## Adopted Budget 2015-16

### Shire President's Prologue

The past year can be best described as a hard slog. Many difficult decisions were made in the 2014-15 budget that ultimately led to a deficit budget and a reduction in services and Shire employees. Although this decision was tough on everyone including the Council, Shire Officers and the community, I am pleased to say that it was the right decision to make as we look towards a balanced budget by the end of 2015-16. This forecasted balanced budget comes with a note of caution, as the ongoing financial sustainability of the Shire is dependent on the continuation of sound financial management, maintaining efficiencies and good governance.

As highlighted in the 2014-15 budget, the reduction in Financial Assistance Grants from the Commonwealth Government has put huge pressure on Local Governments, this combined with significant increases in the cost of doing business has meant Council will be adopting a 4.93% rate rise for residential properties to ensure that rates support the increasing costs of service delivery. This is not a decision that the Council takes lightly and we realise the impact that any rate rise has on our community so we will continue to look for efficiencies and improvements across the organisation in order to minimise the rating burden placed upon the ratepayers.

The 2015-16 budget maintains the focus that we established last year with the continuation of core service delivery, regulatory requirements, risk mitigation, sustainable asset management, good governance and financial sustainability. With this focus in mind, a number of key projects have been identified within the 2015-16 budget. The upgraded boat ramp at Lily Creek will be constructed and is due for completion by 31 July 2016. The rebuilding of the Wyndham Depot is also due to be completed by October 2015. Planning will continue for a new leisure centre in Kununurra, the Wyndham airport runway will undergo maintenance and a road reseal programme and footpath upgrade is also scheduled for Wyndham. East Kimberley Regional Airport will receive a car park upgrade and a study will be completed to assess the viability for a runway extension to open the Airport for new flight opportunities such as direct flights from the East coast. Funds will be set aside to implement the Play Space Plan and a three to four year project to improve drainage and upgrade Nutwood Crescent and Rosewood Street in Kununurra will commence. We will also be utilising funds from our Foreshore Reserve which along with funds from an external grant will see the development of a Trails Master Plan. The Trails Master Plan will set out the range of improvements required on existing trails within the Shire and identify future trails, from which residents and visitors can enjoy the Shire's renowned natural, built and cultural assets.

Council will continue to work hard to ensure we return to a budget surplus and that long term financial sustainability is achieved. Along with Shire staff we look forward to delivering efficient and effective services and sustainable asset management for our municipality over the next financial year.

Best wishes

**Cr John Moulden**  
**Shire President**

# SHIRE of WYNDHAM EAST KIMBERLEY

## Adopted Budget 2015-16

### Our Strategic Direction

Goal 1: Strong leadership and governance that underpins a more strategic approach to community engagement, regional development and organisational sustainability.

#### Objective 1.1: Strong community engagement

- Undertake community satisfaction survey \$ 8,000

#### Objective 1.2: Alignment of regional and local priorities with other agencies and community groups

- Kimberley Zone \$ 80,000
- Undertake Kimberley Zone/RCG records management initiative \$ 8,500
- Implement Kimberley Zone/RCG corporate performance management and business intelligence initiatives
- Work with the RCG to implement the Kimberley Youth Strategy
- Work with the RCG to implement the Kimberley Volunteering Strategy

#### Objective 1.3: Advocacy of East Kimberley issues and opportunities at regional state and national levels.

- Lobby and representation \$ 13,000

#### Objective 1.4: Business innovation, efficiency and improved services

- Develop Asset Management Plan; enhance condition assessments for all assets \$ 150,000
- Develop Long Term Financial Plan
- Replace server room UPS and increase storage capacity \$ 101,000
- Undertake competitive neutrality review and fee modelling for the airports \$ 20,000
- Undertake competitive neutrality review for the landfills \$ 10,000
- Implement inter-site network connectivity \$ 60,000
- Promote and facilitate the Council elections process \$ 49 000

# SHIRE of WYNDHAM EAST KIMBERLEY

## Adopted Budget 2015-16

### Our Strategic Direction

Goal 2: Greater returns from regional investment to ensure sustainable provision of appropriate physical and social infrastructure

Objective 2.1: A highly valuable East Kimberley economy that maximises social benefits

- Provide financial and administrative support to events \$ 100,000

Objective 2.2: Maintenance of economic diversity and greater community returns from investment in the region

- East Kimberley Regional Airport runway asphalt overlay \$ 3,282,000
- Wyndham Airport runway \$ 300,000
- East Kimberley Regional Airport construction of new overflow carpark \$ 150,000
- East Kimberley Regional Airport runway extension business case and preliminary design \$ 144,000
- Develop Structure Plans for East Lily Creek and Kununurra Civic Centre \$ 72,000
- East Kimberley Regional Airport partial terminal flooring replacement \$ 24,000
- Wyndham Airport car park \$ 10,000

Objective 2.3: Facilities are appropriate for their intended purpose and factor in whole of life costing and maintenance

- Streets, roads and bridges maintenance \$ 4,863,000
- Undertake second coat seal on Goomig Farmlands Roads \$ 2,889,000
- Kalumburu Road renewal \$ 1,177,000
- Lake Argyle Road Stage 1—extend culvert road crossings between Victoria Highway and Spillway Creek bridge \$ 555,000
- Wyndham reseal program \$ 400,000
- Upgrade Research station Road/Egret Close/Mills Road \$ 350,000
- Reconstruct Nutwood and Rosewood Streets \$ 300,000
- Maintain, renew and upgrade playspaces in accordance with Playspace Plan \$ 308,000
- Mangaloo Street traffic management improvements \$ 201,000
- Renew / upgrade sections of Carlton Hill Road \$ 151,000
- Wyndham townsite footpath upgrade program \$ 109,000
- Meatworks Road Wyndham - Reconstruct and Seal \$ 100,000
- Undertake Ivanhoe Crossing works \$ 36,000

Objective 2.4: High standard of health and community facilities and services available to all residents

- Manage and support library services \$ 426,000
- Manage and provide environmental health services including mosquito control \$ 300,000
- Undertake accessibility works to Administration Building entry \$ 40,000

Objective 2.5: East Kimberley residents have access to a broad range of educational opportunities

- Identify land for suitable educational establishment in line with growth management plans
- Support culturally appropriate alternative education opportunities
- Lobby the Department of Education for more school based apprenticeships

# SHIRE of WYNDHAM EAST KIMBERLEY

## Adopted Budget 2015-16

### Our Strategic Direction

Goal 3: Protection and enhancement of lifestyle values, community facilities and the environment to provide safe and inviting communities.

