the costs associated with road construction, maintenance and refurbishment including road drainage systems and other infrastructure required.
	UV Horticulture	UV valued land located outside the gazetted townsites that is zoned Local Horticulture which is used primarily for or is capable of use primarily for intensive agriculture and/or horticulture purposes	To meet the Shire's budget requirements in order to deliver services in accordance with the needs and expectation of its community and set rating levels to adequately resource its roles and responsibilities while applying the principles of Equity, Incentive, Administrative efficiency, Compliance and Sustainability	This sector does have a high impact on infrastructure, but not to the extent of those properties zoned Agriculture – State or Regional Significance. Properties within the Local Horticulture zone should therefore also contribute a greater share of the costs associated with road construction, maintenance and refurbishment including road drainage systems and other infrastructure required.
	UV Mining		To meet the Shire's budget requirements in order to deliver services in accordance with the needs and expectation of its community and set rating levels to adequately resource its roles and responsibilities while applying the principles of Equity, Incentive, Administrative efficiency, Compliance and Sustainability	The mining sector activities require a greater level of non-exclusive services than pastoral activities in the same location and their impact on the community is of a much greater intensity, particularly given the haulage of heavy machinery through the town and its impact on associated infrastructure and the provision of rest/truck parking areas. The sector should therefore contribute to a greater share of the costs of providing infrastructure across the Shire.
	UV Mining - Exploration & Prospecting	UV valued land located outside the gazetted townsites which is used primarily for mining purposes and encompasses exploration and prospecting licences	To meet the Shire's budget requirements in order to deliver services in accordance with the needs and expectation of its community and set rating levels to adequately resource its roles and responsibilities while applying the principles of Equity, Incentive, Administrative efficiency, Compliance and Sustainability	Exploration and prospecting licences are considered to have a minimal impact on the cost of providing services, facilities and infrastructure across the Shire and could be considered to be vacant land. Only when minerals are discovered is it anticipated that the property holder would seek to convert the property into a mining lease.
	UV Other	UV valued land located outside the gazetted townsites which is not otherwise rated under the above rating categories	To meet the Shire's budget requirements in order to deliver services in accordance with the needs and expectation of its community and set rating levels to adequately resource its roles and responsibilities while applying the principles of Equity, Incentive, Administrative efficiency, Compliance and Sustainability	A differential rate is applied to UV valued land located outside the gazetted townsites which is not otherwise rated as Rural Residential, Pastoral, Commercial/Industrial, Agriculture, Horticulture, Mining or Mining - Exploration and Prospecting to ensure that all property owners contribute to the provision of services, facilities and infrastructure.

