

20th June 2022

Mr Vernon Lawrence
Chief Executive Officer
Shire of Wyndham East Kimberley
PO Box 614
Kununurra WA 6743

Dear Vernon,

Letter of Support – Grant Funding Application – Installation of Disruptive Behaviour Protection Mechanisms

MG Corporation is acutely aware of the serious negative impacts that recent antisocial behaviour has had and continues to have on local Kununurra businesses and on the broader Kununurra community. We are also very concerned that the challenges we are facing within our community are being widely broadcast on social media and that the potential arrival of new residents to Kununurra and the level of tourist activity through the town could also be harmed as a result the respective recent events.

MG Corporation strongly supports this project and sees it as an important initiative to help limit the damage caused by stolen vehicles, and protect our community and local Police Officers in curtailing this activity.

Yours sincerely

Rob Voysey
General Manager
MG Corporation