Objective 3.1: A broad range of lifestyle opportunities and activities are available for East Kimberley residents

- Support civic and volunteer events \$ 18 000

Objective 3.2: Waste management and protection of environmental values

- Manage landfills and provide waste / litter services \$ 2,503,000
- Review the Waste Management Strategy \$ 30,000

Objective 3.3: Towns are safe and inviting for locals and tourists

- Provide ranger services \$504,000
- Manage and provide building services \$ 204,000
- Manage fire and emergency services \$ 72,000
- Prepare a Trails Masterplan incorporating the Wyndham Port footpath and Kununurra foreshore trails \$ 70,000
- Development and gazettal of Local Planning Strategy and Scheme \$ 57,000
- Install the Welcome to Country Signage at the East Kimberley Regional Airport \$35,000
- Implement Takeaway Alcohol Management System trial

Objective 3.4: Protection and enhancement of community facilities

- Kununurra parks and gardens maintenance \$ 957,000
- Design and feasibility for a new leisure and aquatic facility \$ 400,000
- Wyndham parks and gardens maintenance \$ 309,000
- Manage Wyndham Community Resource Centre \$ 135,000
- Upgrade Wyndham waste water reuse treatment facility \$ 42,000

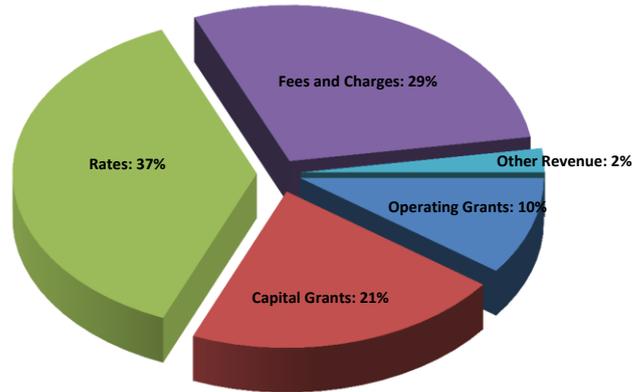

Objective 3.5: An active outdoor lifestyle is encouraged and promoted

- Upgrade Lily Creek Lagoon boating facilities and car park \$ 1,316,000
- Maintain boat ramps in Kununurra and Wyndham \$ 78,000
- Kununurra Swimming Complex \$ 1,029,000
- Wyndham Swimming Complex \$ 349,000

## Financial Ratios

<sup>1</sup> Target ratios are as per the Department of Local Government and Communities (DLGC) Guidelines except the Debt Service Cover Ratio which is a target devised by UHY Haines Norton (based on experience). For information, DLGC Guidelines establish a target Debt Service Cover Ratio of 5 for the "Advanced" Standard.

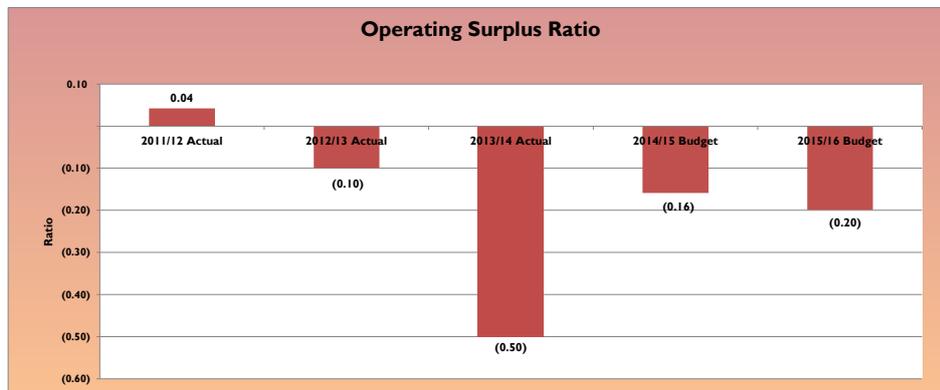

\* Adjusted for "one-off" non-cash items as disclosed in the annual financial report.

Above target as per guidelines

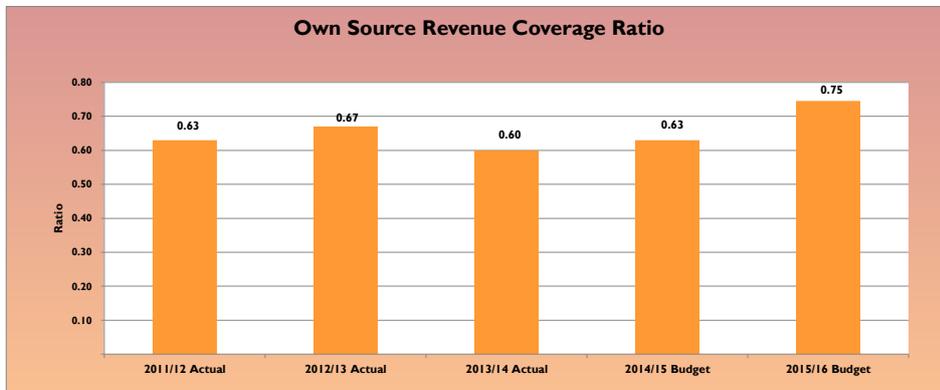

Within acceptable banding as per guidelines

Below acceptable banding as per guidelines

	Target Ratio for "Basic" Standard <sup>1</sup>	Target Ratio for "Intermediate"	Target Ratio for "Advanced" Standard <sup>1</sup>	Draft Budget Ratio	Adopted Budget Ratio	Actual Ratios		
				2015/16	2014/15	2013/14*	2012/13*	2011/12
Debt Service Cover Ratio	≥ 2	N/A	≥ 15	1.93	1.32	(2.63)	5.21	3.34
Operating Surplus Ratio	0.01 - 0.15	N/A	≥ 0.15	(0.20)	(0.16)	(0.50)	(0.10)	0.04
Own Source Revenue Coverage Ratio	0.4 - 0.6	0.6 - 0.9	> 0.9	0.75	0.63	0.60	0.67	0.63

Purpose of Operating Surplus Ratio	Commentary on 2015/16 Draft Budget Result (0.20)
To assess the Shire's ability to cover its operational costs and have revenues available for capital funding or other purposes	This ratio is reasonably stable, however the Shire will need to ensure it remains vigilant with its expenditure program moving forward in an attempt to increase the net result and improve the operating surplus.

Purpose of Operating Surplus Ratio	Commentary on 2015/16 Draft Budget Result 0.75
To assess the Shire's ability to cover its costs through its own revenue efforts.	This ratio is anticipated to improve for 2015/16 based on increased revenue and reduced expenditure from both 2013/14 and 2014/15.

Purpose of Debt Service Ratio	Commentary on 2015/16 Draft Budget Result 1.93
To assess the Shire's ability to repay its debt including lease payments.	This ratio has predominantly improved as a result of the reduction in principal repayments on loans reducing compared to 2014/15.

## ADOPTED BUDGET 2015-16

### Notes to and Forming Part of the Budget

#### For the Year Ended 30 June 2016

## I. SIGNIFICANT ACCOUNTING POLICIES

### (a) Basis of Preparation

The budget has been prepared in accordance with applicable Australian Accounting Standards (as they apply to local government and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the *Local Government Act 1995* and accompanying regulations. Material accounting policies which have been adopted in the preparation of this budget are presented below and have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the budget has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### Critical Accounting Estimates

The preparation of the budget in conformity with Australian Accounting Standards requires management to make judgements, estimates, and assumptions that affect the application of policies and reported amounts of assets, liabilities, income, and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

#### The Local Government Reporting Entity

All Funds through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 16 to this budget document.

### (b) 2014/15 Actual Balances

Balances shown in this budget as 2014/15 Actual are as forecast at the time of budget preparation and are subject to final adjustments.

