INTRODUCTION

Introduction

Section 5.42 of the *Local Government Act 1995* (the Act) allows for a local government to delegate to the Chief Executive Officer the exercise of any of its powers or the discharge of any of its duties under the Act (other than those under s5.43). The local government may also delegate the exercise of any of its powers to Committees pursuant to section 5.16, other than those under Section 5.17(1).

Section 5.44 of the Act provides for the Chief Executive Officer to delegate any of his or her powers to another employee, this must be done in writing. The Act also allows for the Chief Executive Officer to place conditions on any delegations that he or she has delegated. These powers or duties cannot, however, be further sub-delegated. These powers or duties are delegated to assist with improving the time taken to make decisions and are made within the constraints allowed by the relevant legislation. This is consistent with our commitment to a strong customer service focus.

The Department of Local Government & Communities *Guideline No.17 – Delegations*, establishes the principal issue in determining whether a statutory function or duty is suitable for 'acting through' that being - where the statute provides no discretion in carrying out a function or duty, then the function or duty may be undertaken through the 'acting through' concept.

Conversely, where the statute allows for discretion on the part of the decision maker, then the function must either be delegated or a person authorised, or a policy implemented, that provides sufficient control for another person to have that authority and fulfil the function or duty.

The *Local Government Act 1995* does not specifically define the meaning of the term "acting through", however section 5.45(2) states;

"Nothing in this Division is to read as preventing –

- (a) A local government from performing any of its functions by acting through a person other than the CEO"; or
- (b) A CEO from performing any of his or her functions by acting through another person."

The purpose of this register is to ensure a record is kept of those powers or duties that have been delegated to ensure accountability and to meet the requirements of Section 5.46 of the Act. This register is a public document that contains 'Instruments of Delegation' that detail the function being delegated and the relevant statutory reference which is the source of power for the exercise of that function. Without limiting the effect of sections 58 and 59 of the *Interpretation Act 1984*, these delegations, made under the Act have effect for the period of time specified in the delegation or where no period has been specified, indefinitely. Any decision to amend or revoke these delegations by a local government is to be by an absolute majority.

This register of delegated authority will be reviewed in accordance with the Act on an annual basis.

Delegations and authorisations under other Legislation

Where legislation provides for the direct delegation to authorise a person or a member of a class of persons by other agencies or decision makers. For example: the *Environmental Protection Act* allows for the CEO of the Department of Environment Regulation to grant delegated authority direct to a local government.

The authorisation is dealt with in the relevant legislation and, where required, the Instrument of Delegation or Notice of the Appointment is advertised in the Government Gazette.

Those Delegations or authorisations that may occur under legislation other than the *Local Government Act 1995*, its regulations and the local government's local laws include:

Planning and Development Act 2005 and associated regulations
Dog Act 1976 and regulations;
Cat Act 2011 and regulations
Bush Fires Act 1954, regulations and local law created under that Act;
Litter Act 1979 and regulations
Local Government (Miscellaneous Provisions) 1960 as amended;
Caravan Parks and Camping Grounds Act 1995;
Control of Vehicles (Off-Road Areas) Act 1978 and regulations;
Environmental Protection Act 1986
Environmental Protection (Noise) Regulations 1997
Building Act 2011

N.B. – This is not an exhaustive list.
