Petition

Removal of public phones from outside Tourism House

Tourism House at 75 Coolibah Drive is home to the Kununurra Visitor Centre, El Questro and Kimberley Asian Cuisine. The Visitor Centre has been granted the opportunity to sub lease Unit 3 of Tourism House (previously used as the CRC office) to a tourism-related business. For people walking towards Tourism House from the southern car park, three public pay phones mask the entrance to Unit 3 and will considerably impact on the ability of any prospective tenant to attract visitors through their doors (please see attached photograph).

The phones are unsightly and detract from the overall appeal of the building, which is a major focal point for visitors to Kununurra. The Visitor Centre welcomes more than 60,000 people through its doors annually and as part of our 5 year business plan we seek to improve the appearance of the building and its surrounds. The removal of these telephones is an important step in this process.

Our observations suggest that these phones are rarely used. As there are other public pay phones situated nearer to the main shopping area of Kununurra (opposite Coles) we believe that the phones outside Tourism House could be removed without impacting on people's ability to use public pay phones should they need to.

We are seeking community support to remove the three public telephones from the southern side of Tourism House on Coolibah Drive.

The first stage in this project is to ask local stakeholders for their support via signatures on this petition. We will then present the petition to the Shire to forward to Telstra.

We would greatly appreciate your support in this initiative and your signature below.

Andy Marriott | General Manager

Kununurra Visitor Centre
Coolibah Drive, Kununurra, WA, 6743