### (c) Rounding Off Figures

All figures shown in this budget, other than a rate in the dollar, are rounded to the nearest dollar.

### (d) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions.

**SHIRE OF WYNDHAM EAST KIMBERLEY****ADOPTED BUDGET 2015-16****Notes to and Forming Part of the Budget****For the Year Ended 30 June 2016****I. SIGNIFICANT ACCOUNTING POLICIES (Continued)****(d) Rates, Grants, Donations and Other Contributions (continued)**

Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

**(e) Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a Gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

**(f) Superannuation**

The Shire contributes to a number of Superannuation Funds on behalf of employees.

All funds to which the Shire contributes are defined contribution plans.

**(g) Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 7 – Net Current Assets when utilised.

**(h) Trade and Other Receivables**

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

# SHIRE OF WYNDHAM EAST KIMBERLEY

## ADOPTED BUDGET 2015-16

### Notes to and Forming Part of the Budget

#### For the Year Ended 30 June 2016

## I. SIGNIFICANT ACCOUNTING POLICIES (Continued)

### (i) Inventories

#### **General**

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### **Land Held for Resale**

Land purchased for development and resale is valued at the lower of cost and net realisable value.

Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

### (j) Fixed Assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

#### **Mandatory Requirement to Revalue Non-Current Assets**

Effective from 1 July 2012, the *Local Government (Financial Management) Regulations* were amended and the measurement of non-current assets at Fair Value became mandatory.

The amendments allow for a phasing in of fair value in relation to fixed assets over three years as follows:

- (a) for the financial year ending on 30 June 2013, the fair value of all of the assets of the local government that are plant and equipment; and
- (b) for the financial year ending on 30 June 2014, the fair value of all of the assets of the local government -
  - (i) that are plant and equipment; and
  - (ii) that are -
    - (I) land and buildings; or
    - (II) infrastructure; and
- (c) for a financial year ending on or after 30 June 2015, the fair value of all of the assets of the local government.

# SHIRE OF WYNDHAM EAST KIMBERLEY

## ADOPTED BUDGET 2015-16

### Notes to and Forming Part of the Budget

#### For the Year Ended 30 June 2016

## I. SIGNIFICANT ACCOUNTING POLICIES (Continued)

### (j) Fixed Assets (Continued)

Thereafter, in accordance with the regulations, each asset class must be revalued at least every 3 years.

In 2013, the Shire commenced the process of adopting Fair Value in accordance with the Regulations.

Relevant disclosures, in accordance with the requirements of Australian Accounting Standards, have been made in the budget as necessary.

#### **Land Under Control**

In accordance with *Local Government (Financial Management) Regulation 16(a)*, the Shire was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or regional significance.

Whilst they were initially recorded at cost (being fair value at the date of acquisition (deemed cost) as per AASB 116) these assets were revalued along with other items of Land and Buildings at 30 June 2014 and now form part of Land and Buildings to be subject to regular revaluation as detailed above.

#### **Initial Recognition and Measurement between Mandatory Revaluation Dates**

All assets are initially recognised at cost and subsequently revalued in accordance with the mandatory measurement framework detailed above.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework detailed above, are carried at cost less accumulated depreciation as management believes this approximates fair value. They will be subject to subsequent revaluation on the next anniversary date in accordance with the mandatory measurement framework detailed above.

#### **Revaluation**

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

**SHIRE OF WYNDHAM EAST KIMBERLEY**  
**ADOPTED BUDGET 2015-16**  
**Notes to and Forming Part of the Budget**  
**For the Year Ended 30 June 2016**

**I. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(j) Fixed Assets (Continued)**

***Transitional Arrangement***

During the time it takes to transition the carrying value of non-current assets from the cost approach to the fair value approach, the Shire may still be utilising both methods across differing asset classes.

Those assets carried at cost will be carried in accordance with the policy detailed in the ***Initial Recognition*** section as detailed above.

Those assets carried at fair value will be carried in accordance with the ***Revaluation Methodology*** section as detailed above.

***Land Under Roads***

In Western Australia, all land under roads is Crown land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and the fact *Local Government (Financial Management) Regulation 16(a)(i)* prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, *Local Government (Financial Management) Regulation 16(a)(i)* prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, *Local Government (Financial Management) Regulation 4(2)* provides, in the event of such an inconsistency, the *Local Government (Financial Management) Regulations* prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Shire.

***Depreciation***

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

**SHIRE OF WYNDHAM EAST KIMBERLEY**  
**ADOPTED BUDGET 2015-16**

**Notes to and Forming Part of the Budget**  
**For the Year Ended 30 June 2016**

**I. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(j) Fixed Assets (Continued)**

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- a) Restated proportionately with the change in the gross carrying amount of the asset so that the carrying amount of the asset after revaluation equals its revalued amount;
- or
- b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Major depreciation periods used for each class of depreciable asset are:

GROUP	CLASS	NUMBER OF YEARS
<b>Roads</b>	Sealed Roads - Formation	Infinite – Not Depreciated
	Sealed Roads - Pavement Under Seal	70

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

**SHIRE OF WYNDHAM EAST KIMBERLEY**  
**ADOPTED BUDGET 2015-16**  
**Notes to and Forming Part of the Budget**  
**For the Year Ended 30 June 2016**

**I. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(j) Fixed Assets (Continued)**

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained surplus.

***Capitalisation Threshold***

Expenditure on items of equipment under \$5,000 is not capitalised. Rather, it is recorded on an asset inventory listing.

**(k) Fair Value of Assets and Liabilities**

When performing a revaluation, the Shire uses a mix of both independent and management valuations using the following as a guide:

Fair Value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for asset (i.e. the market with the greatest volume and level of activity for the asset or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (ie the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

# SHIRE OF WYNDHAM EAST KIMBERLEY

## ADOPTED BUDGET 2015-16

### Notes to and Forming Part of the Budget

#### For the Year Ended 30 June 2016

## I. SIGNIFICANT ACCOUNTING POLICIES (Continued)

### (k) Fair Value of Assets and Liabilities (continued)

#### *Fair Value Hierarchy*

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

#### **Level 1**

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

#### **Level 2**

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

#### **Level 3**

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

#### **Valuation techniques**

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

#### **Market approach**

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

#### **Income approach**

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

**SHIRE OF WYNDHAM EAST KIMBERLEY****ADOPTED BUDGET 2015-16****Notes to and Forming Part of the Budget****For the Year Ended 30 June 2016****I. SIGNIFICANT ACCOUNTING POLICIES (Continued)****(k) Fair Value of Assets and Liabilities (Continued)****Cost approach**

Valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability and considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

As detailed above, the mandatory measurement framework imposed by the *Local Government (Financial Management) Regulations* requires, as a minimum, all assets carried at a revalued amount to be revalued at least every 3 years.

**(l) Financial Instruments****Initial Recognition and Measurement**

Financial assets and financial liabilities are recognised when the Shire becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Shire commits itself to either the purchase or sale of the asset (ie trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

**Classification and Subsequent Measurement**

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest rate method, or cost.

Amortised cost is calculated as:

- (a) the amount in which the financial asset or financial liability is measured at initial recognition;
- (b) less principal repayments and any reduction for impairment; and
- (c) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest rate method.