(d) Differential Minimum Payment

Description	Characteristics	Objects	Reasons
Gross rental valuations GRV Residential	Applied in accordance with s6.36 of the Local Goverment Act 1995	To ensure all ratepayers contribute a minimum amount regardless of their property value	To ensure propoerty owners make a reasonable contribution to the no-exclusive services, facilities and infrastructure provided for the benefit ot the whole district
GRV Other Vacant	Applied in accordance with s6.36 of the Local Goverment Act 1996	To ensure all ratepayers contribute a minimum amount regardless of their property value	To ensure propoerty owners make a reasonable contribution to the no-exclusive services, facilities and infrastructure provided for the benefit ot the whole district
GRV Commercial	Applied in accordance with s6.36 of the Local Goverment Act 1997	To ensure all ratepayers contribute a minimum amount regardless of their property value	To ensure propoerty owners make a reasonable contribution to the no-exclusive services, facilities and infrastructure provided for the benefit ot the whole district
GRV Industrial	Applied in accordance with s6.36 of the Local Goverment Act 1998	To ensure all ratepayers contribute a minimum amount regardless of their property value	To ensure propoerty owners make a reasonable contribution to the no-exclusive services, facilities and infrastructure provided for the benefit ot the whole district
GRV Rural Residential	Applied in accordance with s6.36 of the Local Goverment Act 1999	To ensure all ratepayers contribute a minimum amount regardless of their property value	To ensure propoerty owners make a reasonable contribution to the no-exclusive services, facilities and infrastructure provided for the benefit ot the whole district
Unimproved valuations			
UV Rural Residential	Applied in accordance with s6.36 of the Local Goverment Act 2006	To ensure all ratepayers contribute a minimum amount regardless of their property value	To ensure propoerty owners make a reasonable contribution to the no-exclusive services, facilities and infrastructure provided for the benefit ot the whole district
UV Pastoral	Applied in accordance with s6.36 of the Local Goverment Act 2007	To ensure all ratepayers contribute a minimum amount regardless of their property value	To ensure propoerty owners make a reasonable contribution to the no-exclusive services, facilities and infrastructure provided for the benefit ot the whole district
UV Commercial/Industrial	Applied in accordance with s6.36 of the Local Goverment Act 2008	To ensure all ratepayers contribute a minimum amount regardless of their property value	To ensure propoerty owners make a reasonable contribution to the no-exclusive services, facilities and infrastructure provided for the benefit ot the whole district
UV Agriculture	Applied in accordance with s6.36 of the Local Goverment Act 2009	To ensure all ratepayers contribute a minimum amount regardless of their property value	To ensure propoerty owners make a reasonable contribution to the no-exclusive services, facilities and infrastructure provided for the benefit ot the whole district
UV Horticulture	Applied in accordance with s6.36 of the Local Goverment Act 2010	To ensure all ratepayers contribute a minimum amount regardless of their property value	To ensure propoerty owners make a reasonable contribution to the no-exclusive services, facilities and infrastructure provided for the benefit ot the whole district
UV Mining	Applied in accordance with s6.36 of the Local Goverment Act 2011	To ensure all ratepayers contribute a minimum amount regardless of their property value	To ensure propoerty owners make a reasonable contribution to the no-exclusive services, facilities and infrastructure provided for the benefit of the whole district
UV Mining - Exploration & Prospecting	Applied in accordance with s6.36 of the Local Goverment Act 2012	To ensure all ratepayers contribute a minimum amount regardless of their property value	This minimum payment is on the basis that it reflects a similar methodology as that applied in the Valuation of Land Act 1978 when determing the unimproved valuations.
UV Other	Applied in accordance with s6.36 of the Local Goverment Act 2013	To ensure all ratepayers contribute a minimum amount regardless of their property value	To ensure proposity owners make a reasonable contribution to the no-exclusive services, facilities and infrastructure provided for the benefit ot the whole district

2 (d) NET CURRENT ASSETS (CONTINUED)

SIGNIFICANT ACCOUNTING POLICIES

CURRENT AND NON-CURRENT CLASSIFICATION

An asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire of Wyndham East Kimberley becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

PREPAID RATES

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the City recognises revenue for the prepaid rates that have not been refunded.

INVENTORIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Superannuation

The Shire of Wyndham East Kimberley contributes to a number of superannuation funds on behalf of employees.

All funds to which the Shire of Wyndham East Kimberley contributes are defined contribution plans.

LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

CONTRACT ASSETS

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

PROVISIONS

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

EMPLOYEE BENEFITS Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

CONTRACT LIABILITIES

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

3. RECONCILIATION OF CASH

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Estimated cash at the end of the reporting period is as follows:

	Nete	2021/22 Budget	2020/21 Forecast	2020/21 Budget
	Note	Budget	s	Budget \$
Cash at bank and on hand		\$ 15,742	° 2,972,045	* 891,286
Term deposits		0	2,012,010	9,837
Total cash and cash equivalents		15,742	2,972,045	901,123
			, ,	
Held as

Non-operating grants, subsidies and contributions		(16,883,412)	(5,759,127)	(8,956,548)
Net cash from operating activities		430,763	2,684,104	69,803

SIGNIFICANT ACCOUNTING POLICES

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 2 - Net Current Assets.

FINANCIAL ASSETS AT AMORTISED COST

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose

objective is to collect the contractual cashflows, andthe contractual terms give rise to cash flows that are solely payments of principal and interest.

4. FIXED ASSETS

(a) Acquisition of Assets

The following assets are budgeted to be acquired during the year.

