<td>Development of Ord Biosecurity Group</td>
<td>That Council 1. Acknowledges the proposal from Ord Land and Water Inc. to update the Biosecurity Plan for the Ord Irrigation Area. 2. Supports in principle the proposal, subject to the involvement of relevant industry representatives, State Government agencies, and cross-border integration with the Northern Territory Regional Biosecurity Emergency Response Plan currently being developed by the NT Government. 3. Refers the request for consideration in the 2018/19 Budget an allocation of $15,000 to assist in the update of the Biosecurity Plan for the Ord Irrigation Area, with a preference that Ord Land and Water obtains matching funding from State Government agencies and other sources if possible. 4. Supports Ord Land and Water as the coordinator for the development and implementation of the updated Biosecurity Plan, in partnership with industry representatives and State Government. 5. Considers through the budget process the request for a small percentage (7.5%) of the rates raised from Rural Ag 1 and Rural Ag 2 properties for the ongoing management and delivery of the operational plan developed for the Ord, subject to the involvement of relevant industry representatives and State Government agencies, and with the intention of supporting Ord Land and Water to secure matching State funding. 6. Retains the current Biosecurity Reserve for any emergency plant, pest or disease response as required and approved by Council.</td>
<td>Advice delivered to the Ord Land and Water Inc. 2018/19 Budget approved an allocation of $15,000 for this project. No funds were required during the financial year and no further requests were made to have funds available for updating the plan. Funds will be made available should the need arise in future. Calculations for a 7.5% of the rates for Rural Ag 1 and Rural Ag 2 show that a total amount of rates is $1,054,061 meaning 7.5% of this is $79,054. Since the Shire has had 0% rate increases for two financial years this amount would have to be recovered from existing funds, a contribution of this amount should not be considered at this stage.</td>