**SHIRE OF WYNDHAM EAST KIMBERLEY**  
**ADOPTED BUDGET 2015-16**  
**Notes to and Forming Part of the Budget**  
**For the Year Ended 30 June 2016**

**I. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(I) Financial Instruments (continued)**

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

*(i) Financial assets at fair value through profit and loss*

Financial assets are classified at "fair value through profit or loss" when they are held for trading for the purpose of short term profit taking. Assets in this category are classified as current assets. Such assets are subsequently measured at fair value with changes in carrying amount being included in profit or loss.

*(ii) Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Loans and receivables are included in current assets where they are expected to mature within 12 months after the end of the reporting period.

*(iii) Held-to-maturity investments*

Held-to-maturity investments are non-derivative financial assets with fixed maturities and fixed or determinable payments that the Shire's management has the positive intention and ability to hold to maturity. They are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Held-to-maturity investments are included in current assets where they are expected to mature within 12 months after the end of the reporting period. All other investments are classified as non-current.

# SHIRE OF WYNDHAM EAST KIMBERLEY

## ADOPTED BUDGET 2015-16

### Notes to and Forming Part of the Budget

#### For the Year Ended 30 June 2016

## I. SIGNIFICANT ACCOUNTING POLICIES (Continued)

### (I) Financial Instruments (Continued)

#### (iv) Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either not suitable to be classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

They are subsequently measured at fair value with changes in such fair value (i.e. gains or losses) recognised in other comprehensive income (except for impairment losses). When the financial asset is derecognised, the cumulative gain or loss pertaining to that asset previously recognised in other comprehensive income is reclassified into profit or loss.

Available-for-sale financial assets are included in current assets, where they are expected to be sold within 12 months after the end of the reporting period. All other available for sale financial assets are classified as non-current.

#### (v) Financial liabilities

Non-derivative financial liabilities (excl. financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in the profit or loss.

#### **Impairment**

A financial asset is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events (a "loss event") having occurred, which has an impact on the estimated future cash flows of the financial asset(s).

In the case of available-for-sale financial assets, a significant or prolonged decline in the market value of the instrument is considered a loss event. Impairment losses are recognised in profit or loss immediately. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified to profit or loss at this point.

In the case of financial assets carried at amortised cost, loss events may include: indications that the debtors or a group of debtors are experiencing significant financial difficulty, default or delinquency in interest or principal payments; indications that they will enter bankruptcy or other financial reorganisation; and changes in arrears or economic conditions that correlate with defaults.

# SHIRE OF WYNDHAM EAST KIMBERLEY

## ADOPTED BUDGET 2015-16

### Notes to and Forming Part of the Budget

#### For the Year Ended 30 June 2016

## I. SIGNIFICANT ACCOUNTING POLICIES (Continued)

### (l) Financial Instruments (Continued)

For financial assets carried at amortised cost (including loans and receivables), a separate allowance account is used to reduce the carrying amount of financial assets impaired by credit losses. After having taken all possible measures of recovery, if management establishes that the carrying amount cannot be recovered by any means, at that point the written-off amounts are charged to the allowance account or the carrying amount of impaired financial assets is reduced directly if no impairment amount was previously recognised in the allowance account.

#### **Derecognition**

Financial assets are derecognised where the contractual rights for receipt of cash flows expire or the asset is transferred to another party, whereby the Shire no longer has any significant continual involvement in the risks and benefits associated with the asset.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

### (m) Impairment of Assets

In accordance with Australian Accounting Standards the Shire's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another standard (e.g. AASB 116) whereby any impairment loss of a revaluation decrease in accordance with that other standard.

For non-cash generating assets such as roads, drains, public buildings and the like, value in use is represented by the depreciated replacement cost of the asset.

At the time of adopting this budget, it is not possible to estimate the amount of impairment losses (if any) as at 30 June 2016.

In any event, an impairment loss is a non-cash transaction and consequently, has no impact on this budget document.

**SHIRE OF WYNDHAM EAST KIMBERLEY****ADOPTED BUDGET 2015-16****Notes to and Forming Part of the Budget****For the Year Ended 30 June 2016****I. SIGNIFICANT ACCOUNTING POLICIES (Continued)****(n) Trade and Other Payables**

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

**(o) Employee Benefits****Short-Term Employee Benefits**

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages and salaries. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages and salaries are recognised as a part of current trade and other payables in the statement of financial position. The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

**Other Long-Term Employee Benefits**

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations or service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any re-measurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

**SHIRE OF WYNDHAM EAST KIMBERLEY**  
**ADOPTED BUDGET 2015-16**  
**Notes to and Forming Part of the Budget**  
**For the Year Ended 30 June 2016**

**I. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(o) Employee Benefits (Continued)**

**Other Long-Term Employee Benefits**

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

**(p) Borrowing Costs**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

**(q) Provisions**

Provisions are recognised when the Shire has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

**(r) Leases**

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the Shire are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

## SHIRE OF WYNDHAM EAST KIMBERLEY

### ADOPTED BUDGET 2015-16

#### Notes to and Forming Part of the Budget

#### For the Year Ended 30 June 2016

### I. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (s) Investments in Associates

An associate is an entity over which the Shire has significant influence. Significant influence is the power to participate in the financial operating policy decisions of that entity but is not control or joint control of those policies. Investments in associates are accounted for in the budget/financial statements by applying the equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Shire's share of net assets of the associate. In addition, the Shire's share of the profit or loss of the associate is included in the Shire's profit or loss.

The carrying amount of the investment includes, where applicable, goodwill relating to the associate. Any discount on acquisition, whereby the Shire's share of the net fair value of the investment is acquired.

Profits and losses resulting from transactions between the Shire and the associate are eliminated to the extent of the Shire's interest in the associate.

When the Shire's share of losses in an associate equals or exceeds its interest in the associate, the Shire discontinues recognising its share of further losses unless it has incurred legal or constructive obligations or made payments on behalf of the associate.

When the associate subsequently makes profits, the Shire will resume recognising its share of those profits once its share of the profits equals the share of the losses not recognised.

#### (t) Interests in Joint Arrangements

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint venture entities providing joint venturers with an interest to net assets are classified as a joint venture and accounted for using the equity method. Refer to note I(o) for a description of the equity method of accounting.

Joint venture operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The Shire's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements. The Shire does not have any interests in joint arrangements for 2015/16.

## ADOPTED BUDGET 2015-16

### Notes to and Forming Part of the Budget

#### For the Year Ended 30 June 2016

#### I. SIGNIFICANT ACCOUNTING POLICIES (Continued)

##### (u) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Council's intentions to release for sale.

##### (v) Comparative Figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current budget year.

(w) Unless otherwise stated, the budget comparative figures shown in this budget document relate to the original budget estimate for the relevant item of disclosure.

##### (x) New Accounting Standards and Interpretations for Application in Future Periods

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the Shire.

Management's assessment of the new and amended pronouncement that are relevant to the Shire, applicable to future reporting periods and which have not yet been adopted are set out as follows.