	Governance	General purpose funding	Law, order And public safety	Health	Education and welfare	Housing	Community amenities	Recreation and culture	Transport	Economic services	Other property and services	2021/22 Budget total	2020/21 Forecast	2020/21 Budget total

Reporting program

A detailed breakdown of acquisitions on an individual asset basis can be found in the supplementary information attached to this budget document as follows:

SIGNIFICANT ACCOUNTING POLICIES

RECOGNITION OF ASSETS

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation* 17A (5). These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

4. FIXED ASSETS

(b) Disposals of Assets

The following assets are budgeted to be disposed of during the year.

	2021/22 Budget Net Book Value	2021/22 Budget Sale Proceeds	2021/22 Budget Profit	2021/22 Budget Loss	2020/21 Forecast Net Book Value	2020/21 Forecast Sale Proceeds	2020/21 Forecast Profit	2020/21 Forecast Loss	2020/21 Budget Net Book Value	2020/21 Budget Sale Proceeds	2020/21 Budget Profit	2020/21 Budget Loss

A detailed breakdown of disposals on an individual asset basis can be found in

the supplementary information attached to this budget document as follows:

- Staff housing programme

- Plant replacement programme

SIGNIFICANT ACCOUNTING POLICIES

GAINS AND LOSSES ON DISPOSAL

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

SIGNIFICANT ACCOUNTING POLICIES

DEPRECIATION

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

Buildings - non-specialised	7 to 140 years
Buildings - specialised	7 to 140 years
Furniture and equipment	3 to 20 years
Plant and equipment	3 to 13 years
Infrastructure - roads	10 to 120 years
Footpaths	45 to 80 years
Drainage	75 years
Other	10 to 120 years
Airfields	16 to 120 Years
Bridges	100 Years

AMORTISATION

The depreciable amount of all intangible assets with a finite useful life, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The assets residual value of intangible assets is considered to be zero and useful live and amortisation method are reviewed at the end of each financial year.

Amortisation is included within Depreciation on non-current assets in the Statement of Comprehensive Income.

6. INFORMATION ON BORROWINGS

(a) Borrowing repayments

Movement in borrowings and interest between the beginning and the end of the current financial year.

Health Application Fee	245			245
Total	514,697	C) 0	514,697

13. SIGNIFICANT ACCOUNTING POLICIES - OTHER INFORMATION

GOODS AND SERVICES TAX (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

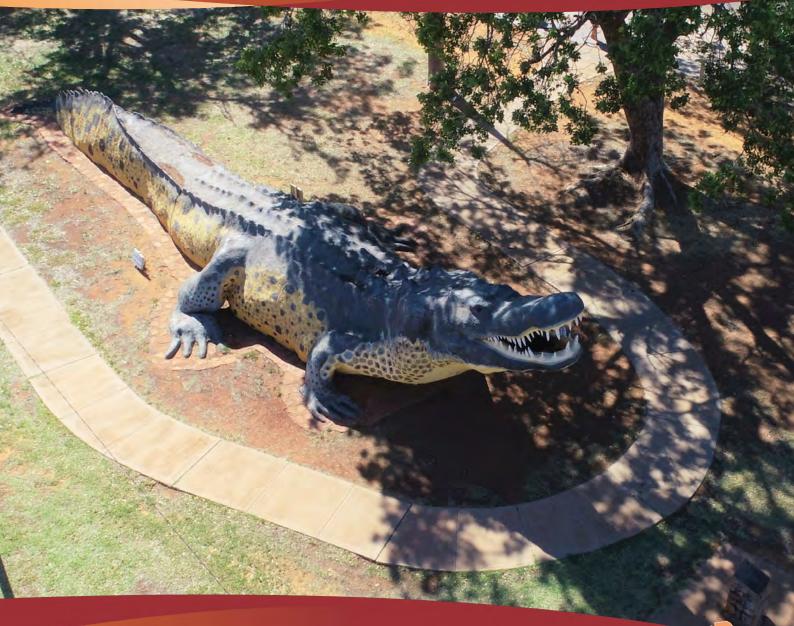

COMPARATIVE FIGURES

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

BUDGET COMPARATIVE FIGURES

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.
