## Ngallagunda Aboriginal Corporation.

**Re: Change name on road side signage. Barnett Gorge to Jigngarrin.**

To Whom It May Concern

We the traditional owners and directors of the Ngallagunda Aboriginal Corporation request that the road side signage for **Barnett River Gorge** be changed to **Jigngarrin**. This area is located within Gibb River Station, which is managed by the Ngallagunda Aboriginal Corporation. It is also part of the native title area for a number of corporation members.

We would like to ensure that this location is referred to as **Jigngarrin** as this is the traditional indigenous name. The name 'Barnett River Gorge' also causes confusion for visitors to this place, as it is often mistaken as being part of Mt Barnett Station.

Signed

Alfie White – senior traditional owner

Stephen Wungundin – NAC – Chairperson.