	Title	Issued	Applicable (*)	Impact
(i)	AASB 9 – Financial Instruments (incorporating AASB 2014-7 and AASB 2014-8)	December 2014	1 January 2018	Nil – The objective of this Standard is to improve and simplify the approach for classification and measurement of financial assets compared with the requirements of AASB 139. Given the nature of the financial assets of the Shire, it is not anticipated the standard will have any material effect.

## SHIRE OF WYNDHAM EAST KIMBERLEY

## ADOPTED BUDGET 2015-16

## Notes to and Forming Part of the Budget

## For the Year Ended 30 June 2016

	Title	Issued	Applicable (*)	Impact
(ii)	AASB 2010 – 7 Amendments to Australian Accounting Standards arising from AASB 9 (December 2010) [AASB 1, 3, 4, 5, 7, 101, 102, 108, 112, 118, 120, 121, 127, 128, 131, 132, 136, 137, 139, 1023 & 1038 and Interpretations 2, 5, 10, 12, 19 & 127]	September 2012	1 January 2018	Nil – The revisions embodied in this standard give effect to the consequential changes arising from the issuance of AASB 9 which is not anticipated to have any material effect on the Shire (refer (i) above).
(iii)	AASB 15 Revenue from Contracts with Customers	December 2014	1 January 2017	<p>This Standard establishes principles for entities to apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from a contract with a customer.</p> <p>The effect of this Standard will depend upon the nature of future transactions the Shire has with those third parties it has dealings with. It may or may not be significant.</p>
(iv)	AASB 2013-9 Amendments to Australian Accounting Standards – Conceptual Framework, Materiality and Financial Instruments  [Operative date: Part C Financial Instruments – 1 January 2015]	December 2013	Refer title column	<p>Part C of this Standard makes consequential amendments to AASB 9 and numerous other Standards and amends the permissions around certain applications relating to financial liabilities reissued at fair value.</p> <p>As the bulk of changes relate either to editorial or reference changes it is not expected to have a significant impact on the Shire.</p>

## SHIRE OF WYNDHAM EAST KIMBERLEY

### ADOPTED BUDGET 2015-16

#### Notes to and Forming Part of the Budget

#### For the Year Ended 30 June 2016

	Title	Issued	Applicable (*)	Impact
(v)	AASB 2014-3 Amendments to Australian Accounting Standards – Accounting for Acquisitions of Interests in Joint Operations [AASB 1 & AASB 11]	August 2014	1 January 2016	<p>This Standard amends AASB 11: Joint Arrangements to require the acquirer of an interest (both initial and additional) in a joint operation in which the activity constitutes a business, as defined in AASB 3: <i>Business Combinations</i>, to apply all of the principles on business combinations accounting in AASB 3 and other Australian Accounting Standards except for those principles that conflict with the guidance in AASB 11; and disclose the information required by AASB 3 and other Australian Accounting Standards for business combinations.</p> <p>Since adoption of this Standard would impact only acquisitions of interests in joint operations on or after 1 January 2016, management believes it is impracticable at this stage to provide a reasonable estimate of such impact on the Shire's budget/financial statements.</p>

## SHIRE OF WYNDHAM EAST KIMBERLEY

Specifically, the Standard proposes narrow-focus amendments to address some of the concerns expressed about existing presentation and disclosure requirements and to ensure entities are able to use judgement when applying a Standard in determining what information to disclose in their financial statements.</p> <p>This Standard also makes editorial and consequential amendments as a result of amendments to the Standards listed in the title column.</p> <p>It is not anticipated it will have any significant impact on disclosures.</p>
(ix)	<p>AASB 2015-3 Amendments to Australian Accounting Standards arising from the withdrawal of AASB 1031 Materiality</p>	January 2015	1 July 2015	<p>This Standard completes the withdrawal of references to AASB 1031 in all Australian Accounting Standards and Interpretations, allowing it to be completely withdrawn.</p> <p>It is not anticipated it will have a significant impact as the principles of materiality remain largely unchanged.</p>

## SHIRE OF WYNDHAM EAST KIMBERLEY

## ADOPTED BUDGET 2015-16

## Notes to and Forming Part of the Budget

## For the Year Ended 30 June 2016

	Title	Issued	Applicable (*)	Impact
(x)	AASB 2015-6 Amendments to Australian Accounting Standards - Extending Related Party Disclosures to Not-for- Profit Public Sector Entities  [AASB 10, 124 & 1049]	March 2015	1 July 2016	The objective of this Standard is to extend the scope of AASB 124 Related Party Disclosures to include not-for-profit sector entities.  The Standard is expected to have a significant disclosure impact on the financial report of the Shire as both Elected Members and Senior Management will be deemed to be Key Management Personnel and resultant disclosures will be necessary.

Notes: (\*) Applicable to reporting periods commencing on or after the given date.

**(y) Adoption of New and Revised Accounting Standards**

During the current year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which became mandatory and which were applicable to its operations.

These new and revised standards were:

AASB 2011-7  
AASB 2012-3  
AASB 2013-3  
AASB 2013-8  
AASB 2013-9 Parts A & B

Most of the standards adopted had a minimal effect on the accounting and reporting practices of the Shire as they did not have a significant impact on the accounting or reporting practices or were either not applicable, largely editorial in nature, were revisions to help ensure consistency with presentation, recognition and measurement criteria of IFRSs or related to topics not relevant to operations.

## ADOPTED BUDGET 2015-16

### Notes to and Forming Part of the Budget

For the Year Ended 30 June 2016

## 2. OPERATING REVENUES AND EXPENSES (Continued)

### (b) Statement of Objective

#### Vision

For the East Kimberley to be a thriving community with opportunities for all.

#### Mission

To enable the East Kimberley to develop in a manner that will achieve social, cultural, economic and environmental benefits for all.

#### Commitment

Council and staff will make decisions with integrity, transparency and consistency.

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis and for each of its broad activities/programs.

Council operations as disclosed in this budget encompass the following service orientated activities/programs:

### GENERAL PURPOSE FUNDING

#### Objective:

To collect revenue to allow for the provision of services.

#### Activities:

Rates, general purpose government grants and interest revenue.

### GOVERNANCE

#### Objective:

To provide a decision making process for the efficient allocation of scarce resources.

#### Activities:

Includes the activities of members of council and the administrative support available to the Council for the provision of governance of the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific council services.

### LAW, ORDER, PUBLIC SAFETY

#### Objective:

To provide services to help ensure a safer and environmentally conscious community.

#### Activities:

Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services.

### HEALTH

#### Objective:

To provide an operational framework for environmental and community health.

#### Activities:

Inspection of food outlets and their control, provision of meat inspection services, noise control, pest control and waste disposal compliance.

### EDUCATION AND WELFARE

#### Objective:

To provide services to disadvantaged persons, the elderly, children and youth.

#### Activities:

Operation of youth services, support of day care centres and assistance to other voluntary services.

# SHIRE OF WYNDHAM EAST KIMBERLEY

## ADOPTED BUDGET 2015-16

### Notes to and Forming Part of the Budget

For the Year Ended 30 June 2016

## 2. OPERATING REVENUES AND EXPENSES (Continued)

### (b) Statement of Objectives (Continued)

#### HOUSING

Objective:

To provide and maintain staff and residential housing.

Activities:

Provision of staff and residential housing.

#### COMMUNITY AMENITIES

Objective:

To provide services required by the community.

Activities:

Rubbish collection services, operation of landfill sites, litter control, administration of the town planning schemes, maintenance of cemeteries, maintenance of rest centres and storm water drainage maintenance.

#### RECREATION AND CULTURE

Objective:

To establish and effectively manage infrastructure and resource which will help the social well being of the community.

Activities:

Maintenance of halls, aquatic centres, recreation centres and various reserves; operation of library and community development services.

#### TRANSPORT

Objective:

To provide safe, effective and efficient transport services to the community.

Activities:

Construction and maintenance of streets, roads, bridges; cleaning and lighting of streets, traffic lights, depot maintenance, and the provision and operation of airport services.

#### ECONOMIC SERVICES

Objective:

To help promote the shire and its economic wellbeing.

Activities:

The regulation and provision of tourism, area promotion, building control, noxious weeds and vermin control.

#### OTHER PROPERTY & SERVICES

Objective:

To monitor and control council's overheads operating accounts.

Activities:

Private works operation, plant repairs, operations and administrative costs.

## SHIRE OF WYNDHAM EAST KIMBERLEY

### ADOPTED BUDGET 2015-16

#### Notes to and Forming Part of the Budget

#### For the Year Ended 30 June 2016

#### 6. RESERVES (Continued)

In accordance with council resolutions in relation to each reserve account, the purpose for which the reserves are set aside are as follows:

##### **Waste Management**

To provide for the operation, maintenance, renewal and upgrade of existing and new waste management facilities within the Shire of Wyndham East Kimberley.

##### **Airport**

To provide for the operation, maintenance, renewal and upgrade of existing and new airport facilities within the Shire of Wyndham East Kimberley.

##### **Plant and Equipment**

To provide for the plant management program.

##### **Parking**

This Reserve is for the land purchase and/or the construction and maintenance of vehicle parking facilities with the Shire.

##### **Non-Potable Water**

This reserve is for the development of non-potable water supply in Wyndham

##### **Civic Buildings**

To provide for the maintenance, renewal, upgrade of existing and new civic buildings within the Shire of Wyndham East Kimberley.

##### **East Kimberley Tourism**

To provide for the significant maintenance, renewal and upgrade of the East Kimberley Tourism House.

##### **Foreshore**

To hold lease and licence payments from occupiers of the Lake Kununurra Foreshore Reserve to provide for the implementation of specific actions outlined in the Lake Kununurra Foreshore and Aquatic Use Plan 2012.

##### **Staff Entitlement**

This reserve is to provide for Shire employee entitlements.

##### **Recreation Hardcourts**

This Reserve is for purpose of providing for future capital upgrade of Recreational Hardcourts.

##### **Bio Security**

To hold funds for use in emergency situations that threaten the bio security of the East Kimberley.

##### **Childcare**

To hold lease payments from the Kununurra Childcare Centre to provide for the significant maintenance and renewal of the building.

##### **Parks**

To hold the funds from the sale of parks provided by the State to undertake major upgrades and to establish new parks and public open spaces in the Shire

##### **Legal Fees**

To hold funds not expended in any budget year to accumulate to cover any significant legal costs or expenses related to regulatory prosecution and enforcement matters.

**SHIRE OF WYNDHAM EAST KIMBERLEY**  
**ADOPTED BUDGET 2015-16**  
**Notes to and Forming Part of the Budget**  
**For the Year Ended 30 June 2016**

**6. RESERVES (Continued)**

**Youth Bus**

To transfer fees from hire of Youth Buses to provide funds for repairs, maintenance and replacement of the Youth Buses.

**Footpaths**

To hold developer contributions for construction of footpaths after housing construction is completed in new subdivisions.

**Asset Management**

To provide for the ongoing maintenance, renewal, upgrade, replacement or development of Shire owned assets within the Shire of Wyndham East Kimberley.

**Goomig Farmlands Roads Reserve**

To provide for the second coat seal of roads within the Goomig Farmlands.

**Unspent Grants and Loans Reserve**

To provide a mechanism for restricting prepaid grants, conditional unspent grants and loan proceeds unspent at a particular financial year where the expenditure will be undertaken in future years.

**Contiguous Local Authority Group (CLAG) Reserve**

To hold funds received to be used for the ongoing management, funding and technical aspects of health-driven mosquito control in an effort to reduce the risk of mosquito-borne diseases within the boundaries of the Shire of Wyndham East Kimberley.

**Kununurra Youth Hub Reserve**

To hold lease payments from Kununurra Youth Hub to provide for the maintenance, renewal and upgrade of the building in accordance with the lease conditions.

**SHIRE OF WYNDHAM EAST KIMBERLEY**

**ADOPTED BUDGET 2015-16**  
**Notes to and Forming Part of the Budget**  
**For the Year Ended 30 June 2016**

**8 (a) RATING INFORMATION (Continued) - 2015/16 FINANCIAL YEAR**

All land except exempt land in the Shire of Wyndham East Kimberley is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire.

The general rates detailed above for the 2015/16 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum payments have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services and facilities.

**OBJECTIVES OF AND REASONS FOR DIFFERENTIAL RATING**

To provide equity in the rating of properties across the Shire the following rate categories have been determined for the implementation of differential rating. Included is an excerpt from Council Policy CP/FIN-3200 *Strategic Rating* which outlines the characteristics, objects of and reasons for differential rating.

**Differential General Rate**

Description	Characteristics	Objects Of	Reasons For
GRV - Residential	GRV valued land within the town site which is used primarily for residential purposes with the exception of Transient Accommodation, and as outlined in Appendix A of the <i>Strategic Rating Policy</i> .	This rate is to contribute to the service desired by the community.	The GRV differential rate for Residential will be the "base rate" from which all other differential rates that hold a GRV value will be calculated, recognising a 4.93% increase from 2013/14.
GRV - Other Vacant	GRV valued land within the town site which is deemed to be vacant land (unimproved land).	To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of the Council.	A higher rate is imposed as there is a different method used for the valuation of vacant land. It is also to signify that the Council prefers land to be developed. The encouragement of development is strategically important as it has a positive effect on local employment, economic diversity and further community returns from investment in the region.
GRV - Commercial	GRV valued land which is used primarily for commercial purposes, and may include land uses such as caravan parks, fast food outlets, hotels, restaurants, boarding houses or veterinary consulting rooms as outlined in Appendix A of the <i>Strategic Rating Policy</i> .	To raise additional revenue to contribute towards higher costs associated with commercial activity.	The commercial sector generates high pedestrian and traffic volumes resulting in a greater impact on the provision of services, facilities and infrastructure, and is also considered to have a greater capacity to pay through rates generally being tax deductible. This sector should therefore contribute a greater share of the costs associated with economic development and marketing programs which assist and facilitate economic growth in the region; road construction; maintenance and refurbishment including road drainage systems; roadside sweeping; landscaping; verge maintenance and street lighting.

**SHIRE OF WYNDHAM EAST KIMBERLEY**  
**ADOPTED BUDGET 2015-16**  
 Notes to and Forming Part of the Budget  
 For the Year Ended 30 June 2016

**8 (a) RATING INFORMATION (Continued) - 2015/16 FINANCIAL YEAR**

**Differential General Rate**

Description	Characteristics	Objects Of	Reasons For
GRV - Industrial	GRV valued land which is used primarily for industrial purposes and as outlined in Appendix A of the <i>Strategic Rating Policy</i> .	To raise additional revenue to contribute towards higher costs associated with industrial activity.	This sector generates high traffic volumes with heavy loads and is considered to have a greater capacity to pay through rates generally being tax deductible. This sector should therefore contribute a greater share of the costs associated with road construction, maintenance and refurbishment including road drainage systems.
UV - Rural Residential	UV valued land located outside the gazetted town site that is zoned Rural Living, Rural Smallholding and Special Rural which is used primarily for or capable of being used primarily for rural residential purposes. Rural residential has the same meaning as the objectives of TPS7 and TPS6 for these Zones.	This rate is to contribute to the service desired by the community.	This is intended as a transitional rating differential category while the Shire work through a process to have these properties provided with a gross rental value instead of an unimproved value given the primary purpose is residential. The average rates payable for each property will be similar to the average rates payable for GRV Residential properties, recognising the transition to a GRV value.
UV - Pastoral	UV valued land located outside the gazetted town site which is used or capable of use primarily for pastoral purposes. Properties such as these have the characteristics of a commercial operation in an undeveloped and sparsely populated area. Pastoral purposes have the same meaning as defined in the <i>Land Administration Act 1997</i> .	To raise additional revenue to contribute towards higher costs associated with pastoral activity.	Due to the valuation being based generally on a lease value, the result is a low valuation over an extensive land area. The sector generates high traffic volumes with heavy loads and has the highest impact on the road infrastructure in particular. While it is considered to have a greater capacity to pay through rates generally being tax deductible, the higher impact on infrastructure that this sector should therefore contribute a greater share of the costs associated with road construction, maintenance and refurbishment.

**ADOPTED BUDGET 2015-16**

Notes to and Forming Part of the Budget  
For the Year Ended 30 June 2016

**8 (a) RATING INFORMATION (Continued) - 2015/16 FINANCIAL YEAR**

**Differential General Rate**

<b>Description</b>	<b>Characteristics</b>	<b>Objects Of</b>	<b>Reasons For</b>
UV - Commercial/Industrial	UV valued land located outside the gazetted town site that is used primarily for, or capable of being used primarily for commercial, industrial and/or tourism purposes.	To raise additional revenue to contribute towards higher costs associated with commercial/industrial activity.	<p>This sector generates high traffic volumes, and is considered to have a greater capacity to pay through rates generally being tax deductible.</p> <p>This sector should therefore contribute a greater share of the costs associated with road construction, maintenance and refurbishment including road drainage systems and other infrastructure required, along with other costs associated with marketing and economic development.</p> <p>It should be noted that this is intended as a transitional rating differential category while the Shire work through a process to have these properties provided with a gross rental value instead of an unimproved value given the primary purpose is commercial, industrial and/or tourism and the land owners should have been contributing more equitably to these costs</p>
UV - Rural Agriculture 1	UV valued land located outside the gazetted town site which is zoned Rural Agriculture 1 or General Rural which is used or capable of being used primarily for extensive agriculture, agroforestry and/or horticulture purposes.	To raise additional revenue to contribute towards higher costs associated with activity in the Rural Agriculture 1 Zone.	<p>It is recognised that this sector has a greater impact on the road infrastructure with the heavy loads that it generates, and also that it has a greater capacity to pay through rates generally being tax deductible.</p> <p>This sector should therefore contribute a greater share of the costs associated with road construction, maintenance and refurbishment including road drainage systems and other infrastructure required.</p>
UV - Rural Agriculture 2	UV valued land located outside the gazetted town site which is zoned Rural Agriculture 2 which is used primarily for, or is capable of use primarily for intensive agriculture and/or horticulture purposes.	To raise additional revenue to contribute towards higher costs associated with activity in the Rural Agriculture 2 Zone.	<p>This sector does have a high impact on infrastructure, but not to the extent of those properties zoned Rural Agriculture 1. Properties within the Rural Agriculture 2 zone are also considered to have a greater capacity to pay through rates generally being tax deductible and should therefore contribute a greater share of the costs associated with road construction, maintenance and refurbishment including road drainage systems and other infrastructure required.</p> <p>Along with the lesser impact on infrastructure, the sizes of the lots within the Rural Agriculture 2 zone are generally not as large as those within the Rural Agriculture 1 zone, therefore it is recognised that the capacity to pay is slightly lower for those in the Rural Agriculture 2 zone.</p>

**SHIRE OF WYNDHAM EAST KIMBERLEY**  
**ADOPTED BUDGET 2015-16**  
**Notes to and Forming Part of the Budget**  
**For the Year Ended 30 June 2016**

**8 (a) RATING INFORMATION (Continued) - 2015/16 FINANCIAL YEAR**

**Differential General Rate**

Description	Characteristics	Objects Of	Reasons For
UV - Mining	UV valued land located outside the gazetted town site which is used primarily for mining purposes and encompasses mining leases, petroleum exploration permits and general purpose mining leases.	To raise additional revenue to contribute towards higher costs associated with mining activity.	<p>The mining sector activities require a greater level of non-exclusive services than pastoral activities in the same location and their impact on the community is of a much greater intensity, particularly given the haulage of heavy machinery through the town and its impact on associated infrastructure and the provision of rest/truck parking areas.</p> <p>The sector is considered to have a greater capacity to pay through rates generally being tax deductible, and therefore the sector should contribute to a greater share of the costs of providing infrastructure across the Shire.</p> <p>Many of the mining tenements have very small values. In order to not only achieve compliance in relation to the number of properties on minimum payments, but to ensure that the minimum payment is reflective of the overall cost of providing services to the community a higher rate in the dollar is imposed.</p>
UV - Mining Vacant	UV valued land located outside the gazetted town site which is used primarily for mining purposes and encompasses exploration and prospecting licences.	To ensure that there is some equity in the application of the rate in the dollar to these licences, a 50% reduction in comparison to the UV Mining rate in the dollar has been applied.	<p>Many of the mining tenements for exploration and prospecting have very small values and with exploration licences, it is understood that there is a requirement for the licence holder to return half of the land back to the State each year, however there is no such requirement for prospecting licences. Exploration and prospecting licences are considered to have a minimal impact on the cost of providing services, facilities and infrastructure across the Shire and could be considered to be vacant land and only when minerals are discovered is it anticipated that the property holder would seek to convert the property into a mining lease.</p>
UV - Other	UV valued land located outside the gazetted town site which is not otherwise rated as Rural Residential, Pastoral, Commercial/Industrial, Rural Agriculture 1, Rural Agriculture 2, Mining or Mining Vacant.	To ensure that all property owners contribute a minimum amount for the provision of services, facilities and infrastructure regardless of property value.	<p>In order to ensure that there is some equity in the application of the minimum payment to these licences, a 50% reduction in comparison to the UV Mining rate in the dollar has been applied.</p>

For the Year Ended 30 June 2016

**8 (a) RATING INFORMATION (Continued) - 2015/16 FINANCIAL YEAR**

**Differential Minimum Payment**

Description	Characteristics	Objects Of	Reasons For
General Minimum	UV valued land located outside the gazetted town site that is zoned Rural Living, Rural Smallholding and Special Rural which is used primarily for or capable of being used primarily for rural residential purposes. Rural residential has the same meaning as the objectives of TPS7 and TPS6 for these Zones.	To ensure that all property owners contribute a minimum amount for the provision of services, facilities and infrastructure regardless of property value.	The minimum payment impacts mainly in the residential category and is imposed as there is a different method used for the valuation of vacant land. It is also to signify that the Council prefers land to be developed. The encouragement of development is strategically important as it has a positive effect on local employment, economic diversity and further community returns from investment in the region.
UV Mining Vacant	UV valued land located outside the gazetted town site that is zoned Rural Living, Rural Smallholding and Special Rural which is used primarily for or capable of being used primarily for rural residential purposes. Rural residential has the same meaning as the objectives of TPS7 and TPS6 for these Zones.	To ensure that all property owners contribute a minimum amount for the provision of services, facilities and infrastructure regardless of property value.	Exploration and prospecting licences are considered to have a minimal impact on the cost of providing services, facilities and infrastructure across the Shire and could be considered to be vacant land and only when minerals are discovered is it anticipated that the property holder would seek to convert the property into a mining lease. In order to ensure that there is some equity in the application of the minimum payment to these licences, a 50% reduction in comparison to the UV Mining rate in the dollar has been applied.

Notes to and Forming Part of the Budget  
 For the Year Ended 30 June 2016

**8 (a) RATING INFORMATION (Continued) - 2015/16 FINANCIAL YEAR**

**Differential General Rates and Minimum Payments**

A Public Notice pursuant to Section 6.36(1) of the Local Government Act 1995 was published in the Kimberley Echo on 21 May 2015.

Submissions from electors and ratepayers were invited up to 4.00pm on 12 June 2015.

After consideration of the public submissions received, the "base" rate in the dollar was reduced by 1.97% down to 4.93%. Each rating category was afforded the same reduction to ensure equity is maintained. The adopted increase of the base rate at 4.93% is consistent with the increase that Council adopted for the 2015/16 fees and charges, and reflected the funding required to undertake the Council's priorities in alignment with the Strategic Community Plan for 2015/16.

## SHIRE OF WYNDHAM EAST KIMBERLEY

### ADOPTED BUDGET 2015-16

#### Notes to and Forming Part of the Budget

#### For the Year Ended 30 June 2016

### 13. INTEREST CHARGES AND INSTALMENTS - 2015/16 FINANCIAL YEAR

An interest rate of 9.0% will be charged on all rate payments which are overdue. It is estimated this will generate income of \$62,688.

#### Payment Options

The Shire of Wyndham East Kimberley offers a number of options for the timing of rates payments, and a number of mechanisms by which payments can be made including Bpay, direct deposit, telephone for credit card payments, and at both the Kununurra and Wyndham Administration Offices.

Four separate options are available to ratepayers for payment of their rates:

#### Option 1 - Full Payment

Full amount of rates and charges including arrears are due and payable on 16 October 2015 or 35 days after the date of service appearing on the rate notice whichever is the later.

#### Option 2 - Payment by Two (2) Instalments

This option allows ratepayers to pay their rates and charges in two equal instalments across the course of the financial year. Instalment reminder notices are issued a minimum of 35 days prior to the instalment due dates.

#### *First Instalment*

The first instalment is to be received on or before 16 October 2015 or 35 days after the date of service appearing on the rate notice whichever is later and include all arrears and one half of the current rates and service charges.

#### *Second instalment*

The second instalment to be made on 19 February 2016 or four months and 35 days from service of rates notice whichever is later.

#### Option 3 - Payment by Four (4) Instalments

The first instalment to be received on or before 16 October 2015 or 35 days after the date of service appearing on the rate notice whichever is later and including all arrears and one quarter of the current rates and service charges. The second, third and fourth instalments are to be made on 18 December 2015, 19 February 2016 and 22 April 2016 or at two month intervals whichever is later.

Instalment interest is charged at a rate of 5.5% p.a. calculated from the date the first instalment is due, along with an administration fee of \$11.30 for each instalment notice (i.e. \$33.90 for Option 3).

The revenue from the imposition of the interest and administration charge under this option is estimated at \$41,151 and is dissected as follows:

	<b>2015/16 Budget</b>
	\$
Charges on Instalment Plan	5,918
Interest on Instalment Plan	35,233
	<u>41,151</u>

#### Option 4 - Payment by Special Arrangement

This option allows ratepayers to request a special payment arrangement where payments may be made on a weekly, fortnightly or monthly basis. All requests for special payment arrangements are subject to approval by the Director Corporate Services or the CEO under delegated authority, or the Council as required.

An initial establishment fee of \$57.60 will apply, along with an administrative charge of \$9.40 for each instalment of the payment arrangement. For the period that the rates and charges remain outstanding, penalty interest of 9.0% will be applied.

## SHIRE OF WYNDHAM EAST KIMBERLEY

### ADOPTED BUDGET 2015-16

#### Notes to and Forming Part of the Budget

For the Year Ended 30 June 2016

#### 14. COUNCILLORS' REMUNERATION

# FEES AND CHARGES SCHEDULE

Fees and Charges are set by the Council as part of the budget setting process and may be amended from time to time.

These Fees and Charges can only be modified by a resolution of Council.

All requests for concessions on Fees and Charges must be in made in advance, in writing. Requests should be addressed to the Chief Executive Officer.

Collection of Fees and Charges will be in accordance with Council Policy. The prescribed rate of 9.0% per annum applies to overdue payment of these charges that are permitted to be invoiced as per Council Policy.

Statutory charges are charges that are set by another legislative body. These have been published in this document for indicative reference only, and may change at any time without this document being amended.

**SCHEDULE II - RECREATION AND CULTURE**

**Notes:**  
 A minimum of 30% discount applies for not for profit groups / non government groups and youth service providers. Rates are calculated from when the group begins to set up, to the time they finish cleaning up. Consecutive hiring days discounts apply (ie: 10% second day, 20% third day, 25% per day thereafter (with the exception of Category 2 Equipment). Conditions of use apply to all Council facilities and equipment.

**Definitions:**  
Not for profit/non government user groups: Where the sum of income generated by the activity is equal to or less than the total cost of the hire fee or other applicable fee; or group is registered as not for profit with the Australian Taxation Office; or incorporated sporting groups or community service organisations (as defined by their constitution).  
Commercial / government / private user groups: All groups not classified as not for profit as defined above; or all government agencies; or any private function not hired on behalf of a group or organisation.  
Hall only: Any activity that takes place that does not require the use of equipment other than the items stated on the hire terms and conditions form, or where this equipment is provided by the hirer.  
Youth Service Providers: All groups that deliver service targeting young people within the age range of 10 to 24; and must be defined as not for profit/non government; or specific registered youth agencies.  
Including equipment: Any activity that requires the use of equipment / items other than those listed in the hall hire terms and conditions, specifically chairs and tables.

**Community and Recreation Facilities and Services**

<b>Hire Bonds</b>			
<i>Note: Bonds apply to ALL facility and equipment hire.</i>
